the building. It is believed that the man suffered stab wounds. (AP Wirephoto)

Tardiness Saves Employer's Life

MONROE, Mich. (AP) — Walter Miller overslept Wednesday and was late for work. It may have saved his life.

Shortly before Miller arrived at his office at the Ven-Dine Co. here, a man he had fired two weeks before came looking for Miller, dressed in hunting clothes and carrying a shotgun. Within moments, a han-

dicapped worker lay dead of multiple wounds, and a policeman was wounded.

The disgruntled employee, a Monroe man, was to be arraigned today on a charge of first-degree murder.

By the time Miller arrived, 20 minutes late, it was all over.

"I definitely feel I would have been killed had I been on time," a shaken Miller said later. "He came to the plant screaming he was going to kill me. I'm usually the first one on the premises. I'm never late. It's a fluke I'm still alive."

Miller is vice president of Ven-Dine, a vending machine firm in this city about 30 miles southwest of Detroit.

James Compura, 19, of Monroe, died in the firm's parking lot, police said. Patrolman Henry Webb, 28, a three-year veteran of the Monroe Police Department, was shot in the thigh. He was listed in good condition late Wednesday at a Monroe hospital. His partner, Barbara Dusseau, 42, escaped injury, although shotgun pellets pierced her tie, authorities said.

The gunman suffered head wounds in the shoot-out. He was treated, and lodged in the Monroe County Jail pending arraignment, authorities said.

Police said Compura, who wore a brace on his hand-dicapped leg, was the first worker to arrive at the firm Wednesday. As he got out of his car, the gunman reportedly drove his car alongside Compura's, got out, and opened fire. The first shotgun blast almost tore off Compura's arm. Police

Chief Paul Peters said. The injured worker tried to flee, but was barred by an 8-foot fence. He was shot in the back and fell dead, Peters said.

The second employee reporting for work, Sewell Collins, was forced toward the building by the gunman, police said. When Collins tried to get inside ahead of the gunman, the man fired at the worker but missed. Collins managed to get inside the building, slammed and locked the door and called police, officials said.

Collins told police the gunman, who was wearing a hunting vest carrying 34 shells, was "screaming he was going to kill Miller and everybody else at Ven-Dine."

The gunman was hiding behind a truck in the parking lot when police arrived. Patrolman Webb was shot while canvassing the area on foot, police said. He managed to fire three times at the gunman while Officer Dusean fired once, wounding the gunman in the head. Other officers took the man into custody.

Miller said the gunman had been fired Feb. 19 for "excessive tardiness." The man, who had been at the company for eight years, showed "no animosity" when fired, Miller said.

"He seems like a decent guy," Miller added. "I was amazed when he came gunning for me."

Witness Doubts Own Testimony

By SCOTT WILLIAMSON
Staff Writer

The key prosecution witness testified yesterday during trial of suspended Niles Patrolman Michael Lewandowski that he "very possibly may have made a mistake" when he implicated Lewandowski during a district court hearing.

The testimony of Myron Olson came during the second day of trial in Berrien Circuit court for Lewandowski, 34, who faces a charge of larceny in a building — the theft of a hot water heater from a house under construction in Niles on Sept. 7, 1973. The charge stems from an investigation by the Berrien citizens' grand jury.

Olson, a former Niles officer testifying under immunity, had testified during Lewandowski's preliminary examination in district court that he and Lewandowski went into a house being built on Sioux trail while on duty and took a new hot water heater that had not yet been installed.

Yesterday, under questioning from Special Assistant Prosecutor Robert McDowell, Olson told the jury he could not remember if Lewandowski was with him or who was with him.

Later, he was asked by Defense Atty. Jerry O'Connor: "Do you now feel you might have made a mistake at the preliminary examination in July, 1976, by identifying Mr. Lewandowski as the officer that

Terrorists Threatening More Death

By BROOKS JACKSON
Associated Press Writer

WASHINGTON (AP) — Machete-wielding terrorists held more than 100 hostages in three buildings today, threatening to chop off heads of captives unless they are allowed to exact revenge against Black Muslim leaders they blame for a mass murder four years ago.

Police and the terrorists were at a standoff after a tense night during which a man who described himself as the leader of the gunmen who had invaded and occupied three buildings talked frequently with reporters by telephone.

City officials said unidentified diplomats were involved in efforts to negotiate with the terrorists.

The gunmen all were believed to be members of the tiny, predominantly black Hanafi Moslem sect. They seized the headquarters of a Jewish social service organization, an Islamic mosque and the District of Columbia City Hall.

During the takeover of City Hall, a black reporter for a Washington radio station was killed and a city councilman and three other persons were wounded. Eight other persons were injured during the takeover of the building housing the headquarters of B'nai B'rith, the Jewish service organization. Three of those eight were still hostages.

Shortly after dawn, the gunmen released a woman from the B'nai B'rith building after they were told she had a heart condition. She was taken to a hospital where a spokesman said she was unharmed.

Police said the men were armed with rifles, shotguns, automatic weapons and machetes.

The siege continued through the night with police uncertain how many hostages were being held and how many terrorists were in the buildings.

The largest group of hostages was being held in the eighth-floor cafeteria of the B'nai B'rith headquarters, seven blocks north of the White House. An official of B'nai B'rith estimated that as many as 118 people were in the hands of the terrorists.

Another 14 hostages were being held at the Islamic Center on Washington's Embassy Row and seven were inside the District Building, located on Pennsylvania Avenue within sight of the White House grounds.

Members of families of the B'nai B'rith hostages waited in the nearby Foundry Methodist Church for some word of the fate of the hostages. The night passed without word.

As the siege wore on, conversations with one of the terrorists and with another Hanafi Moslem had an ominous tone.

In a telephone conversation from the B'nai B'rith building, Khalifa Hamaas Abdul Khaalid, was asked if he would hold out indefinitely. He told an Associated Press reporter, "Don't worry, when the heads start dropping out the window, then you worry."

Abdul Khaalid described himself as the leader of the Hanafi Moslems.

His son-in-law, Abdul Aziz, was contacted in the northwest Washington headquarters of the Hanafi Moslems where the murders took place four years ago. Abdul Aziz told reporters that if the demands of the terrorists were not met, "heads will be chopped off. A killing room will be set up at B'nai B'rith and heads will be thrown out of windows."

Mayor Walter Washington, who had been barricaded in his city hall office for several hours early in the takeover but later escaped the building, said early today that foreign diplomats were involved in discussions

with the Hanafi gunmen. Abdul Khaalid denied any knowledge of such negotiations.

Revenge for the brutal 1973 murders of seven Hanafis, six of whom were Abdul Khaalid's children, appeared to be the principal motive for the sudden

invasion of the three buildings late Wednesday morning. Five Philadelphia Black Muslims were convicted of the 1973 slayings and each was sentenced to 140 years in prison.

WOUNDED COUNCILMAN: District of Columbia City Councilman Marion Barry waves from his bed in a Washington hospital Wednesday following surgery for the removal of a shotgun pellet. He was struck in the chest with the pellet when armed men took over the District Building Wednesday (AP Wirephoto)

Trudeau's Wife Denies Affair

NEW YORK (AP) — Margaret Trudeau, the Canadian Prime Minister's 28-year-old wife, and Mick Jagger of the Rolling Stones both profess to be mystified at rumors they are having an affair. Eating a pretzel as she entered City Center Wednesday night to see Soviet defector Mikhail Baryshnikov dance with the Elliot Feld Ballet, Mrs. Trudeau said she couldn't understand "where anyone could get the idea."

Mrs. Trudeau said she was in New York for a long-planned vacation devoted to photography and the ballet. "I plan to take a lot of pictures while I'm here," she said. She said she was staying with friend Princess Yasmin Khan in Manhattan.

Of Canadian reports that she had come to New York to be with the lead singer of the rock group, Mrs. Trudeau said, "Heavens no!" "I'm very fond of him," she added. "I'd like to think he's a friend, but I hardly know him. After all, I'm a married lady."

At the apartment of his manager, Pete Rudge, Jagger was equally befuddled by the reports that he and Mrs. Trudeau came here together. "I'm in New York to be with my wife and my daughter," he said. "We weren't even on the same plane from Canada. Her flight was hours before mine."

The rumors flew after Mrs. Trudeau spent the weekend in Toronto attending a Rolling Stones concert and recording session and a party that followed. There was press criticism in Canada, where another member of the group, Keith Richards, is facing drug charges.

Jagger said Wednesday that "Margaret Trudeau is a very attractive and nice person, but we are not having an affair." Jagger said Mrs. Trudeau asked if she could come to the recording session in Toronto and "it would have been discourteous to say no — and anyway, why not?"

The Prime Minister was quoted as telling an inquisitive Canadian radio reporter that his wife's whereabouts were "none of your damn business."

Were it left to me to decide whether we should have government without newspapers or newspapers without government, I should not hesitate to prefer the latter. — Thomas Jefferson.

Good Idea For Congress To Study IRS Project

Individual members of Congress increasingly have shown concern about the propensity of federal agencies for collecting personal data on citizens in extensive computer systems. The concern, of course, is over the security of this confidential information and the uses made of it.

One of the most elaborate such systems proposed to date has come before Congress for funding. It is a proposal by the Internal Revenue Service to install an elaborate new computer system (potential cost — \$1 billion) which would make the individual income tax returns of every American instantly available on thousands of terminals in IRS offices.

The purpose, according to the IRS,

is better service for taxpayers and "a more efficient tax system." At what cost to the potential intrusion on taxpayer confidentiality is the question Congress will have to answer.

Congress' Office of Technology Assessment has shown a healthy skepticism toward the IRS proposal, suggesting that hearings be held to answer questions about privacy and confidentiality before the project is funded. The panel warns that the proposed system "may offer resources for surveillance, through identification and location of people, that could prove irresistible, or at least highly tempting to future Congresses, Presidents and federal agencies."

Lifting Cuba Travel Ban Is Reversal For Carter

For the past two years, the governments of Cuba and the United States have shown cautious interest in resuming normal relations after nearly two decades of mutual hostility. In July 1975, for example, this country voted with a majority of the member nations of the Organization of American States to end the group's ban on political and trade relations with Cuba. Fidel Castro's government responded the following month by returning almost \$2-million in ransom money that Southern Airways had paid in 1972 to three skyjackers who flew to Havana.

Yesterday, U.S. President Jimmy Carter availed himself of an opportunity for another conciliatory gesture. He announced the end of the ban on American travel to Cuba and three other Communist nations.

The ban will be lifted, effective March 18, on travel to Vietnam, North Korea and Cambodia, as well as Cuba. But if for no other reason than proximity, removal of the prohibition will be much more important to Cuba than the other three countries. Fifty new hotels are under construction on the Caribbean island, and the country has a goal of 300,000 tourists a year by 1980. Before Castro came to power on New Year's Day 1959, American tourists were a mainstay of the Cuban economy.

Even after the travel ban is lifted, several other disputes must be resolved before the two countries can think of resuming diplomatic relations. Havana is demanding an end to the U.S. trade embargo, which it considers an act of aggression, as the first step toward normalization.

At a meeting with Agriculture Department employees on Feb. 16, President Carter laid down his set of conditions, which included removal of Cuban troops from Angola and greater respect for Cuban citizens' human rights. Recent reports that Cuban advisers and technicians have been sent to Uganda to help train President Idi Amin's army represent still another obstacle to improved relations between the United States and Cuba.

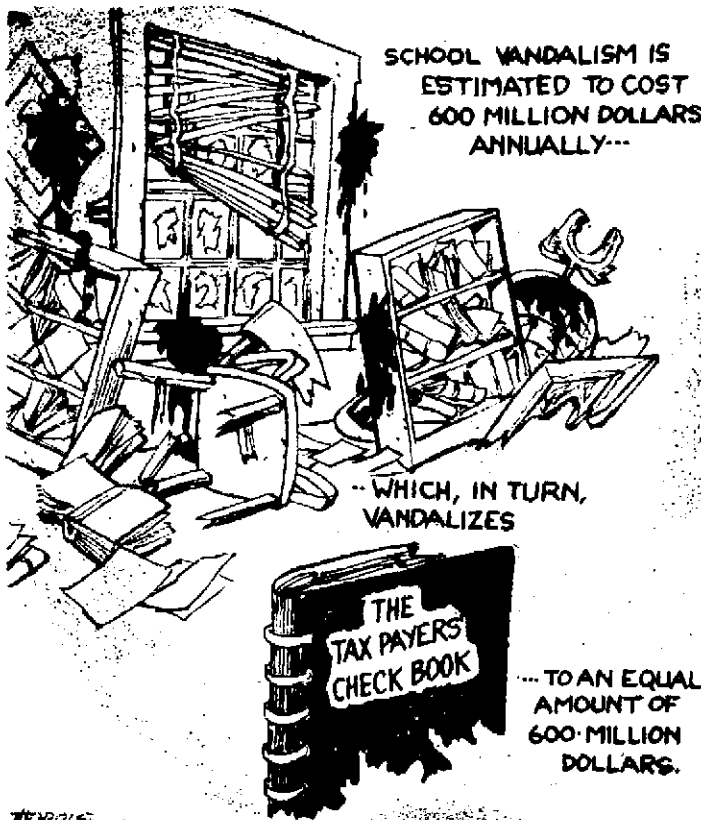

On balance, a relaxation in the U.S. attitude toward Cuba would seem to be more in the interests of the Soviet Union and Cuba than of the United States. Trade with this country would give Castro sorely needed hard currency with which to purchase industrial goods and commodities beyond the Soviet bloc. A prime example would be Venezuelan oil. The Russians would welcome the financial relief such an arrangement would afford them. Moreover, diplomatic recognition by the United States would considerably bolster Castro's international standing.

The benefits to the United States are less evident. It has been suggested that improved U.S.-Cuban relations would halt the massive Soviet penetration in the Castro government. Some State Department officials say, however, that resumption of commercial and diplomatic relations would give the United States very little leverage over Cuba's internal affairs and could, in fact, give Castro enough leverage to play the United States against Russia in a dangerous manner.

In any event, Carter's present position is in sharp contrast to the stand he took last fall. He said in a campaign speech in Kansas City that he saw no immediate prospect for normalizing relations with Cuba, and "I don't advocate that as a goal in the foreseeable future."

Mexican President Jose Lopez Portillo, who visited Carter in Washington last month, may have influenced his host's thinking about Cuba. He publicly offered his country's good offices toward effecting a U.S.-Cuban reconciliation and declared that "there seems to be good will on both sides."

Lesson In Simple Arithmetic!

EDITOR'S MAILBAG

PROTESTS BENTON POLICE CUTBACK

Editor,

As a concerned taxpayer in Benton Township, I wish to have the news media investigate the rumor on the possible layoff of six of our certified police officers, surely this cannot be true for it involves a 35 per cent (patrol vehicle assigned officers) reduction in crime coverage. Now in view of the fact that the Chief of Police has cited his department with two record years of crime prevention, arrests made, traffic citations and in general excellent law enforcement, I feel this would be grossly unjust to the voters and taxpayers of this community. Of course it can be justified if someone will please order a like 35 per cent reduction in crime.

A part of the rumor also involves a lack of funds to continue wages at the present force level. Now this too is hard to believe, but I would like to pose one possible solution. It is my understanding that monies from

traffic fines and such do not go back into the township police fund but instead go to the county and state coffers, and that a proposal to stop this floodgate and get local utilization of this money has been sat on by our elected officials. Is this true?

I do hope and pray that the present contract negotiations for these fine officers will resolve this matter. But it seems that one of the stumbling blocks with this group has to do with compelling all officers to become township residents. I would think the Chief would fight this matter. To insist on residency from future officers, yes, but not impose a financial and social burden on men that have shown devotion to their job.

Primarily, though, this business of layoffs is not in the best interests of the voters and taxpayers. We have paid for the education and experience of these men and to offer their services for free to another community and reduce our pro-

tection will stick well in the minds of all come next election.

SAVES PUBLICITY AIDED GEM SHOW

Editor,

Our thanks to you and to all who helped to publicize our recent gem and mineral show and make it a grand success! We welcomed about 2,500 visitors during the two days!

Our visitors selected their two favorite exhibits by casting ballots, and the winners were: 1. No. 16, Robert Sherwood of Holland, with his case of agates and crystals, and 2. No. 70, Mr. and Mrs. Richard Miller, St. Joseph, with their objects d'art made of Kona dolomite. The winners received trophies made by Merle VanDeWarker of Eau Claire, awards chairman.

Again, our sincere thanks! Without the news media, we couldn't even have a show!

J. H. Miller
Publicity Director
Blossomland Gem
And Mineral Society
St. Joseph

Do You REMEMBER?

— 10 Years Ago —

John King of Sodus was named southwestern Michigan's Outstanding Young Farmer of the year at a district Jaycee banquet last night in the Youth Memorial Building, Berrien Springs. The runner-up was Richard Peterson, 30, of Bangor.

— 25 Years Ago —

A near traffic jam developed on Pine street in St. Joseph Sunday as hundreds drove to the lake front area to see the effects of shore erosion due to extremely high water and winter storms. An unpaved roadway put down to replace the former brick street along the shore in St. Joseph's waterworks park is now the only access to the water plant itself, the original roadway having been washed out completely.

— 50 Years Ago —

Everybody knows and loves Rin-Tin-Tin, the famous police dog of the movies, the dog that has made the world gasp with his prowess and intelligence. Jerry, St. Joseph Mayor King's new dog, is Rin-Tin-Tin's grandson and a chip off the old block, as the butcher said to the customer who complained of a silver in his hamburger. Jerry hasn't been in the films, but he's only two and a half months old, and Mary Pickford wasn't camera-broke at that age either.

Formal opening of the St. Joseph Elks' new temple at the corner of State and Broad streets has been tentatively set for the latter part of the month, possibly on March 24.

By the retirement of William Brown as the active head of the twin city Brown Ice & Coal Co., who has acted for 40 years in this capacity, the reins of the company are turned over to his two nephews, Clarence O. Brown, in control of the Benton Harbor office and yards, and

O.D. Brown, as the St. Joseph manager.

— 75 Years Ago —

With a membership of 150 the laboring men of Benton Harbor who work by the day organized under the American Federation of Labor Saturday evening. The meeting in the central labor hall was attended by over 200 laborers, many of whom were obliged to stand in order to crowd into the room. Robert G. Nesbitt, organizer for the American Federation of Labor, was the moving spirit and briefly told the men the object of their organization. Rev. A.K. Beem made a forcible speech in favor of all laboring men. F.E. Hepler, Rev. W.H. Brown, Attorney H.S. Whitney and G.W. Ayers in short addresses urged the men to unite for their own protection.

BRIDGMAN ROOTER CRITICIZES OFFICIATING

Editor,

Have you ever tried playing a basketball game when the teams are seven to five? Five players and two officials against the other five players. That's what the Covert vs. Bridgman game was like. Bridgman didn't have a very good chance to win, they were playing against two officials, besides, the Covert team. Bridgman players were getting "mauled", and the officials didn't call three-fourths the fouls Covert deserved. It's a shame that a basketball game can't be called right. It makes me sick, really. Bridgman could have won if it wasn't for those officials.

Carter's Past His Prologue?

WASHINGTON — The title of the 7,000-word study is "Appraising the Carter Administration." Such an undertaking may seem quite premature, but in this case the "Carter Administration" being analyzed is the one headed by the governor of Georgia from 1971 to 1975.

The study of Jimmy Carter's stewardship in the state house is of particular value because the nation's new President already has shown himself to be a man who believes in "Shakespeare's observation that 'what's past is prologue.'"

Just as gubernatorial candidate Carter campaigned throughout Georgia in 1970 by inveighing against the "Atlanta establishment," presidential candidate Carter campaigned across the nation in 1976 by denouncing the "Washington establishment."

To trim the spiraling costs of providing government services, both the governor and President proposed "zero-based budgeting." And in both incarnations, Carter offered "reorganization" as his custom-tailored solution to the problem of an unmanageable government bureaucracy.

It is the reorganization of Georgia government which is the principal focus of "Appraising the Carter Administration," written by T. McN. Simpson III, a long-time Carter-watcher who is an associate professor in the Department of Political Science at the University of Tennessee in Knoxville.

A brief excerpt from Simpson's account of what transpired in Atlanta in the early 1970s: "The marshalling of legislative support was large and systematic. Senators, representatives and county commissioners were invited to dinners at the Governor's Mansion to hear explanations of the plan..."

"Even so, the plan ran into trouble on several points during the legislative process in 1972."

Forestry was cut loose from the Department of Natural Resources. Corrections and Probation were separated from the Department of Human Resources, but were combined in a new Department of Offender Rehabilitation...

"After a struggle, Carter did, as he claimed, get most of his plan for executive reorganization adopted. (But) he acquired in doing so a reputation for unwillingness to compromise. Even some friendly legislators alluded to his background as a naval officer in partial explanation of his tactlessness with them. They also said that his youthful aides often stepped on legislators' toes needlessly."

Allegations of tactlessness and toe-stepping on the part of a brash Carter staff already are commonplace on Capitol Hill, and the battles over both reorganization authority and the specifics of the President's plans are yet to come.

Moreover, Carter may not fare as well in Washington as in Atlanta because here he faces a more entrenched bureaucracy and a more powerful legislature — both infamous for jealously guarding their prerogatives.

But Carter could well lose the battle and win the war. Simpson suggests that the Georgia reorganization "may have been a technique for delivering a political message" and he notes that Carter made highly effective use of the issue primarily as "a symbol to rally a maximum of support" from a broad coalition of businessmen, minority groups and middle-class citizens.

Perhaps most significantly, Simpson found that when Georgians were asked to identify Carter's greatest contribution to state government, they invariably cited "reorganization." But when Jody Powell, Carter's chief spokesman then and now, was asked the same question, he responded: "We have broken the back of the old way of doing things."

Jeffrey Hart

The Big Soviet Olympic Rip-Off

According to Lenin, the capitalists would sell to the Revolution the rope to hang them with.

NBC has now rendered Lenin obsolete. By paying Moscow a reported \$80 million plus other rewards for the 1980 Olympic TV contract, NBC has provided a nice piece of rope and paid Moscow for accepting it.

The old "Robber Baron" capitalists must be spinning in their graves like so many tops.

Suppose, for example, that NBC, ABC and CBS had got together informally and agreed not to pay Moscow a cent for the Olympic contract. Without global TV coverage, the Moscow games would lose most of their intended propaganda value. Only the U.S. networks possess the expertise and the equipment necessary for global impact. The Soviets would have beat a quick path to the networks' doors, begging for the coverage, maybe even paying for it.

But instead of driving a tough bargain, the networks fell all over themselves bidding up the price. Now NBC has won the prize, at a cost of \$80 million, plus an agreement to leave in Russia all the sophisticated television equipment used there — equipment the Soviets themselves cannot begin to produce.

The 1980 Olympics in Moscow will be the biggest totalitarian propaganda bonanza since the 1936 Olympics in Berlin — architectural setting by Albert Speer, special effects and cinema by Leni Riefenstahl, stirring tunes by Richard Strauss.

It would even be surprising if anything particularly objectionable to the Soviets appeared on NBC between now and 1980. With the implicit threat hanging in the background, the Kremlin has the network just about in its back pocket.

Of course, the Communist will sweep the medals. The USSR, East Germany, Cuba and other delightful places feature vast state-run athletic programs

which select and train masses of athletes practically from the cradle onward.

Notice that NBC will be providing ideal respectable "cover" for this propaganda spectacle. Even if Soviet TV could somehow manage the technical end of the job, Soviet TV would be automatically suspect. NBC, serving as a propaganda conduit, will provide the credibility. Nothing quite like this has ever happened: a Soviet propaganda extravaganza midwived by an American TV network that is paying for the privilege of being so useful.

Suckers! Maybe you really do deserve to be consigned to what Karl Marx referred to as "the dust-bin of history."

I suggest that a massive and determined protest be mounted against this entire outrage. Anyone concerned about freedom, about dissidents, Baptists, Jews — all such people have a stake in this issue. Corporations administration has to consider the implications of Soviet leverage over U.S. network programming.

Finally, a strong moral and political case can be made for U.S. and other athletes boycotting the Moscow show. If enough athletes did just that, NBC's \$80 million would not be worth a plugged ruble.

British Battle Smoke Habit

LONDON (AP) — The British government has launched a campaign to create a national "non-smoking environment" and fight lung cancer.

Among other things, the program bans all advertising of high-tar cigarettes; requires cigarette packages to be labeled "cigarettes can seriously injure your health"; and bans the introduction of new brands with high or middle-to-high tar levels.

Hardiness Saves Employer's Life

ST. JOSEPH, Mich. (AP) — Walter Miller overslept Wednesday and was late for work. It saved his life.

Before Miller arrived at the Ven-Dine Co. plant, a man he had fired two years before came looking for a job. He was dressed in hunting clothes and carrying a shotgun. Moments later, a hand-

dicapped worker lay dead of multiple wounds, and a policeman was wounded.

The disgruntled employee, a Monroe man, was to be arraigned today on a charge of first-degree murder.

By the time Miller arrived, 20 minutes late, it was all over.

"I definitely feel I would have been killed had I been on time," a shaken Miller said later. "He came to the plant screaming he was going to kill me. I'm usually the first one on the premises. I'm never late. It's a fluke I'm still alive."

Miller is vice president of Ven-Dine, a vending machine firm in this city about 30 miles southwest of Detroit.

James Compura, 19, of Monroe, died in the firm's parking lot, police said. Patrolman Henry Webb, 28, a three-year veteran of the Monroe Police Department, was shot in the thigh. He was listed in good condition late Wednesday at a Monroe hospital. His partner, Barbara Duseau, 42, escaped injury, although shotgun pellets pierced her tie, authorities said.

The gunman suffered head wounds in the shoot-out. He was treated, and lodged in the Monroe County Jail pending arraignment, authorities said.

Police said Compura, who wore a brace on his handicapped leg, was the first worker to arrive at the firm Wednesday. As he got out of his car, the gunman reportedly drove his car alongside Compura's, got out, and opened fire. The first shotgun blast almost tore off Compura's arm. Police

Chief Paul Peters said. The injured worker tried to flee, but was barred by an 8-foot fence. He was shot in the back and fell dead, Peters said.

The second employee reporting for work, Sewell Collins, was forced toward the building by the gunman, police said. When Collins tried to get inside ahead of the gunman, the man fired at the worker but missed. Collins managed to get inside the building, slammed and locked the door and called police, officials said.

Collins told police the gunman, who was wearing a hunting vest carrying 34 shells, was "screaming he was going to kill Miller and everybody else at Ven-Dine."

The gunman was hiding behind a truck in the parking lot when police arrived. Patrolman Webb was shot while canvassing the area on foot, police said. He managed to fire three times at the gunman while Officer Duseau fired once, wounding the gunman in the head. Other officers took the man into custody.

Miller said the gunman had been fired Feb. 19 for "excessive tardiness." The man, who had been at the company for eight years, showed "no animosity" when fired, Miller said.

"He seems like a decent guy," Miller added. "I was amazed when he came gunning for me."

Witness Doubts Own Testimony

By SCOTT WILLIAMSON
Staff Writer

The key prosecution witness testified yesterday during trial of suspended Niles Patrolman Michael Lewandowski that he "very possibly may have made a mistake" when he implicated Lewandowski during a district court hearing.

The testimony of Myron Olson came during the second day of trial in Berrien Circuit court for Lewandowski, 34, who faces a charge of larceny in a building — the theft of a hot water heater from a house under construction in Niles on Sept. 7, 1973. The charge stems from an investigation by the Berrien citizens' grand jury.

Olson, a former Niles officer testifying under immunity, had testified during Lewandowski's preliminary examination in district court that he and Lewandowski went into a house being built on Sioux trail while on duty and took a new hot water heater that had not yet been installed.

Yesterday, under questioning from Special Assistant Prosecutor Robert McDowell, Olson told the jury he could not remember if Lewandowski was with him or who was with him.

Later, he was asked by Defense Atty. Jerry O'Connor: "Do you now feel you might have made a mistake at the preliminary examination in July, 1976, by identifying Mr. Lewandowski as the officer that

Terrorists Threatening More Death

By BROOKS JACKSON
Associated Press Writer

WASHINGTON (AP) — Machete-wielding terrorists held more than 100 hostages in three buildings today, threatening to chop off heads of captives unless they are allowed to exact revenge against Black Muslim leaders they blame for a mass murder four years ago.

Police and the terrorists were at a standoff after a tense night during which a man who described himself as the leader of the gunmen who had invaded and occupied three buildings talked frequently with reporters by telephone.

City officials said unidentified diplomats were involved in efforts to negotiate with the terrorists.

The gunmen all were believed to be members of the tiny, predominantly black Hanafi Moslem sect. They seized the headquarters of a Jewish social service organization, an Islamic mosque and the District of Columbia City Hall.

During the takeover of City Hall, a black reporter for a Washington radio station was killed and a city councilman and three other persons were wounded. Eight other persons were injured during the takeover of the building housing the headquarters of B'nai B'rith, the Jewish service organization. Three of those eight were still hostages.

Shortly after dawn, the gunmen released a woman from the B'nai B'rith building after they were told she had a heart condition. She was taken to a hospital where a spokesman said she was unharmed.

Police said the men were armed with rifles, shotguns, automatic weapons and machetes.

The siege continued through the night with police uncertain how many hostages were being held and how many terrorists were in the buildings.

The largest group of hostages was being held in the eighth-floor cafeteria of the B'nai B'rith headquarters, seven blocks north of the White House. An official of B'nai B'rith estimated that as many as 118 people were in the hands of the terrorists.

Another 14 hostages were being held at the Islamic Center on Washington's Embassy Row and seven were inside the District Building, located on Pennsylvania Avenue within sight of the White House grounds.

Members of families of the B'nai B'rith hostages waited in the nearby Foundry Methodist Church for some word of the fate of the hostages. The night passed without word.

As the siege wore on, conversations with one of the terrorists and with another Hanafi Moslem had an ominous tone.

In a telephone conversation from the B'nai B'rith building, Khalifa Hamaas Abdul Khaalil, was asked if he would hold out indefinitely. He told an Associated Press reporter, "Don't worry, when the heads start dropping out the window, then you worry."

Abdul Khaalil described himself as the leader of the Hanafi Moslems.

His son-in-law, Abdul Aziz, was contacted in the northwest Washington headquarters of the Hanafi Moslems where the murders took place four years ago. Abdul Aziz told reporters that if the demands of the terrorists were not met, "heads will be chopped off. A killing room will be set up at B'nai B'rith and heads will be thrown out of windows."

Mayor Walter Washington, who had been barricaded in his city hall office for several hours early in the takeover but later escaped the building, said early today that foreign diplomats were involved in discussions

with the Hanafi gunmen. Abdul Khaalil denied any knowledge of such negotiations.

Revenge for the brutal 1973 murders of seven Hanafis, six of whom were Abdul Khaalil's children, appeared to be the principal motive for the sudden

invasion of the three buildings late Wednesday morning. Five Philadelphia Black Muslims were convicted of the 1973 slayings and each was sentenced to 140 years in prison.

Trudeau's Wife Denies Affair

NEW YORK (AP) — Margaret Trudeau, the Canadian Prime Minister's 28-year-old wife, and Mick Jagger of the Rolling Stones both profess to be mystified at rumors they are having an affair. Eating a pretzel as she entered City Center Wednesday night to see Soviet defector Mikhail Baryshnikov dance with the Eliot Feld Ballet, Mrs. Trudeau said she couldn't understand "where anyone could get the idea."

Mrs. Trudeau said she was in New York for a long-planned vacation devoted to photography and the ballet. "I plan to take a lot of pictures while I'm here," she said. She said she was staying with friend Princess Yasmin Khan in Manhattan.

Of Canadian reports that she had come to New York to be with the lead singer of the rock group, Mrs. Trudeau said, "Heavens no!" "I'm very fond of him," she added. "I'd like to think he's a friend, but I hardly know him. After all, I'm a married lady."

At the apartment of his manager, Pete Rudge, Jagger was equally befuddled by the reports that he and Mrs. Trudeau came here together. "I'm in New York to be with my wife and my daughter," he said. "We weren't even on the same plane from Canada. Her flight was hours before mine."

The rumors flew after Mrs. Trudeau spent the weekend in Toronto attending a Rolling Stones concert and recording session and a party that followed. There was press criticism in Canada, where another member of the group, Keith Richards, is facing drug charges.

Jagger said Wednesday that "Margaret Trudeau is a very attractive and nice person, but we are not having an affair." Jagger said Mrs. Trudeau asked if she could come to the recording session in Toronto and "it would have been discourteous to say no — and anyway, why not?"

The Prime Minister was quoted as telling an inquisitive Canadian radio reporter that his wife's whereabouts were "none of your damn business."

Three Delinquent Dads Draw Jail Terms

By SCOTT WILLIAMSON
Staff Writer

Three fathers owing child support totaling more than \$10,000 were sentenced to jail this week in Berrien Circuit court, while another father avoided a jail term by paying off the full arrearage. Six other fathers, delinquent to the tune of \$11,371, were put on probation and ordered to make payments. Edward Pastrick, chief investigator for the Berrien friend of the court's office, reported:

John Gentry, of 460 Pipestone street, Benton Harbor, had a previous probation revoked by Judge William S. White and was sentenced to 90 days in jail for \$6,587 arrears for two children on ADC. Pastrick said Gentry has made 27 weekly support payments

since March, 1971, with the last payment in March, 1973. Garland Johnson, of 331 Walnut avenue, Benton township, got 30 days in jail from Judge John E. Hughes for \$896 arrears for one child on ADC. Johnson was also held in contempt of court and placed on two years probation, and told to pay \$7 weekly support and \$5 weekly on the arrearage when released from jail. Pastrick said Johnson has not made a support payment since September, 1974.

Mallory Brown, of 169 North Winans street, Benton Harbor, was placed on two years probation by Judge Chester J. Byrns and sentenced to 10 weekends in jail for \$2,763 arrears for six children on ADC. The judge noted the jail term can be dismissed if Brown pays \$500 on the arrearage, but also warned that for every payment missed, he will spend one weekend in jail. Charles E.

Armstrong, of South Haven, avoided a 90-day jail sentence from White by paying off the entire arrearage of \$270 for one child on ADC.

Held in contempt of court and placed on two years probation by White were: Paul Kutz, of Niles, for \$4,487 arrears for four children not on ADC. He was ordered to sign a wage assignment of \$48 weekly support and \$10 weekly on the arrears, and threatened with four months in jail if two payments are missed.

John Shingledecker, of 2999 Naomi road, Sodus, for \$1,050 arrears for two children on ADC. He was ordered to sign a wage assignment of \$15 weekly support and \$10 per week on the arrearage. Patrick Chandler, of 1158 Highland avenue, Benton

township, for \$154 arrears for one child on ADC. He was told to pay \$5 weekly support and another \$5 towards the arrearage. Robert Madron, of Decatur, for \$3,923 arrears for one child not on ADC. He was told to pay \$15 weekly towards the arrearage, but because the child has reached 18 no more support is required.

David Edmundson, of Eau Claire, was placed on one year probation by White for \$278 arrears accrued for one child. He was told to pay \$5 a week until the arrearage is paid in full, but no support was ordered since he and the wife have reconciled. Pastrick said Lawrence A. Hopkins, of Thornton drive, Stevensville, was placed on two years probation by Byrns for \$1,429 arrears for one child not on ADC and ordered to pay \$12 weekly support and \$2 per week on the arrearage.

Foundation Chief Scorns Nationalized Health Care

BY RALPH LUTZ
Staff Writer

Health care in the United States this year will cost about \$160 billion—up \$40 billion from 1975, John H. Knowles, M.D., president of the Rockefeller foundation, told some 175 people at the monthly session of the Economic Club of Southwestern Michigan last night.

However, Knowles, former general director of Boston's Massachusetts General hospital, warned against total nationalized health care such as Great Britain adopted 1948. He

also urged people to help themselves.

"Ninety-nine per cent of us are born healthy, but are made sick by environment, personal problems and what we eat," he said.

The meeting at Ramada Inn Benton township was the first of the 1976-77 for the Economic club which had other sessions canceled by speakers unable to appear and the weather.

On nationalized health care, Knowles said he supports only two areas:

—State-operated Medicaid in-

surance for the indigent should be federalized for purposes of uniform coverage. He supported the federal Medicare plan for elderly.

—The federal government should mandate "catastrophic" insurance coverage, not included in many health insurance plans. Knowles said 110 million Americans, or about half the population don't have "catastrophic" coverage.

"That is as far as I will go," in support of national health insurance, Knowles said. Knowles praised President Jimmy

Carter for "not rushing to the clarion calls" for national health insurance. He said no one, including the president, understands what such insurance would encompass.

As to staggering costs, Knowles said a large amount is for people over 65—about 10 per cent of the population and one-fourth of the cost. Knowles had advice for all:

He said all should reduce salt and carbohydrate intake, as well as fat. He said too many are obese, because they don't eat properly and take proper exercise.

Noise and air pollution were cited as environmental problems.

Knowles also said he personally doesn't believe in use of pills. He frowned on contraceptive pills and also on hormone drugs for females during menopause.

Some vitamins, properly taken, are all right with Knowles, who added that he takes a couple of aspirin nightly.

A member of the audience asked Knowles about prospects of banning smoking, because of offensive odors and possible dangers.

Knowles said he doesn't think smoking is good for the health, but smelling the smoke of others' cigarettes probably wouldn't harm anyone. Knowles said he is afraid of too much legislation because of offensive matters. "You can't be happy under fascism," he said.

Asked by another citizen about more medical schools to alleviate a shortage of doctors, Knowles said 20 new ones have been started and some existing ones have expanded classes. Knowles said many doctors are not distributed over the nation properly and there actually may be an over-supply of surgeons today.

During a press conference, Dr. Knowles described the Rockefeller foundation as the nation's third largest, with assets of \$850 million. He said it follows the Ford foundation at \$2 billion, and the E.I. Lilly foundation at \$950 million.

The Rockefeller foundation was established in 1913 by the late John D. Rockefeller, founder of Standard Oil Co. It originally held \$200 million, all in Standard Oil stock. Dr. Knowles said this has grown to \$850 million mostly through diversified stocks, 70 per cent. About 40 per cent is Exxon, Dr. Knowles said. Fixed assets, such as bonds, comprise the remainder. The foundation annually awards about \$45 million in grants.

Dr. Knowles said about 60 per cent of annual disbursements are international, in areas of health, agriculture, education and environment matters.

Here's Right Number For BH Callers

The correct telephone number to report any problems with streets or rubbish collection in Benton Harbor on nights and weekends is 827-3357. The number for the special answering service was incorrectly reported in the March 8 edition of The Herald-Palladium. During regular business hours, residents should call city hall and ask for extension 61 to report any problems.

PHYSICIANS MEET: Dr. John H. Knowles, president of Rockefeller foundation, is flanked by Dr. Bouton F. Sowers (left) who formerly practiced in Benton Harbor, and Dr. Gerald Beal, of St. Joseph. Occasion last night was meeting of Economic Club of Southwestern Michigan. Knowles, 50 of New York City, was guest speaker. He formerly was director of Boston's Massachusetts General hospital. (Staff photo)

Gobles Sewage Project Estimate Is \$5.5 Million

GOBLES — A sewer collection and treatment system for the Gobles area would cost about \$5.5 million, a representative of a Kalamazoo engineering firm told about 50 people at a public hearing here last night.

Projected individual costs would be about \$2,000 to \$2,500 initially, with monthly costs varying from \$12 to \$26, Karl Freed, a spokesman for Gove Associates said.

The firm has just completed a \$30,000 sewer feasibility study involving Gobles city, and portions of Almena, Bloomingdale and Pine Grove townships.

Freed told those at the meeting that individual governmen-

tal units must decide now whether to continue with Step II, formal design of a sewer system.

Freed said that if a decision is made to go ahead with sewer construction, about 80 to 70 per cent of construction costs would be paid for by state and federal grants.

Besides sewer collection lines, he said, also involved would be a wastewater treatment plant using land disposal, with the plant most likely located northeast of Gobles.

He said discharged treated effluents into the Paw Paw river would not be economically favorable.

The system would serve 2,100 people now and about 2,600 by the year 2000, Freed said.

Costs to users for construction, operation and maintenance would vary, he said, but Freed estimated they would be \$12 to \$20 monthly for people in Gobles; \$19 to \$26 for Mill lake residents; \$18 to \$26 for Brandywine lake; and \$17 to \$25 for people in the North lake and Kendall areas. Part of the projections would be met through a yearly special assessment.

Users would also have to pay for hookup of the systems to their homes.

Lincoln Sewage System Gets Berrien BPW Okay

A sewage collection system for portions of Lincoln township which already have municipal water gained the approval of the Berrien county board of public works (BPW) Wednesday.

The BPW went on record recommending the county board of commissioners accept the project and authorize the BPW to begin planning, design, and financing for the system.

Public Works Director Robert Barnes said the proposal will probably be presented to the county board at its March 17

meeting. If approved, the BPW would then oversee all phases of the project, including issuing bonds to finance the township's share.

The Lincoln township board previously estimated the project would cost some \$9.4 million. Barnes noted the township would be responsible for paying

for the collection system, but he said federal and state grants are anticipated. The amount of bonds needed won't be known until engineering and design reports, currently underway,

are finished, Barnes said.

Barnes added construction would be for a collection system for areas in the township which now have municipal water, and the new system would tie into the Lincoln-St. Joseph township Hickory creek interceptor, which connects with the Twin Cities sewage treatment plant in St. Joseph.

He said the interceptor has the capacity to handle the new collection system. Barnes noted it was too early to predict starting dates or how long the system would take to complete.

BHPD AWARD WINNERS: The Benton Harbor police department handed out its 1976 awards for policemen and citizens last night. Awarded certificates were, from left: Det. Lt. Alfred Edwards and Det. Sgt. Sam Watson, of criminal investigation section, who accepted the Unit of Year award for their section; Columbus Franklin, 377 Morton avenue, Benton Har-

bor, Citizen of Year; and Cleatus Neel, 3187 Townline road, Benton township, Businessman of Year. Unable to attend awards dinner were Det. Tom Schadler, Officer of Year, and Mark Hochmuth, a crime prevention specialist named Civilian Employee of Year. (Staff photo)

Trooper Captain Praises Benton Harbor's Police

By NICK SMITH
Staff Writer

Capt. William Chandler, commander of Fifth District Michigan State police, last night praised the Benton Harbor police department for curbing crime and getting residents interested in improving their city.

Chandler spoke during the Benton Harbor police department's third annual awards dinner at Louie's Cafe, Benton township. Chandler's district includes six state police posts in southwestern Michigan.

"Police agencies, . . . by relating more directly to the communities they serve, can make a positive contribution to a better way of life, and Benton

Harbor (police force) has certainly demonstrated leadership in this endeavor," Chandler said.

Chandler said citizens "respond by supporting their police force and by becoming involved in a positive way."

Again, the declining crime index in Benton Harbor is evidence of this.

Chandler said Andrew Rodez, Benton Harbor police chief, has involved the community with programs like the crime prevention unit and block clubs. Regarding the healthy effect the police department has had on the community under Rodez, Chandler said "I know of no department that has done more than Benton Harbor."

Rodez said the department has eight community service officers who handle routine police matters, freeing veteran officers to concentrate on criminal matters. He, too, praised the city's police. "We're becoming the top police department in the Twin Cities area," Rodez said.

Rodez presented the Citizen of the Year award to Columbus Franklin, of 377 Morton avenue, Benton Harbor. The chief said Franklin has reported crimes in progress to the department on more than one occasion.

"For a long time, it was a

very scarce thing for a citizen to come out of his shell and help police, but maybe there is a turn in law enforcement," Rodez said of Franklin.

Businessman of the Year was Cleatus Neel, an auctioneer who Rodez said volunteers his time to conduct the annual department property auction. He operates Neel's Auctioning service in Benton township.

Det. Tom Schadler, who according to Rodez "exemplifies what a policeman is all about," was named the department's Officer of the Year.

The department's Unit of the Year was the criminal investigation section, headed by Det. Lt. Alfred Edwards and Det. Sgt. Sam Watson. During the year the detectives "brought some very serious criminals to justice," said Rodez, including three men indicted by the county grand jury and convicted of the 1973 slaying of Sam Baum, Benton Harbor grocery store owner.

The department's Civilian Employee of the Year award went to Mark Hochmuth, a crime prevention specialist.

Berrien To Receive 1976 Time Capsule

A time capsule containing souvenirs and data from Berrien county Bicentennial projects will be presented at the final meeting of the county Bicentennial commission on Tuesday, March 15, at 4 p.m. in the original courthouse at Berrien Springs.

The time capsule will be presented to Mrs. Nancy Clark, chairman of the county board of commissioners. Plans are for the capsule to be stored in a vault in the office of the Berrien

Register of Deeds and to be opened at the time of the Bicentennial in 2076.

Probate Judge Donald J. Dick and Mrs. Harry Lally are co-chairmen of the time capsule project.

Also on the agenda for the meeting will be a report of LaSalle Expedition II.

Dr. A.S. Mowery, executive director of the Bicentennial commission, said the public is invited to attend the meeting.

New Van Buren Program Forces Parents To Pay

PAW PAW — Parents of some minors brought into Van Buren juvenile court will soon be forced to pay for some of the care required by their children.

Van Buren Probate Judge Frank D. Willis, in a statement issued yesterday, explained the program funded for the first

CB Stolen

COLOMA — Steven Carter, 6304 Keigley street, Coloma, told Coloma township police yesterday that the citizens band radio in his car had been stolen sometime between Tuesday night and yesterday morning. The radio's value was reported to be \$109.

time by the county board of commissioners earlier this week.

Tuesday, the county board appropriated \$5,500 to add a person to the court's staff for six months. The employee will report on financial status of families of abused, neglected and delinquent children to aid the court in determining parents' ability to help pay for treatment of their children, Judge Willis said.

State law, the judge said, gives him the authority to assign wages or incarcerate individuals who fail to make assigned payments. Willis noted that last year the county spent \$215,000 to care for neglected, abused, and

delinquent children. Half of that amount was reimbursed by the state.

Willis said the new employee will also keep track of monetary damage done to the victim's property, so that the court will be able to order restitution by the child or parent.

The judge said the six month limitation was put on the appropriation in order to later review its effectiveness.

"I fully expect the new employee to not only collect enough money to pay for his or her own wages," Willis stated, "but also to bring thousands of dollars to the general fund of the county."

JUDGE FRANK D. WILLIS Explains program

Among other things, the program bans all advertising of high-tar cigarettes; requires cigarette packages to be labeled "cigarettes can seriously injure your health;" and bars the introduction of new brands with high or middle-to-high tar levels.

Art Auction Saturday

ANNUAL EVENT: Benton Harbor-St. Joseph Chapter of Hadassah will sponsor the sixth annual Hadassah Art Auction Saturday, March 12, at Temple B'nai Shalom, Benton Harbor. Preceding the 8:30 p.m. auction will be a champagne preview at 7:30 p.m. Tickets are \$1 and may be purchased from any Hadassah member or at the door. The public is invited. From left, are Mrs. Sidney (Ruth) Berlinger, publicity chairman, and Mrs. Andrew (Cindy) Burch, advertising. General co-chairmen are Mrs. David (Elaine) Kirshenbaum and Mrs. Hillard (Shari) Friedman. (Staff photo)

PORTABLE APPLIANCE DATA Small Users Of Energy

CHICAGO — Data developed by the appliance industry is helping consumers make energy-wise decisions when they buy new toasters, irons and other 'small' appliances.

"All appliances use only two per cent of the national energy total. But we'll purchase more than 165 million new ones this year," according to Guenther Baumgart, president of the Association of Home Appliance Manufacturers.

"Manufacturers of portable appliances have developed average energy-consumption estimates product by product in the belief that people will buy energy-efficient appliances if they have information on which to base valid comparisons," Baumgart says.

The estimates cover more than 40 small appliances —

from electric can openers which use only three-tenths of one kilowatt hour of electricity in a year to toasters and irons. Owned by virtually every United States family, these appliances use 30 and 60 kilowatt hours per year, respectively. This represents only \$3 to \$4 of the average family's annual household energy bill of \$390 to

\$1,000 or more, Baumgart emphasizes.

The report gives average operating wattages and hours of use per year in addition to the kilowatt hours per year estimates. Consumers can, and should, compare the totals for the appliances they have with their total energy use, Baumgart suggests.

"They will find that portable appliances are small users of energy," he says. "The figures also point out that the national energy problem will not be solved merely by unplugging our electric clocks (which use 22 kWh per year) nor restricting the use of electric toothbrushes (which use 10 kWh annually)."

Spring Style Show Monday

Twin Cities Area Newcomers Club, Inc., will hold a fashion show, "Spring Into Action," Monday, March 14, at 7:30 p.m. at First Congregational United Church of Christ, St. Joseph.

The show is open to club members, alumni and guests. Tickets are \$2 per person.

Reservations may be made with Mrs. John (Leanne) Hipkind or Mrs. Arne (Barb) Bolman.

Chairmen for the event are Mrs. Carl (Mary) Goeb and Mrs. Jerry (Carole) Fasbender. Fashions will be furnished by Rimes, Inc., St. Joseph; Mahoney's, Benton Harbor; The Hang Up, Benton Harbor; Tennis Alley of Southshore Racquet club, St. Joseph; The Hennes Company, St. Joseph; Styles by Diane, St. Joseph, and Merle Norman Cosmetics, Benton Harbor.

Refreshments will be served.

To Wed April 30

BERRIEN SPRINGS — Mrs. Ardeb Porter, P.O. Box 173, Berrien Springs, and Donald Pyman, Red Bud Trail, Buchanan, announce the engagement of their daughter, Kim Marie, to Roger Dale Latham, son of John Latham, CR 376, route 1, Box 390, Covert, and Mrs. Trudy Walker of Eloy, Ariz.

Miss Pyman is a graduate of Berrien Springs high school and is employed at Berrien General Hospital, Berrien Center. Her fiancé is a graduate of Santa Cruz Valley Union high school, Eloy, and is employed by Krieger Plumbing, Stevensville.

An April 30 wedding is planned.

Around the clock with WOMEN

Stainless Steel Solves Problem

By ELLIE GROSSMAN

NEW YORK — (NEA) — Anyone who wants to can take any pair of earrings, label them "hypo-allergic," and market them.

That's why, says Dr. Alexander A. Fisher, "There's a flood of fake hypo-allergic earrings on the market."

Dr. Fisher, clinical professor of dermatology, at the New York University Post-Graduate Medical School, is an allergy specialist.

And when the jewelry industry began churning out "hypo-allergic" pierced earrings a year or so ago, it was going after the many women who cannot wear most inexpensive jewelry because — whether they know it or not — they're allergic to nickel, a common alloy in most gold jewelry, gold-plated, 12 carat, 14 carat. (Some are allergic to other base metals or pure gold itself.)

Most people who are nickel sensitive are women and, says Dr. Fisher, "Many of them got that way from ear piercing. When you pierce ears with a nickel plated object and insert nickel-containing earrings, it's an ideal means of sensitizing the woman to nickel."

And once sensitized, she'll probably remain that way for life.

Anytime any part of her body comes in contact with nickel — in eyeglass frames, zippers, bra hooks, etc. — she's likely to experience redness, itching, sometimes blisters. The problem becomes aggravated during warm weather when the salts present in perspiration draw out the nickel.

Seven years ago, Dr. Herbert Abramowitz, a New York dentist, made a pair of drainage earrings for his wife from surgical stainless steel. Her newly pierced ears were infected and Abramowitz's earrings cleared up the problem so well, he patented them and began selling them to doctors by mail through H&A Enterprises, Inc.

But Mrs. Abramowitz, it turned out, was actually sensitive to nickel. At the same time, Abramowitz began getting requests from customers for more non-allergic jewelry and he realized he'd stumbled onto something with stainless steel.

No one, apparently, is allergic to stainless steel even though it does contain nickel, because the nickel is so tightly bound in the steel, it won't leech out.

H&A Enterprises began marketing a line of "hypo-allergic" earrings by mail. A couple of years ago, Abramowitz began ordering his stainless steel parts from

HYPO-ALLERGENIC: Dr. Herbert Abramowitz, New York dentist who made hypo-allergic earrings for his wife, emphasizes that every part of the earring which touches the ear, should be made of stainless steel.

receipt of approximately 40 letters of complaint on the subject in the past few months, those letters have been destroyed.

The FTC, a spokesman there said, is converting to a computerized system of filing, and while they know how to get information into the computer (allegedly those letters were fed in), they don't as yet know how to get it out. That aside, the FTC has no plans to regulate the marketing of "hypo-allergic" earrings.

But the Attorney General's Office of the State of New York which has been very quietly investigating the situation, just may.

One manufacturer said standards had been agreed upon but Earl Roberts, head of the investigation in the Attorney General's office, replied, "We've entered into no agreements. This is an ongoing inquiry, and if and when we develop guidelines for the jewelry industry, they'll be made public."

Which means all the consumer in or out of New York State can do is exercise care before buying.

Make sure every part of the earring that will touch the ear is stainless steel, particularly in an earring that rests flush against the skin, such as buttons or studs. Be sure there's a pad in back, that covers the entire area of contact and that the clutch is stainless steel.

Find out if the manufacturer will return your money if you're dissatisfied — at least one does — and if he won't, think about wearing a ribbon in your hair instead.

Providence, R.I., the costume jewelry capital of the country, and he soon lost his exclusivity.

"Everyone we dealt with up there is now in the 'hypo-allergic' business," he says. "The jewelry industry is going night and day."

And the trend is growing so quickly that one resource sees it comprising 60 per cent of the entire earring business by fall. It already accounts for an estimated 50 million dollars a year.

The only pitfalls are the ones facing the consumer.

There simply are no rules for making, testing or marketing "hypo-allergic" earrings. Abramowitz, Dr. Fisher and others agree that every part of the earring that touches the ear should be made of stainless steel. That includes the post which goes through the earlobe, the clutch that fastens it behind the ear, and the pad or cap — if there is one — which is a protective piece radiating from post onto the back of the earring.

But sometimes there is no pad, or it's too small. And sometimes only the post is stainless steel. Since the rest of the earring usually contains nickel, the consumer who spent \$3 or \$9 for "hypo-allergic" earrings which still irritate her is stuck with them, because department stores generally refuse to give refunds on pierced earrings.

ATTENTION!
Future Brides
Brides-to-be planning engagement announcements and wedding stories in this newspaper are asked to observe the following rules:
Engagement and wedding forms are available in the women's department at The Herald-Palladium offices in Benton Harbor or St. Joseph. The pertinent information should be typed or plainly printed in filling out these forms to prevent errors.
Wedding forms should be picked up at least two weeks and turned in one week before the wedding is to take place.
When wedding information is sent within two months of the engagement announcement date, only ONE picture will be run. The bride-to-be may have her choice.
Use proper names — not nicknames. In wedding information, use husband's names for married attendants.
Only pictures of the bride in her wedding dress will be used. Formal glossy black and white portraits are preferred.
Engagement and wedding pictures are usually available at this newspaper office after publication for a short time.

Three Delinquent Dads Draw Jail Terms

By SCOTT WILLIAMSON
Staff Writer

Three fathers owing child support totaling more than \$10,000 were sentenced to jail this week in Berrien Circuit court, while another father avoided a jail term by paying off the full arrearage. Six other fathers, delinquent to the tune of \$11,371, were put on probation and ordered to make payments. Edward Pastrick, chief investigator for the Berrien friend of the court's office, reported:

John Gentry, of 460 Pipestone street, Benton Harbor, had a previous probation revoked by Judge William S. White and was sentenced to 90 days in jail for \$6,587 arrears for two children on ADC. Pastrick said Gentry has made 27 weekly support payments

since March, 1971, with the last payment in March, 1975. Garland Johnson, of 331 Walnut avenue, Benton township, got 30 days in jail from Judge Julian E. Hughes for \$896 arrears for one child on ADC. Johnson was also held in contempt of court and placed on two years probation, and told to pay \$7 weekly support and \$5 weekly on the arrearage when released from jail. Pastrick said Johnson has not made a support payment since September, 1974.

Mallory Brown, of 169 North Winans street, Benton Harbor, was placed on two years probation by Judge Chester J. Byrns and sentenced to 10 weekends in jail for \$2,763 arrears for six children on ADC. The judge noted the jail term can be dismissed if Brown pays \$500 on the arrearage, but also warned that for every payment missed, he will spend one weekend in jail. Charles E.

Armstrong, of South Haven, avoided a 90-day jail sentence from White by paying off the entire arrearage of \$270 for one child on ADC.

Held in contempt of court and placed on two years probation by White were: Paul Kütz, of Niles, for \$4,487 arrears for four children not on ADC. He was ordered to sign a wage assignment of \$48 weekly support and \$10 weekly on the arrears, and threatened with four months in jail if two payments are missed.

John Shingledecker, of 2999 Naomi road, Sodus, for \$1,050 arrears for two children on ADC. He was ordered to sign a wage assignment of \$15 weekly support and \$10 per week on the arrearage. Patrick Chandler, of 1158 Highland avenue, Benton

township, for \$154 arrears for one child on ADC. He was told to pay \$5 weekly support and another \$5 towards the arrearage. Robert Madron, of Decatur, for \$3,973 arrears for one child not on ADC. He was told to pay \$15 weekly towards the arrearage, but because the child has reached 18 no more support is required.

David Edmundson, of Eau Claire, was placed on one year probation by White for \$278 arrears accrued for one child. He was told to pay \$5 a week until the arrearage is paid in full, but no support was ordered since he and the wife have reconciled, Pastrick said. Lawrence A. Hopkins, of Thornton drive, Stevensville, was placed on two years probation by Byrns for \$1,429 arrears for one child not on ADC and ordered to pay \$12 weekly support and \$2 per week on the arrearage.

Foundation Chief Scorns Nationalized Health Care

BY RALPH LUTZ
Staff Writer

Health care in the United States this year will cost about \$160 billion—up \$40 billion from 1975. John H. Knowles, M.D., president of the Rockefeller foundation, told some 175 people at the monthly session of the Economic Club of Southwestern Michigan last night.

However, Knowles, former general director of Boston's Massachusetts General hospital, warned against total nationalized health care such as Great Britain adopted 1948. He

also urged people to help themselves.

"Ninety-nine per cent of us are born healthy, but are made sick by environment, personal problems and what we eat," he said.

The meeting at Ramada Inn Benton township was the first of the 1976-77 for the Economic club which had other sessions canceled by speakers unable to appear and the weather.

On nationalized health care, Knowles said he supports only two areas:

—State-operated medicaid in-

surance for the indigent should be federalized for purposes of uniform coverage. He supported the federal medicare plan for elderly.

—The federal government should mandate "catastrophic" insurance coverage, not included in many health insurance plans. Knowles said 110 million Americans, or about half the population don't have "catastrophic" coverage.

"That is as far as I will go," in support of national health insurance, Knowles said. Knowles praised President Jimmy

Carter for "not rushing to the claxon calls" for national health insurance. He said no one, including the president, understands what such insurance would encompass.

As to staggering costs, Knowles said a large amount is for people over 65—about 10 per cent of the population and one-fourth of the cost. Knowles had advice for all:

He said all should reduce salt and carbohydrate intake, as well as fat. He said too many are obese, because they don't eat properly and take proper exercise.

Noise and air pollution were cited as environmental problems.

Knowles also said he personally doesn't believe in use of pills. He frowned on contraceptive pills and also on hormone drugs for females during menopause.

Some vitamins, properly taken, are all right with Knowles, who added that he takes a couple of aspirin nightly.

A member of the audience asked Knowles about prospects of banning smoking, because of offensive odors and possible dangers.

Knowles said he doesn't think smoking is good for the health, but smelling the smoke of others' cigarettes probably wouldn't harm anyone. Knowles said he is afraid of too much legislation because of offensive matters. "You can't be happy under fascism," he said.

Asked by another citizen about more medical schools to alleviate a shortage of doctors, Knowles said 20 new ones have been started and some existing ones have expanded classes. Knowles said many doctors are not distributed over the nation properly and there actually may be an over-supply of surgeons today.

During a press conference, Dr. Knowles described the Rockefeller foundation as the nation's third largest, with assets of \$850 million. He said it follows the Ford foundation at \$2 billion, and the E.I. Lilly foundation at \$950 million.

The Rockefeller foundation was established in 1913 by the late John D. Rockefeller, founder of Standard Oil Co. It originally held \$200 million, all in Standard Oil stock. Dr. Knowles said this has grown to \$850 million mostly through diversified stocks, 70 per cent. About 40 per cent is Exxon, Dr. Knowles said. Fixed assets, such as bonds, comprise the remainder. The foundation annually awards about \$45 million in grants.

Dr. Knowles said about 60 per cent of annual disbursements are international, in areas of health, agriculture, education and environment matters.

BHPD AWARD WINNERS: The Benton Harbor police department handed out its 1976 awards for policemen and citizens last night. Awarded certificates were, from left: Det. Lt. Alfred Edwards and Det. Sgt. Sam Watson, of criminal investigation section, who accepted the Unit of Year award for their section; Columbus Franklin, 377 Morton avenue, Benton Har-

bor, Citizen of Year; and Cleatus Neel, 3187 Townline road, Benton township, Businessman of Year. Unable to attend awards dinner were Det. Tom Schadler, Officer of Year, and Mark Hochmuth, a crime prevention specialist named Civilian Employee of Year. (Staff photo)

Trooper Captain Praises Benton Harbor's Police

By NICK SMITH
Staff Writer

Capt. William Chandler, commander of Fifth District Michigan State police, last night praised the Benton Harbor police department for curbing crime and getting residents interested in improving their city.

Chandler spoke during the Benton Harbor police department's third annual awards dinner at Louie's Cafe, Benton township. Chandler's district includes six state police posts in southwestern Michigan.

"Police agencies, . . . by relating more directly to the communities they serve, can make a positive contribution to a better way of life, and Benton

Harbor (police force) has certainly demonstrated leadership in this endeavor," Chandler said.

Chandler said citizens "respond by supporting their police force and by becoming involved in a positive way."

Again, the declining crime index in Benton Harbor is evidence of this."

Chandler said Andrew Rodez, Benton Harbor police chief, has involved the community with programs like the crime prevention unit and block clubs. Regarding the healthy effect the police department has had on the community under Rodez, Chandler said "I know of no department that has done more than Benton Harbor."

Rodez said the department has eight community service officers who handle routine police matters, freeing veteran officers to concentrate on criminal matters. He, too, praised the city's police. "We're becoming the top police department in the Twin Cities area," Rodez said.

Rodez presented the Citizen of the Year award to Columbus Franklin, of 377 Morton avenue, Benton Harbor. The chief said Franklin has reported crimes in progress to the department on more than one occasion.

"For a long time, it was a

very scarce thing for a citizen to come out of his shell and help police, but maybe there is a turn in law enforcement," Rodez said of Franklin.

Businessman of the Year was Cleatus Neel, an auctioneer who Rodez said volunteers his time to conduct the annual department property auction. He operates Neel's Auctioning service in Benton Township.

Det. Tom Schadler, who according to Rodez "exemplifies what a policeman is all about," was named the department's Officer of the Year.

The department's Unit of the Year was the criminal investigation section, headed by Det. Lt. Alfred Edwards and Det. Sgt. Sam Watson. During the year the detectives "brought some very serious criminals to justice," said Rodez, including three men indicted by the county grand jury and convicted of the 1973 slaying of Sam Baum, Benton Harbor grocery store owner.

The department's Civilian Employee of the Year award went to Mark Hochmuth, a crime prevention specialist.

Berrien To Receive 1976 Time Capsule

A time capsule containing souvenirs and data from Berrien county Bicentennial projects will be presented at the final meeting of the county Bicentennial commission on Tuesday, March 15, at 4 p.m. in the original courthouse at Berrien Springs.

The time capsule will be presented to Mrs. Nancy Clark, chairman of the county board of commissioners. Plans are for the capsule to be stored in a vault in the office of the Berrien

Register of Deeds and to be opened at the time of the Bicentennial in 2076.

Probate Judge Donald J. Dick and Mrs. Harry Laity are co-chairmen of the time capsule project.

Also on the agenda for the meeting will be a report of LaSalle Expedition II.

Dr. A.S. Mowery, executive director of the Bicentennial commission, said the public is invited to attend the meeting.

Gobles Sewage Project Estimate Is \$5.5 Million

GOBLES—A sewer collection and treatment system for the Gobles area would cost about \$5.5 million, a representative of a Kalamazoo engineering firm told about 50 people at a public hearing here last night.

Projected individual costs would be about \$2,000 to \$2,500 initially, with monthly costs varying from \$12 to \$26, Karl Freed, a spokesman for Gove Associates said.

The firm has just completed a \$30,000 sewer feasibility study involving Gobles city, and portions of Alma, Bloomingdale and Pine Grove townships.

Freed told those at the meeting that individual governmen-

tal units must decide now whether to continue with Step II, formal design of a sewer system.

Freed said that if a decision is made to go ahead with sewer construction, about 60 to 70 per cent of construction costs would be paid for by state and federal grants.

Besides sewer collection lines, he said, also involved would be a wastewater treatment plant using land disposal, with the plant most likely located northeast of Gobles.

He said discharged treated effluents into the Paw Paw river would not be economically favorable.

The system would serve 2,100 people now and about 2,600 by the year 2000, Freed said.

Costs to users for construction, operation and maintenance would vary, he said, but Freed estimated they would be \$12 to \$20 monthly for people in Gobles; \$19 to \$26 for Mill lake residents; \$18 to \$26 for Brandywine lake; and \$17 to \$25 for people in the North lake and Kendall areas. Part of the projections would be met through a yearly special assessment.

Users would also have to pay for hookup of the systems to their homes.

Lincoln Sewage System Gets Berrien BPW Okay

A sewage collection system for portions of Lincoln township which already have municipal water gained the approval of the Berrien county board of public works (BPW) Wednesday.

The BPW went on record recommending the county board of commissioners accept the project and authorize the BPW to begin planning, design, and financing for the system.

Public Works Director Robert Barnes said the proposal will probably be presented to the county board at its March 17

meeting. If approved, the BPW would then oversee all phases of the project, including issuing bonds to finance the township's share.

The Lincoln township board previously estimated the project would cost some \$9.4 million. Barnes noted the township would be responsible for paying

for the collection system, but he said federal and state grants are anticipated. The amount of bonds needed won't be known until engineering and design reports, currently underway,

are finished, Barnes said.

Barnes added construction would be for a collection system for areas in the township which now have municipal water, and the new system would tie into the Lincoln-St. Joseph township Hickory creek interceptor, which connects with the Twin Cities sewage treatment plant in St. Joseph.

He said the interceptor has the capacity to handle the new collection system. Barnes noted it was too early to predict starting dates or how long the system would take to complete.

Here's Right Number For BH Callers

The correct telephone number to report any problems with streets or rubbish collection in Benton Harbor on nights and weekends is 927-3357. The number for the special answering service was incorrectly reported in the March 8 edition of The Herald-Palladium. During regular business hours, residents should call city hall and ask for extension 61 to report any problems.

Gladiolus Parade To Be Later

COLOMA—The Coloma Gladiolus Festival committee last night voted to change the starting time of the annual Gladiolus festival parade here on Aug. 6, from 1 to 2 p.m.

Committee action came on request of the Coloma Down-

town Merchants association.

New Van Buren Program Forces Parents To Pay

PAW PAW—Parents of some minors brought into Van Buren juvenile court will soon be forced to pay for some of the care required by their children.

Van Buren Probate Judge Frank D. Willis, in a statement issued yesterday, explained the program funded for the first

CB Stolen

COLOMA—Steven Cartter, 6304 Keigley street, Coloma, told Coloma township police yesterday that the citizens band radio in his car had been stolen sometime between Tuesday night and yesterday morning. The radio's value was reported to be \$109.

time by the county board of commissioners earlier this week.

Tuesday, the county board appropriated \$5,500 to add a person to the court's staff for six months. The employee will report on financial status of families of abused, neglected and delinquent children to aid the court in determining parents' ability to help pay for treatment of their children, Judge Willis said.

State law, the judge said, gives him the authority to assign wages or incarcerate individuals who fail to make assigned payments. Willis noted that last year the county spent \$215,000 to care for neglected, abused, and

delinquent children. Half of that amount was reimbursed by the state.

Willis said the new employee will also keep track of monetary damage done to the victim's property, so that the court will be able to order restitution by the child or parent.

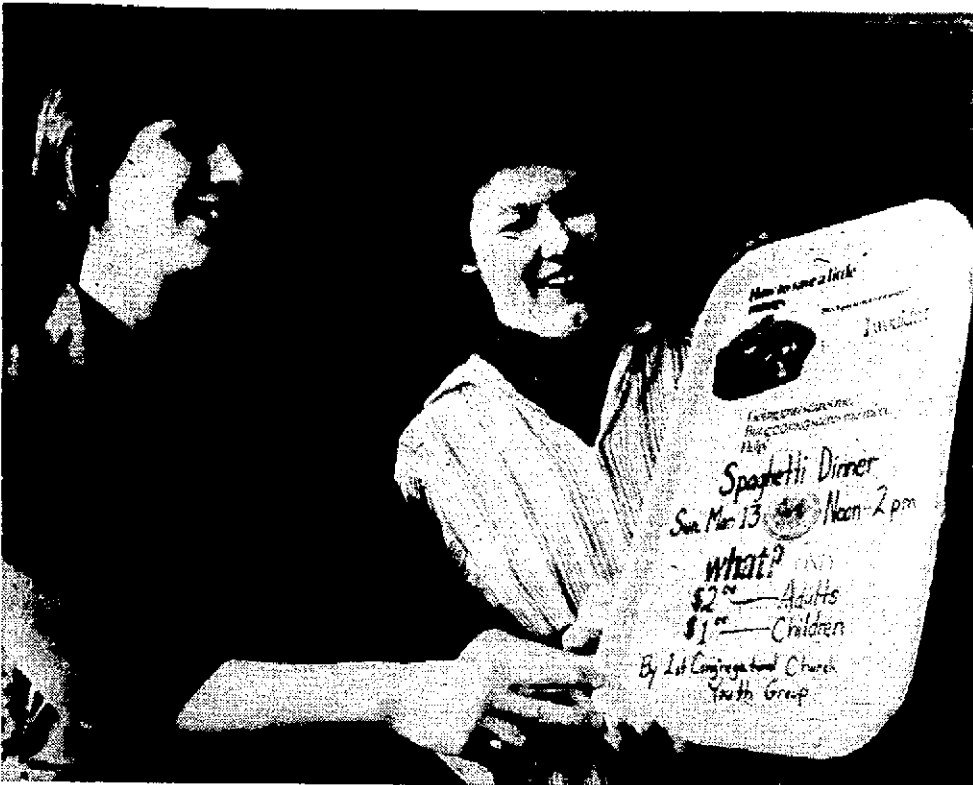

The judge said the six month limitation was put on the appropriation in order to later review its effectiveness.

"I fully expect the new employee to not only collect enough money to pay for his or her own wages," Willis stated, "but also to bring thousands of dollars to the general fund of the county."

JUDGE FRANK D. WILLIS
Explains program

Spaghetti Dinner Set

WORKING VACATION: Members of the youth group of First Congregational church, Benton Harbor, will sponsor a spaghetti dinner from noon to 2 p.m. Sunday, March 13, at the church. The public is invited and tickets are \$2 for adults and \$1 for children age 11 and under. From 12:30 to 1:30 p.m., members of the youth group will be auctioned off for work projects to be arranged between the worker and buyer. Planning the

dinner are Gary Huff, a member of Grace Lutheran church, and Diane Leuty, a member of First Congregational. The youth group is open to all high school youth, regardless of church affiliation. Proceeds from the projects will be used for expenses for a trip the youth group will take April 2-9 to attend the work camp at Back Bay Mission, a United Church of Christ Agency at Biloxi, Miss. (Staff photo)

FINAL EVENT OF HOLLAND SERIES

String Trio Concert March 15

HOLLAND — The string trio, "Music by Three," will present a concert Tuesday, March 15, at 8 p.m. in Dimmet Memorial chapel on the campus of Hope college.

The concert is the final event of the 1976-77 Holland Great Performance series, co-sponsored by the Holland Concert Association and the Hope college cultural affairs committee.

Holland has reciprocal agreements with concert associations in the communities of Benton Harbor-St. Joseph, Muskegon and LaPorte, Ind.

Single admission tickets will be sold at the door for \$4, 15 minutes before the performance.

"Music by Three" is presented by the Young Concert Artists, Inc., of New York City. Members are violinist Arturo Delmoni, violist Marcus Thompson, and cellist Ronald Thomas.

The program will include "Passacaglia for Violin and Viola" by Handel-Halvorsen; "Trio No. 4 in C Minor, Opus 9, No. 3" by Beethoven, and

"Serenade for Violin, Viola and Cello, Op. 10" by Debussy.

Ronald Thomas was winner of the 1974 Young Concert Artists international auditions. He performed his second recital in the New York Young Concert Artists series at Hunter college in February of 1976, where he gave the world premiere of a work for solo cello written for him by Michael Colgrass in celebration of the United States Bicentennial.

In 1968, Marcus Thompson won both the Young Concert Artists auditions and the Hudson Valley Philharmonic Young Artists competition. Since then, he has given numerous solo recitals, including an acclaimed reappearance in the New York Concert Artists series at Hunter college in April, 1974. He has performed solo recitals at the Gardner museum in Boston, Minneapolis' Orchestra hall, and at Dartmouth college.

A frequent soloist with orchestra, Thompson has appeared with the National Symphony at the Kennedy Center in Washington, D.C., the Boston "Pops" under Arthur

Fiedler, the Symphony of the New World at Carnegie hall, the Greenwich Philharmonia, and with the Hudson Valley Philharmonic as winner of its youth competition.

He has participated in the Marlboro festival, the Santa Fe Music festival and the Spoleto festival in Italy, and has performed with the Chamber Music Society of Lincoln center.

A graduate of the Juilliard school, Thompson is professor of humanities at Massachusetts Institute of Technology.

Arturo Delmoni began playing the violin at the age of four years and gave his first public performance at the age of seven. At the age of nine, he

appeared on "The Sid Caesar Show" on nationwide television. Delmoni graduated from the Juilliard school, where he was a Naumburg scholarship student of Ivan Galamian and Dorothy DeLay. He also studied privately with Josef Gingold and Nathan Milstein.

Delmoni won the 1969 Dealey award, was a prize winner in the 1973 International Leventritt competition, and recently won the silver medal in the Third International Violin competition held in Vina del Mar, Chile, in November of 1976. He was also cited by High Fidelity and Musical America as being among today's most interesting young artists.

Students In Program

Four area students are members of the Collegiate Singers of Western Michigan university who will present a winter concert at 3 p.m. Sunday, March 20, in Kanley Chapel, on the WMU campus.

Area members are Phil Zimmerman, son of Mr. and Mrs. Jack Zimmerman, 415 Ridgeway, Pamela Stafford, daughter of Mr. and Mrs. John Stafford, 1792 Nash drive, and Debbie Bischoff, daughter of Mr. and Mrs. Stuart Bischoff, 3441 Valley View drive, all of St.

Joseph, and Jill Warner, daughter of Dr. and Mrs. K.A. Warner, Stevensville.

The 30-voice choir, one of five choral organizations in WMU's department of music, will be under the direction of Mel Ivey.

The public is invited to the program. There is no admission charge.

The program will include works by Carissimi, Haydn and Casals with Brahms' Motet Opus 74 and two graduations, "Christus factus est" and "Os justi," by Bruckner.

Give A Bit Of Green

Holiday Spirit

St. Patrick's Day is for the wearin' of the green, imagined leprechauns and just a wee bit of merry making in celebration of an ancient legend that all began with a tale of snakes on the green landscape of Ireland.

If you are inclined towards making a bit of your own holiday spirit, try your hand at making an all-purpose St. Pat's canister from odds n' ends you may have around the house. You can make it with a bright green canister from a four-pair container of pantyhose, glue, green felt and green gingham ribbon. In a snap, you can put together one or more of these handy decorations for use around the house or as a gift container for that special Irish buddy.

Cut four shamrocks from dark green felt. Cut two strips of green gingham ribbon approximately 12 inches long. Wrap and glue one strip around the sides and bottom of the canister so it lays flat. Wrap the other strip around the sides in a similar way so that it criss-crosses at the bottom, separating the canister into four quarters.

Glue two strips of ribbon in criss-cross style across the lid. To make a decorative ribbon on the lid, cut two ample pieces of ribbon, glue one end down on each side and fold each piece to make flat loops. Make an even number of loops on either side and stitch or glue the loops together at the bottom.

The St. Pat's canister can be used to hold candies, green holiday cookies or an assortment of hidden surprises. If you care to elaborate on the design, try choosing from the many St. Patrick's stick-on decals and seals which are available in five and dime stores. Paper doilies in green and white can also provide frilly, antique additions to this home-made holiday creation.

When you are inclined towards adding a truly traditional touch to your canister, direct your thoughts towards the true Irish art of poetry. You can enclose a little poem inside the canister or affix one to the outside with "Old English" style transfer lettering. Try your own little rhyme or copy an old traditional ballad to suit the occasion.

ST. PATRICK'S DAY: In a snap, this St. Patrick's Day gift container can be put together to give to an Irish buddy. The container can be used for green cookies, candy, or candles.

Wedding

Miss Linda Joyce Brannan and Michael Steven Kendall exchanged wedding vows March 9 at Church by the Sea, Madeira Beach, Fla.

Keith Yeske. Ushers were Dale Brannan and Brian Holland.

A reception was held at Breckenridge Resort hotel.

Parents of the bride are Mr. and Mrs. Calvin Brannan of Seminole, Fla. The groom is the son of Mr. and Mrs. Theodore W. Kendall, Santiago, Chile, formerly of St. Joseph.

The couple plans a wedding trip this summer to Chile. They are residing at Forest Bridge Apartments, Forest Park, Ga.

The bride is a graduate of Seminole high school and Pinellas beauty college in Florida. She is a cosmetologist at Lodi's Hair Fashions, Madeira Beach. Her husband is a graduate of St. Joseph high school and served in the United States Army. He attended St. Petersburg, Fla., junior college and is owner-manager of Sambo's, Forest Park, Ga.

The bride wore a qiana knit gown trimmed with lace and featuring a train. Her veil was trimmed with matching lace and she carried carnations with baby's breath.

Miss Susan Leigh Trump was maid of honor.

Serving as best man was

MRS. MICHAEL KENDALL
Linda Brannan

Plan Theatre Trip

The YWCA of St. Joseph-Benton Harbor will sponsor a theatre bus trip to see Ilugh O'Brien in "Cactus Flower."

The trip to the Drury Lane East theatre, McCormick Place, Chicago, will be Wednesday, March 23.

Those wishing further information or to make reservations may contact the YWCA.

Sewing Hints

By DOROTHY KING

Here's how to use the pattern catalog.

Now that you have taken your body measurements to find out your figure type and pattern size, you are now ready to get a pattern from the catalog.

All counter catalogs are divided into sections by tabs. Each tab gives either figure types, size ranges, general garment categories or specific items to sew.

Look over the tabs carefully and then select the ones that are in your size range and pertain to your sewing skills.

There are sub-tabs included vertically in the catalog, also. They include evening fashions, bridal or active sportswear. The catalog has other features also.

Make Simple Fruit Dessert

Drizzle drained fruit cocktail with a tablespoon of sherry and spoon into dessert dishes.

Top with instant vanilla pudding prepared using the fruit syrup for part of required liquid along with another tablespoon of sherry. Simple and delicious.

Toward the back there are standard body measurement charts, also an illustration on how to take body measurements, a classified index, personal fit patterns, etc.

Every three months there are major revisions in the catalogs to fit the season.

Stainless Steel Solves Problem

By ELLIE GROSSMAN
NEW YORK — (NEA) — Anyone who wants to can take any pair of earrings, label them "hypo-allergenic," and market them.

That's why, says Dr. Alexander A. Fisher, "There's a flood of fake hypo-allergenic earrings on the market."

Dr. Fisher, clinical professor of dermatology, at the New York University Post-Graduate Medical School, is an allergy specialist.

And when the jewelry industry began churning out "hypo-allergenic" pierced earrings a year or so ago, it was going after the many women who cannot wear most inexpensive jewelry because — whether they know it or not — they're allergic to nickel, a common alloy in most gold jewelry, gold-plated, 12 carat, 14 carat. (Some are allergic to other base metals or pure gold itself.)

Most people who are nickel sensitive are women and, says Dr. Fisher, "Many of them got that way from ear piercing. When you pierce ears with a nickel plated object and insert nickel-containing earrings, it's an ideal means of sensitizing the woman to nickel."

And once sensitized, she'll probably remain that way for life.

Any time any part of her body comes in contact with nickel — in eyeglass frames, zippers, bra hooks, etc. — she's likely to experience redness, itching, sometimes blisters. The problem becomes aggravated during warm weather when the salts present in perspiration draw out the nickel.

Seven years ago, Dr. Herbert Abramowitz, a New York dentist, made a pair of drainage earrings for his wife from surgical stainless steel. Her newly pierced ears were infected and Abramowitz's earrings cleared up the problem so well, he patented them and began selling them to doctors by mail through H&A Enterprises, Inc.

But Mrs. Abramowitz, it turned out, was actually sensitive to nickel. At the same time, Abramowitz began getting requests from customers for more non-allergenic jewelry and he realized he'd stumbled onto something with stainless steel.

No one, apparently, is allergic to stainless steel even though it does contain nickel, because the nickel is so tightly bound in the steel, it won't leach out.

H&A Enterprises began marketing a line of "hypo-allergenic" earrings by mail. A couple of years ago, Abramowitz began ordering his stainless steel parts from

HYPO-ALLERGENIC: Dr. Herbert Abramowitz, New York dentist who made hypo-allergenic earrings for his wife, emphasizes that every part of the earring which touches the ear, should be made of stainless steel.

Providence, R.I., the costume jewelry capital of the country, and he soon lost his exclusivity.

"Everyone we dealt with up there is now in the 'hypo-allergenic' business," he says. "The jewelry industry is going night and day."

And the trend is growing so quickly that one resource sees it comprising 60 per cent of the entire earring business by fall. It already accounts for an estimated 50 million dollars a year.

The only pitfalls are the ones facing the consumer.

There simply are no rules for making, testing or marketing "hypo-allergenic" earrings. Abramowitz, Dr. Fisher and others agree that every part of the earring that touches the ear should be made of stainless steel. That includes the post which goes through the earlobe, the clutch that fastens it behind the ear, and the pad or cap — if there is one — which is a protective piece radiating from post onto the back of the earring.

But sometimes there is no pad, or it's too small. And sometimes only the post is stainless steel. Since the rest of the earring usually contains nickel, the consumer who spent \$3 or \$9 for "hypo-allergenic" earrings which still irritate her is stuck with them, because department stores generally refuse to give refunds on pierced earrings.

receipt of approximately 40 letters of complaint on the subject in the past few months, those letters have been destroyed.

The FTC, a spokesman there said, is converting to a computerized system of filing, and while they know how to get information into the computer (allegedly those letters were fed in), they don't as yet know how to get it out. That aside, the FTC has no plans to regulate the marketing of "hypo-allergenic" earrings.

But the Attorney General's Office of the State of New York which has been very quietly investigating the situation, just may.

One manufacturer said standards had been agreed upon but Earl Roberts, head of the investigation in the Attorney General's office, replied, "We've entered into no agreements. This is an ongoing inquiry, and if and when we develop guidelines for the jewelry industry, they'll be made public."

Which means all the consumer in or out of New York State can do is exercise care before buying.

Make sure every part of the earring that will touch the ear is stainless steel, particularly in an earring that rests flush against the skin, such as buttons or studs. Be sure there's a pad in back, that covers the entire area of contact and that the clutch is stainless steel.

Find out if the manufacturer will return your money if you're dissatisfied — at least one does — and if he won't, think about wearing a ribbon in your hair instead.

PORTABLE APPLIANCE DATA

Small Users Of Energy

CHICAGO — Data developed by the appliance industry is helping consumers make energy-wise decisions when they buy new toasters, irons and other "small" appliances.

"All appliances use only two per cent of the national energy total. But we'll purchase more than 165 million new ones this year," according to Guenther Baumgart, president of the Association of Home Appliance Manufacturers.

"Manufacturers of portable appliances have developed average energy-consumption estimates product by product in the belief that people will buy energy-efficient appliances if they have information on which to base valid comparisons," Baumgart says.

The estimates cover more than 40 small appliances —

from electric can openers which use only three-tenths of one kilowatt hour of electricity in a year to toasters and irons. Owned by virtually every United States family, these appliances use 39 and 60 kilowatt hours per year, respectively. This represents only \$3 to \$4 of the average family's annual household energy bill of \$500 to

\$1,000 or more. Baumgart emphasizes.

The report gives average operating wattages and hours of use per year in addition to the kilowatt hours per year estimates. Consumers can, and should, compare the totals for the appliances they have with their total energy use. Baum-

gart suggests.

"They will find that portable appliances are small users of energy," he says. "The figures also point out that the national energy problem will not be solved merely by unplugging our electric clocks (which use 22 kWh per year) nor restricting the use of electric toothbrushes (which use 10 kWh annually)."

Spring Style Show Monday

Twin Cities Area Newcomers Club, Inc., will hold a fashion show, "Spring Into Action," Monday, March 14, at 7:30 p.m. at First Congregational United Church of Christ, St. Joseph.

The show is open to club members, alumni and guests. Tickets are \$2 per person.

Reservations may be made with Mrs. John (Leanne) Hipskind or Mrs. Arne (Barb) Bolman.

Chairmen for the event are Mrs. Carl (Mary) Goeb and Mrs. Jerry (Carole) Fasbender.

Fashions will be furnished by Rimes, Inc., St. Joseph; Mahoney's, Benton Harbor; The Hang Up, Benton Harbor; Tennis Alley of Southshore Racquet club, St. Joseph; The Hennes Company, St. Joseph; Styles by Diane, St. Joseph, and Merle Norman Cosmetics, Benton Harbor.

Refreshments will be served.

To Wed April 30

BERRIEN SPRINGS — Mrs. Ardeth Porter, P.O. Box 173, Berrien Springs, and Donald Pylman, Red Bud Trail, Buchanan, announce the engagement of their daughter, Kim Marie, to Roger Dale Latham, son of John Latham, CR 376, route 1, Box 390, Covert, and Mrs. Trudy Walker of Eloy, Ariz.

Miss Pylman is a graduate of Berrien Springs high school and is employed at Berrien General hospital, Berrien Center.

Her fiancé is a graduate of Santa Cruz Valley Union high school, Eloy, and is employed by Krieger Plumbing, Stevensville.

An April 30 wedding is planned.

ATTENTION!
Future Brides

Brides-to-be planning engagement announcements and wedding stories in this newspaper are asked to observe the following rules:

Engagement and wedding forms are available in the women's department at The Herald-Palladium offices in Benton Harbor or St. Joseph. The pertinent information should be typed or plainly printed in filling out these forms to prevent errors.

Wedding forms should be picked up at least two weeks and turned in one week before the wedding is to take place.

When wedding information is sent within two months of the engagement announcement date, only ONE picture will be run. The bride-to-be may have her choice.

Use proper names — not nicknames. In wedding information, use husband's names for married attendants.

Only pictures of the bride in her wedding dress will be used. Formal glossy black and white portraits are preferred.

Engagement and wedding pictures are usually available at this newspaper office after publication for a short time.

'Your Problems' By Ann Landers

To Each His Own

Dear Ann Landers: My best friend and I are both 23 years of age. We were married about the same time (last year) to a couple of great guys. Will you please settle an argument?

Myrtle says a wife should say "Thank you" to her husband after they have made love. I say "no way."

I'm perfectly willing to let my husband know he pleased me and that I appreciate him as a lover, but to say "Thank you" for something that should be mutually satisfying seems

ridiculous. After all, he is not doing me a favor when he makes love to me, so why should I thank him?

Myrtle says it never hurts to build up a man's ego and this is a great way to make him feel special. What do YOU say? — Divided In Durham

Dear Divided: To each his own. If Myrtle wants to thank her husband to build up his ego — that's her business. If you feel it would be degrading, don't do it.

Talking Pills?

Dear Ann Landers: In answer to "One With Two Tired Ears," the reader whose friend is a non-stop talker, I suggest she check friend's medicine cabinet. There is a better than even chance that this mouthy lady is turned on by some sort of medication.

I know what I'm talking about because I'm going through it right now with my mother-in-law. I can always tell when she has taken her "nerve pills" because on those days it is impossible to shut her up. She rattles on and on about

everything and anything and no one can get a word in edgewise.

Your comment that people who are shallow and insecure may be compulsive talkers is, of course, true, but don't overlook another possibility — a non-stop talker could be hooked on pills. — Sympathetic in N.C.

Dear Sym: Thanks for suggesting the alternate possibility. It's a very real one. I hope my readers who are on medication will pay close attention to your letter and, if they recognize themselves, will make a special effort to stem the verbiage or reduce the dosage.

Dog Unwelcome

Dear Ann Landers: Every year my husband and I visit his folks who have a lovely home up north. A bachelor uncle lives with them. He is a sourpuss. I never liked Uncle Herman.

Last May we took our dog, King, with us and he bit Uncle Herman three different times. (Nothing serious — no stitches.) I'm sure Uncle Herman must have kicked him or something. King is not vicious. He has never bitten anyone except a

ANN LANDERS

mailman who is known to hate dogs. He also nipped a neighbor kid who pulled his tail.

We phoned the folks last night to tell them when we are coming. They said, "Fine, but DON'T bring your dog." My

husband is very upset. He thinks his folks should tell Uncle Herman to go visit his sister or brother during the time we plan to be there. To board King out would be very expensive and he doesn't see why we should be put to the inconvenience. What do YOU say, Ann? — Dothan, Ala.

Dear Do: My opinion doesn't count. Your husband has been told by his folks that the dog is not welcome. It's their house and he should abide by their wishes.

Even if drinking is the "in" thing in your crowd, it needn't crowd you out. Learn the facts from Ann Landers's booklet, "Booze and You — For Teen-Agers Only." Send 50 cents in coin and a long, self-addressed, stamped envelope to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

By Oswald & James Jacoby

Today's hand shows two excusable errors in the bidding and one almost inexcusable error in the play that made up for them.

South's one-heart opening and North's one-spade response were both correct, but South should rebid two diamonds rather than one notrump. You don't bid notrump when you have a worthless doubleton in an unbid suit if you can find any other bid. South had a perfectly good two-diamond call.

Still he had a reason for bidding notrump. He was an excellent dummy player and wanted to be the declarer if anyone played notrump.

North should have given a jump bid of three hearts in spite of South's notrump rebid. But North knew that his partner liked to play notrump, had opened the bidding and rebid one notrump and North was looking at 13 high-card points with at least one honor in each suit.

West got off to the normal lead of his fourth-best club and expert South saw that he had exactly eight top tricks and no play for nine unless he could steal a diamond so South hopped up with dummy's ace of clubs and led the four of diamonds.

East, who had been paying little attention to anything played low, South won the diamond trick and cashed out the other eight.

Ask the Jacobys

A Virginia reader wants to know if hearts ever were the highest-ranking suit.

Not at contract, but in the early days of auction the order of rank of suits was hearts, diamonds, clubs and spades. The spade suit was moved to the top around 1910 and has stayed there.

(For a copy of JACOBY MODERN, send \$1 to: "Win at Bridge," c/o this newspaper, P.O. Box 489, Radio-City Station, New York, N.Y. 10101)

Enjoy Country Soup

Raise your consciousness and invite a senior citizen home to enjoy country soup.

In saucepan, brown one-half cup cooked ham cut in strips and cook one small clove garlic, minced, and a generous dash crushed thyme leaves in one tablespoon butter or margarine.

Add one can (ten and one-half ounces) condensed vegetable soup and one soup can water. Heat, stir occasionally. Makes about two and one-half cups, two servings.

Astro-Graph

Bernice Bede Osol

For Friday, March 11, 1977

ARIES (March 21-April 19) Conditions are generally favorable for you today, but you may overlook some small but important factor. Consider the whole picture.

TAURUS (April 20-May 20) It's to your advantage today to be close-mouthed. If you have something good going for you, don't announce it to the world.

GEMINI (May 21-June 20) Things will go well today—if you don't place your interests above those of the people who helped you get to the top.

CANCER (June 21-July 22) Grand phrases are of little value to you today. What counts is what they pay, not what they say.

LEO (July 23-Aug. 22) Don't count pennies with pals today. Even though they don't ante up what you expected, be understanding or at least compassionate.

VIRGO (Aug. 23-Sept. 22) In financial matters today, your judgment is likely to excel that of your mate. Try to make her understand you're considering everyone's good.

LIBRA (Sept. 23-Oct. 23) It's virtually impossible for one to gain the approbation of all. What you need to know today is that you CAN win!

SCORPIO (Oct. 24-Nov. 22) As long as you move prudently today, you'll have no financial problem. Departing from the

norm could bring quite different results.

SAGITTARIUS (Nov. 23-Dec. 21) Be a booster of your old friends today. Nothing will be gained by rattling skeletons.

CAPRICORN (Dec. 22-Jan. 19) Substantial accomplishments are possible today provided you are able to work alone using your methods.

AQUARIUS (Jan. 20-Feb. 19) You're quite capable today — with the exception of estimating costs. Some of your projects could run over budget.

PISCES (Feb. 20-March 20) Success is likely today because you are both persistent and resourceful. Leave no loose threads and your victories will be complete.

March 11, 1977

Advancement is a strong probability this coming year. There is a top spot waiting for you if you're a go-getter.

(Are you a Pisces? Bernice Osol has written a special Astro-Graph Letter for you. For your copy send 50 cents and a self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, New York, N.Y. 10101. Be sure to ask for Pisces Volume 5.)

Dr. Lester Coleman

Our 16-year-old daughter has had asthma for a number of years. It is kept in fairly good control by drugs. She will be going to college soon. Do you think it advisable to choose a school in an area beneficial to asthma sufferers? We also thought of moving to such a place. — Mrs. L.E., VI.

Dear Mrs. E.: A dry climate, without wide swings of temperature, is considered favorable for people who have asthma.

Unfortunately, climate is not always the total answer to the complex problem of asthma. I have known many families who have impulsively uprooted themselves and moved into a new geographic area for this reason, only to find that climate in their cases did not materially affect the asthma.

The total upheaval of the family can lead to much disappointment and heartache.

Choosing a school in an area that is reputed to be beneficial for asthma patients is a good idea. If your daughter is not benefited or if her asthma becomes worse by this choice she can always consider another area.

Unlike whole families who decide to make a tremendous move, your daughter's temporary residence will not affect her a great deal. Testing out a new geographic area before uprooting the family is the only way to appraise its advantages for people with asthma, bronchitis or emphysema.

There are now many new, exciting drugs on the horizon which are beneficial in prevent-

ing asthmatic attacks and controlling them. It is my personal belief that, in a few years, asthma will be a controllable disease.

My doctor always seems to sidetrack answering questions about how long an illness will last. Can't the prognosis as well as the diagnosis, be part of good medical practice? I am in show business and when I have had laryngitis it's important for me to know how soon I can get back to work. — Mr. H.R., N.Y.

Dear Mr. R.: It is the wise doctor who does not fall into the trap of prognosticating, or guessing, the exact duration of an illness.

Not only people who are in show business, but almost everyone likes to plan on the time of recovery.

Yet all of us in the practice of medicine have learned that there are too many factors that enter into each individual person's recovery from an illness.

With simple laryngitis, recovery depends on the cause, the diligence with which the patient cooperates with the doctor, the elimination of tobacco and the reduction of vocal abuse. Therefore it is almost impossible to assure the patient that on "a week from Wednesday or Thursday" he can go back to work.

Serve Crepes For Dessert

Drain canned crushed pineapple (save syrup or juice for use another time). Sweeten fruit to taste with brown sugar.

Stir in a little lemon juice and flaked coconut. Heat with a spoonful or two of rum. Serve over folded crepes.

Your Baby Our Pledge

We'll constantly strive to fit your baby's shoes 100% correct. In fact we guarantee correct fit. We know one pair of feet must last a lifetime.

AAUW Annual Meeting March 15

PAW PAW — Paw Paw Area Branch of the American Association of University Women will hold its annual meeting Tuesday, March 15, at 7:30 p.m. in the children's room of the Paw Paw public library.

Leona Washburn, coordinator of continuing education for young women and their children of the Kalamazoo public schools, and a charter member and first program vice president of the local AAUW branch, will present "School

Age Parents and Their Children."

Using slides, Mrs. Washburn will describe aspects of her work which provides an alternative education program for teenage mothers and their children. The program, through education, strives to provide the

means for the mothers and their children to have a better future, according to Mrs. Washburn.

Officers will be elected at the meeting.

Hostesses will be Mrs. Lyle (Barbara) Buckingham, Mrs. Leonard (Jan) Morris and Mrs. Tim (Madelyn) Washburn.

Spaghetti Dinner Set

WORKING VACATION: Members of the youth group of First Congregational church, Benton Harbor, will sponsor a spaghetti dinner from noon to 2 p.m. Sunday, March 13, at the church. The public is invited and tickets are \$2 for adults and \$1 for children age 11 and under. From 12:30 to 1:30 p.m., members of the youth group will be auctioned off for work projects to be arranged between the worker and buyer. Planning the

dinner are Gary Huff, a member of Grace Lutheran church, and Diane Leuty, a member of First Congregational. The youth group is open to all high school youth, regardless of church affiliation. Proceeds from the projects will be used for expenses for a trip the youth group will take April 2-9 to attend the work camp at Back Bay Mission, a United Church of Christ Agency at Biloxi, Miss. (Staff photo)

FINAL EVENT OF HOLLAND SERIES

String Trio Concert March 15

HOLLAND — The string trio, "Music by Three," will present a concert Tuesday, March 15, at 8 p.m. in Dimmet Memorial chapel on the campus of Hope college.

The concert is the final event of the 1976-77 Holland Great Performance series, co-sponsored by the Holland Concert Association and the Hope college cultural affairs committee.

Holland has reciprocal agreements with concert associations in the communities of Benton Harbor-St. Joseph, Muskegon and LaPorte, Ind.

Single admission tickets will be sold at the door for \$4, 15 minutes before the performance.

"Music by Three" is presented by the Young Concert Artists, Inc., of New York City. Members are violinist Arturo Delmoni, violist Marcus Thompson, and cellist Ronald Thomas.

The program will include "Passacaglia for Violin and Viola" by Handel-Halvorsen; "Trio No. 4 in C Minor, Opus 9, No. 3" by Beethoven, and

"Serenade for Violin, Viola and Cello, Op. 10" by Dohnanyi.

Ronald Thomas was winner of the 1974 Young Concert Artists international auditions. He performed his second recital in the New York Young Concert Artists series at Hunter college in February of 1976, where he gave the world premiere of a work for solo cello written for him by Michael Colgrass in celebration of the United States Bicentennial.

In 1968, Marcus Thompson won both the Young Concert Artists auditions and the Hudson Valley Philharmonic Young Artists competition. Since then, he has given numerous solo recitals, including an acclaimed reappearance in the New York Concert Artists series at Hunter college in April, 1974. He has performed solo recitals at the Gardner museum in Boston, Minneapolis' Orchestra hall, and at Dartmouth college.

A frequent soloist with orchestra, Thompson has appeared with the National Symphony at the Kennedy Center in Washington, D.C., the Boston "Pops" under Arthur

Fiedler, the Symphony of the New World at Carnegie hall, the Greenwich Philharmonia, and with the Hudson Valley Philharmonic as winner of its youth competition.

He has participated in the Marlboro festival, the Santa Fe Music festival and the Spoleto festival in Italy, and has performed with the Chamber Music Society of Lincoln center.

A graduate of the Juilliard school, Thompson is professor of humanities at Massachusetts Institute of Technology.

Arturo Delmoni began playing the violin at the age of four years and gave his first public performance at the age of seven. At the age of nine, he

appeared on "The Sid Caesar Show" on nationwide television. Delmoni graduated from the Juilliard school, where he was a Naumburg scholarship student of Ivan Galamian and Dorothy DeLay. He also studied privately with Josef Gingold and Nathan Milstein.

Delmoni won the 1969 Dealey award, was a prize winner in the 1973 International Leventritt competition, and recently won the silver medal in the Third International Violin competition held in Vina del Mar, Chile, in November of 1976. He was also cited by High Fidelity and Musical America as being among today's most interesting young artists.

Students In Program

Four area students are members of the Collegiate Singers of Western Michigan university who will present a winter concert at 3 p.m. Sunday, March 20, in Kanley Chapel, on the WMU campus.

Area members are Phil Zimmerman, son of Mr. and Mrs. Jack Zimmerman, 415 Ridgeway, Pamela Stafford, daughter of Mr. and Mrs. John Stafford, 1792 Nash drive, and Debbie Bischoff, daughter of Mr. and Mrs. Stuart Bischoff, 3441 Valley View drive, all of St.

Joseph, and Jill Warner, daughter of Dr. and Mrs. K.A. Warner, Stevensville.

The 50-voice choir, one of five choral organizations in WMU's department of music, will be under the direction of Mel Ivey.

The public is invited to the program. There is no admission charge.

The program will include works by Carissimi, Haydn and Casals with Brahms' Motet Opus 74 and two graduals, "Christus factus est" and "Os justi," by Bruckner.

Give A Bit Of Green

Holiday Spirit

St. Patrick's Day is for the wearin' of the green, imagined leprechauns and just a wee bit of merry making in celebration of an ancient legend that all began with a tale of snakes on the green landscape of Ireland.

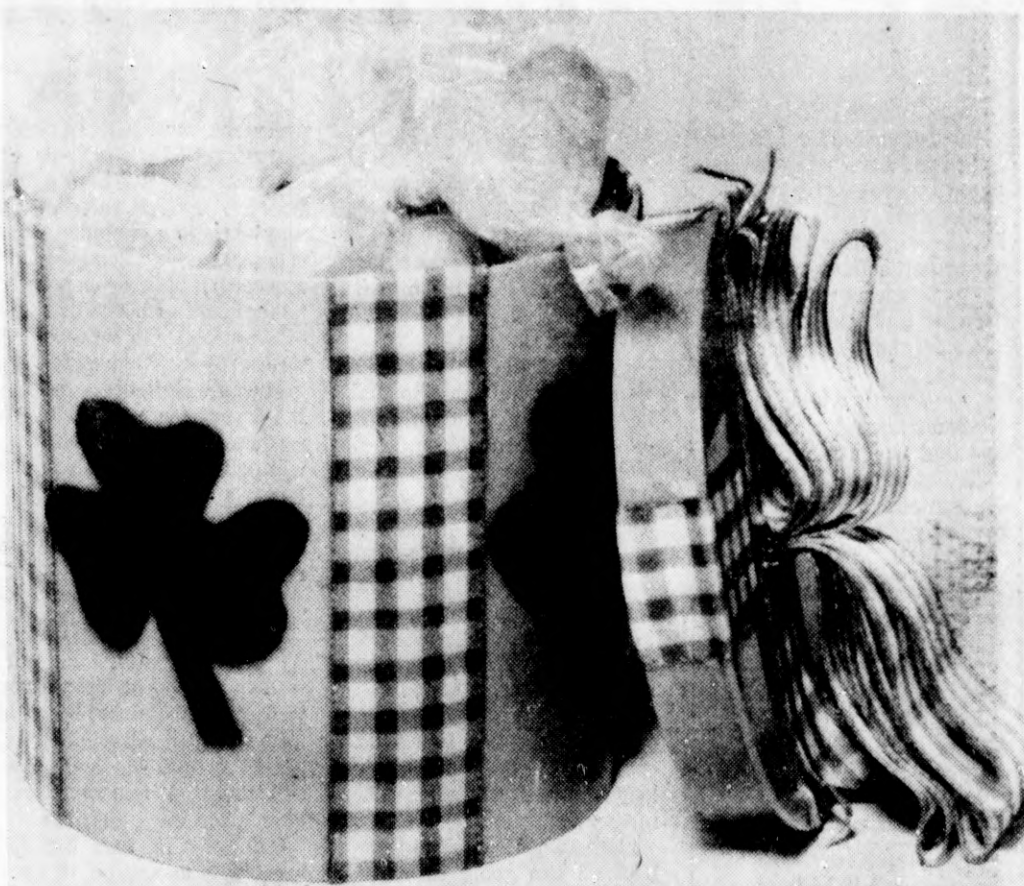

If you are inclined towards making a bit of your own holiday spirit, try your hand at making an all-purpose St. Pat's canister from odds n' ends you may have around the house. You can make it with a bright green canister from a four-pair container of pantyhose, glue, green felt and green gingham ribbon. In a snap, you can put together one or more of these handy decorations for use around the house or as a gift container for that special Irish buddy.

Cut four shamrocks from dark green felt. Cut two strips of green gingham ribbon approximately 12 inches long. Wrap and glue one strip around the sides and bottom of the canister so it lays flat. Wrap the other strip around the sides in a similar way so that it criss-crosses at the bottom, separating the canister into four quarters.

Glue two strips of ribbon in criss-cross style across the lid. To make a decorative ribbon on the lid, cut two ample pieces of ribbon, glue one end down on each side and fold each piece to make flat loops. Make an even number of loops on either side and stitch or glue the loops together at the bottom.

The St. Pat's canister can be used to hold candies, green holiday cookies or an assortment of hidden surprises. If you care to elaborate on the design, try choosing from the many St. Patrick's stick-on decals and seals which are available in five and dime stores. Paper doilies in green and white can also provide frilly, antique additions to this home-made holiday creation.

When you are inclined towards adding a truly traditional touch to your canister, direct your thoughts towards the true Irish art of poetry. You can enclose a little poem inside the canister or affix one to the outside with "Olde English" style transfer lettering. Try your own little rhyme or copy an old traditional ballad to suit the occasion.

ST. PATRICK'S DAY: In a snap, this St. Patrick's Day gift container can be put together to give to an Irish buddy. The container can be used for green cookies, candy, or candles.

Wedding

MRS. MICHAEL KENDALL
Linda Brannan

Miss Linda Joyce Brannan and Michael Steven Kendall exchanged wedding vows March 9 at Church by the Sea, Madeira Beach, Fla.

Parents of the bride are Mr. and Mrs. Calvin Brannan of Seminole, Fla. The groom is the son of Mr. and Mrs. Theodore W. Kendall, Santiago, Chile, formerly of St. Joseph.

The bride wore a qiana knit gown trimmed with lace and featuring a train. Her veil was trimmed with matching lace and she carried carnations with baby's breath.

Miss Susan Leigh Trump was maid of honor. Serving as best man was

Keith Yeske. Ushers were Dale Brannan and Brian Holland.

A reception was held at Breckenridge Resort hotel.

The couple plans a wedding trip this summer to Chile. They are residing at Forest Bridge Apartments, Forest Park, Ga.

The bride is a graduate of Seminole high school and Pinellas beauty college in Florida. She is a cosmetologist at Lodi's Hair Fashions, Madeira Beach. Her husband is a graduate of St. Joseph high school and served in the United States Army. He attended St. Petersburg, Fla., junior college and is owner-manager of Sambo's, Forest Park, Ga.

Sewing Hints

By DOROTHY KING

Here's how to use the pattern catalog.

Now that you have taken your body measurements to find out your figure type and pattern size, you are now ready to get a pattern from the catalog.

All counter catalogs are divided into sections by tabs. Each tab gives either figure types, size ranges, general garment categories or specific items to sew.

Look over the tabs carefully and then select the ones that are in your size range and pertain to your sewing skills.

There are sub-tabs included vertically in the catalog, also. They include evening fashions, bridal or active sportswear. The catalog has other features also.

Make Simple Fruit Dessert

Drizzle drained fruit cocktail with a tablespoon of sherry and spoon into dessert dishes.

Top with instant vanilla pudding prepared using the fruit syrup for part of required liquid along with another tablespoon of sherry. Simple and delicious.

Toward the back there are standard body measurement charts, also an illustration on how to take body measurements, a classified index, personal fit patterns, etc.

Every three months there are major revisions in the catalogs to fit the season.

'You've Got Me There'

'Lemon' Bill Is Upheld

LANSING, Mich. (AP) — Michigan's so-called "auto lemon" bill was strengthened Wednesday when the state House voted to kill an amendment one lawmaker said was discriminatory against the poor.

It was possible the bill could reach a final vote today.

The measure would repeal the hold-in-the-line doctrine in auto sales, and would give buyers of defective cars a legal defense if they stop their payments.

The defeated amendment would have allowed courts to require that buyers continue making car payments into an escrow account while the case is litigated.

Meanwhile, testimony continued Wednesday in the House Consumer Committee on a related bill to prohibit lending institutions from repossessing cars — whether or not they're lemons.

That bill appears to be running into stiffer opposition from lawmakers than does the lemon measure. It is strongly opposed by lenders, who say it will drive up interest rates and make it harder to get credit.

"When a legislature purports to cure an industry practice which is claimed undesirable, a price tag is attached," said Joseph P. Henley, a vice president of Ford Motor Credit Co.

So-called self-help repossession, in which lenders "help themselves" to a car whose buyer has defaulted on payments, is banned in some other states including Wisconsin.

By PIET BENNETT
Associated Press Writer
CADILLAC, Mich. (AP) — The plaintiff in Michigan's first PBB trial admits he sold three animals from his quarantined dairy farm without obtaining required state clearances.

"I'm afraid you've got me there," Roy Tacoma told defense attorney Barry Boughton during cross examination Wednesday. Boughton, who represents Michigan Farm Bureau Services, had asked if Tacoma sold two calves last June 23 without state permits.

The Missaukee County farmer also conceded he sold one steer that day without ever having the animal tested for PBB.

The state requires farmers to have permits before selling any animals from a quarantined farm. Tacoma's farm was quarantined Oct. 14, 1975.

Permits are issued only after each animal involved is tested for the fire retardant chemical. No permit is issued for any animal showing PBB above the .3 parts per million federal tolerance level.

Tacoma said he had permits for some animals and thought he had earlier oral approval from state agriculture department employees for all seven cows he sold for \$1,545 last June.

Tacoma and his wife seek \$250,000 damages from five firms, claiming PBB cost them more than 100 animals. Major defendants in the case are Farm Bureau Services, which accidentally mixed PBB into livestock feed sold statewide in 1973, and Michigan Chemical Co., the manufacturer of PBB. Tacoma also seeks unspecified punitive damages.

Under questioning by Paul Greer, one of his attorneys, Tacoma said he sold the animals last June but listed them as his father's.

"I wouldn't eat these animals myself and I was ashamed to be

selling them," Tacoma said. "I knew they shouldn't be put on the consuming public ... I lost some sleep over it ... I just went out and shot the rest of them," Tacoma said.

On July 15, he and some neighbors shot 110 cattle. However, Tacoma agreed 96 of the 110 animals never were tested for PBB.

"The consuming public has been forced to buy this stuff (meat tainted with PBB) because I haven't been able to find a way out," Tacoma contended. He later claimed Farm Bureau was "trying to scare me into doing things ... I have gone through a lot of distress and humiliation in the last few years."

As his wife, Marilyn, sobbed quietly in the courtroom's front row, Tacoma said living with PBB contamination on his farm has been "a nightmare."

Mrs. Tacoma kept crying as her husband testified about the couple's fears about the chemical's impact on their children. Tacoma refused to discuss symptoms his children

have shown, but said his wife had fainted, experienced brief periods of blindness and suffered "spells just like the animals" with stomach problems.

"We're plenty worried," he insisted, adding that the family has applied for \$250,000 in major medical insurance "to cover ourselves — if we can."

Boughton objected to questions about the family's health on grounds the suit just claims damage to the cattle. But Westford County Circuit Court Judge William Peterson ruled against

him, saying "We're not going to limit it to that."

Sen. Brown Still 'Critical'
FARMINGTON HILLS, Mich. (AP) — State Sen. Basil Brown remains in critical but stable condition in a hospital here following his car accident a week ago, a fellow lawmaker reported Wednesday. State Sen. William Faust, D-Westland, said Brown is expected to be treated in the intensive care unit at Botsford Hospital for up to a week longer. Brown reportedly suffered a fractured knee, several broken ribs, a collapsed lung and facial cuts when his car collided with a tanker truck on Interstate 96.

'Your Problems' By Ann Landers

To Each His Own

Dear Ann Landers: My best friend and I are both 23 years of age. We were married about the same time (last year) to a couple of great guys. Will you please settle an argument?

Myrtle says a wife should say "Thank you" to her husband after they have made love. I say "No way."

I'm perfectly willing to let my husband know he pleased me and that I appreciate him as a lover, but to say "Thank you" for something that should be mutually satisfying seems

ridiculous. After all, he is not doing me a favor when he makes love to me, so why should I thank him?

Myrtle says it never hurts to build up a man's ego and this is a great way to make him feel special. What do YOU say? — Divided In Durham

Dear Divided: To each his own. If Myrtle wants to thank her husband to build up his ego — that's her business. If you feel it would be degrading, don't do it.

Talking Pills?

Dear Ann Landers: In answer to "One With Two Tired Ears," the reader whose friend is a non-stop talker, I suggest she check friend's medicine cabinet. There is a better than even chance that this mouthy lady is turned on by some sort of medication.

I know what I'm talking about because I'm going through it right now with my mother-in-law. I can always tell when she has taken her "nerve pills" because on those days it is impossible to shut her up. She rattles on and on about

everything and anything and no one can get a word in edgewise. Your comment that people who are shallow and insecure may be compulsive talkers is, of course, true, but don't overlook another possibility — a non-stop talker could be hooked on pills. — Sympathetic in N.C.

Dear Sym.: Thanks for suggesting the alternate possibility. It's a very real one. I hope my readers who are on medication will pay close attention to your letter and, if they recognize themselves, will make a special effort to stem the verbiage or reduce the dosage.

Dog Unwelcome

Dear Ann Landers: Every year my husband and I visit his folks who have a lovely home up north. A bachelor uncle lives with them. He is a sourpuss. I never liked Uncle Herman.

Last May we took our dog, King, with us and he bit Uncle Herman three different times. (Nothing serious — no stitches.) I'm sure Uncle Herman must have kicked him or something. King is not vicious. He has never bitten anyone except a

ANN LANDERS

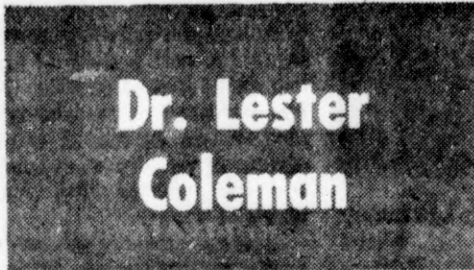

mailman who is known to hate dogs. He also nipped a neighbor kid who pulled his tail.

We phoned the folks last night to tell them when we are coming. They said, "Fine, but DON'T bring your dog." My

husband is very upset. He thinks his folks should tell Uncle Herman to go visit his sister or brother during the time we plan to be there. To board King out would be very expensive and he doesn't see why we should be put to the inconvenience. What do YOU say, Ann? — Dothan, Ala.

Dear Do: My opinion doesn't count. Your husband has been told by his folks that the dog is not welcome. It's their house and he should abide by their wishes.

Even if drinking is the "in" thing in your crowd, it needn't crowd you out. Learn the facts from Ann Landers' booklet, "Booze and You — For Teen-Agers Only." Send 50 cents in coin and a long, self-addressed, stamped envelope to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

Dr. Lester Coleman

Our 16-year-old daughter has had asthma for a number of years. It is kept in fairly good control by drugs. She will be going to college soon. Do you think it advisable to choose a school in an area beneficial to asthma sufferers? We also thought of moving to such a place. — Mrs. L.E., VI.

Dear Mrs. E.: A dry climate, without wide swings of temperature, is considered favorable for people who have asthma.

Unfortunately, climate is not always the total answer to the complex problem of asthma. I have known many families who have impulsively uprooted themselves and moved into a new geographic area for this reason, only to find that climate in their cases did not materially affect the asthma.

The total upheaval of the family can lead to much disappointment and heartache. Choosing a school in an area that is reputed to be beneficial for asthma patients is a good idea. If your daughter is not benefitted or if her asthma becomes worse by this choice she can always consider another area.

Unlike whole families who decide to make a tremendous move, your daughter's temporary residence will not affect her a great deal. Testing out a new geographic area before uprooting the family is the only way to appraise its advantages for people with asthma, bronchitis or emphysema. There are now many new, exciting drugs on the horizon which are beneficial in prevent-

ing asthmatic attacks and controlling them. It is my personal belief that, in a few years, asthma will be a controllable disease.

My doctor always seems to sidetrack answering questions about how long an illness will last. Can't the prognosis as well as the diagnosis, be part of good medical practice? I am in show business and when I have bad laryngitis it's important for me to know how soon I can get back to work. — Mr. H.R., N.Y.

Dear Mr. R.: It is the wise doctor who does not fall into the trap of prognosticating, or guessing, the exact duration of an illness.

Not only people who are in show business, but almost everyone likes to plan on the time of recovery. Yet all of us in the practice of medicine have learned that there are too many factors that enter into each individual person's recovery from an illness.

With simple laryngitis, recovery depends on the cause, the diligence with which the patient cooperates with the doctor, the elimination of tobacco and the reduction of vocal abuse. Therefore it is almost impossible to assure the patient that on "a week from Wednesday or Thursday" he can go back to work.

Serve Crepes For Dessert

Drain canned crushed pineapple (save syrup or juice for use another time). Sweeten fruit to taste with brown sugar. Stir in a little lemon juice and flaked coconut. Heat with a spoonful or two of rum. Serve over folded crepes.

Your Baby Our Pledge

We'll constantly strive to fit your baby's shoes 100% correct, in fact we guarantee correct fit. We know one pair of feet must last a lifetime.

By Oswald & James Jacoby

Today's hand shows two excusable errors in the bidding and one almost inexcusable error in the play that made up for them.

South's one-heart opening and North's one-spade response were both correct, but South should rebid two diamonds rather than one notrump. You don't bid notrump when you have a worthless doubleton in an unbid suit if you can find any other bid. South had a perfectly good two-diamond call.

Still he had a reason for bidding notrump. He was an excellent dummy player and wanted to be the declarer if anyone played notrump.

North should have given a jump bid of three hearts in spite of South's notrump rebid. But North knew that his partner liked to play notrump, had opened the bidding and rebid one notrump and North was looking at 13 high-card points with at least one honor in each suit.

West got off to the normal lead of his fourth-best club and expert South saw that he had exactly eight top tricks and no play for nine unless he could steal a diamond so South hopped up with dummy's ace of clubs and led the four of diamonds.

East who had been paying little attention to anything played low. South won the diamond trick and cashed out the other eight.

Ask the Jacobys

A Virginia reader wants to know if hearts ever were the highest-ranking suit.

Not at contract, but in the early days of auction the order of rank of suits was hearts, diamonds, clubs and spades. The spade suit was moved to the top around 1910 and has stayed there.

(For a copy of JACOBY MODERN, send \$1 to: "Win at Bridge," c/o this newspaper, P.O. Box 489, Radio City Station, New York, N.Y. 10019)

Enjoy Country Soup

Raise your consciousness and invite a senior citizen home to enjoy country soup.

In saucepan, brown one-half cup cooked ham cut in strips and cook one small clove garlic, minced, and a generous dash crushed thyme leaves in one tablespoon butter or margarine.

Add one can (ten and one-half ounces) condensed vegetable soup and one soup can water. Heat; stir occasionally. Makes about two and one-half cups, two servings.

AAUW Annual Meeting March 15

PAW PAW — Paw Paw Area Branch of the American Association of University Women will hold its annual meeting Tuesday, March 15, at 7:30 p.m. in the children's room of the Paw Paw public library.

Leona Washburn, coordinator of continuing education for young women and their children of the Kalamazoo public schools, and a charter member and first program vice president of the local AAUW branch, will present "School

Age Parents and Their Children."

Using slides, Mrs. Washburn will describe aspects of her work which provides an alternative education program for teenage mothers and their children. The program, through education, strives to provide the

means for the mothers and their children to have a better future, according to Mrs. Washburn.

Officers will be elected at the meeting.

Hostesses will be Mrs. Lyle (Barbara) Buckingham, Mrs. Leonard (Jan) Morris and Mrs. Tim (Madelyn) Washburn.

Engine Swaps Common In GM's Five Divisions

DETROIT (AP) — Oldsmobile Delta 88 owners who find a Chevrolet engine under their cars' hoods may not be the only auto owners whose autos hold a surprise for them.

Buick owners could discover their cars have an Olds or Pontiac engine. Pontiacs and Oldsmobiles may come with a Buick V-6. A Cadillac may feature a modified Olds engine.

Engine swapping has been going on for years among General Motors' five divisions. But the practice has become more common in the past year because GM is bringing out new small engines to go with its smaller-sized cars. GM also is reducing the number of different engines built by its five divisions.

The switch to "corporate" engines — standardized power plants built by one division but shared by several — also means substantial cost savings.

The problem for GM is that many owners apparently are not aware that an Olds may not have an Olds engine or a Buick a Buick engine.

One consumer's rude awakening occurred last week in Illinois, where a customer's complaint that his Olds Delta 88 came with a Chevy engine prompted the state attorney general to file suit against GM.

Atty. Gen. William Scott charged that the engine switch may be "a material concealment and deception" in violation of Illinois law. His suit asks that Delta 88 buyers either get new cars with Olds engines or \$175 cash refunds — Scott's estimated price difference

between the two engines. Similar suits may be filed in other states.

GM officials have not denied the engine switch, but they do deny any wrongdoing, saying Olds dealers had been notified of the practice and that the engines are "interchangeable."

But Scott said Monday that dealers should have told customers of the switch.

"They can put little chipmunks in cages to run their cars and it's okay with me if they've told the buyer," the Illinois at-

**Many Owners
Apparently Not
Aware Of Switch**

torney general said.

Both engines are 330-cubic-inch V-8's with four-barrel carburetors, but they are not identical.

The Chevy engine is newer, lighter and of modified design, thus it requires different parts should it have to be rebuilt. Also, according to federal tests conducted before the start of the 1977-model year last fall, the Olds engine gets better fuel economy than the Chevy engine — up to one or two miles per gallon on the average.

Price also is different. A full-size Chevy, which comes standard with a 250-c.i. straight-6 engine, offers the Chevy 350 V-8 for an additional \$210. The Olds Delta 88, which comes standard

with a 231 V-6, offers an Olds 350 for another \$190.

GM President E.M. Estes said parts interchangeability has increased in recent years and will be extended in the future because of the need to meet government standards on safety, emissions and fuel economy.

Estes said 1978 model Chevrolet and GMC Truck & Coach will offer for sale in some trucks a new GM diesel engine produced by Oldsmobile. He said Buick will be manufacturing an improved GM V-6 engine that meets the product requirements of new mid-sized cars other than Buicks.

In the current model year, Estes said, the GM 231 V-6 engine made by Buick is available in 13 separate car lines offered by Buick, Olds and Pontiac divisions of GM.

"Major mechanical components such as transmissions are also shared across a number of GM product lines," Estes said. "This is not a new procedure at GM nor in the auto industry. It has been done for years."

"We, along with every other major manufacturer, produce no car which is unique in every one of its functional characteristics," the statement continued. "To do so would result in a product beyond the financial means of the vast majority of people."

The flap over the Olds engine switch stems from years of GM advertising that emphasized differences among divisional products that are essentially the same.

'You've Got Me There'

'Lemon' Bill Is Upheld

LANSING, Mich. (AP) — Michigan's so-called "auto lemon" bill was strengthened Wednesday when the state House voted to kill an amendment one lawmaker said was discriminatory against the poor.

It was possible the bill could reach a final vote today.

The measure would repeal the holder-in-due course doctrine in auto sales, and would give buyers of defective cars a legal defense if they stop their payments.

The defeated amendment would have allowed courts to require that buyers continue making car payments into an escrow account while the case is litigated.

Meanwhile, testimony continued Wednesday in the House Consumer Committee on a related bill to prohibit lending institutions from repossessing cars — whether or not they're lemons.

That bill appears to be running into stiffer opposition from lawmakers than does the lemon measure. It is strongly opposed by lenders, who say it will drive up interest rates and make it harder to get credit.

"When a legislature purports to cure an industry practice which is claimed undesirable, a price tag is attached," said Joseph P. Henley, a vice president of Ford Motor Credit Co.

So-called self-help repossession, in which lenders "help themselves" to a car whose buyer has defaulted on payments, is banned in some other states including Wisconsin.

WITHOUT PBB CLEARANCE Farmer Admits Selling Cattle

By PIET BENNETT
Associated Press Writer
CADILLAC, Mich. (AP) — The plaintiff in Michigan's first PBB trial admits he sold three animals from his quarantined dairy farm without obtaining required state clearances.

"I'm afraid you've got me there," Roy Tacoma told defense attorney Barry Boughton during cross examination Wednesday. Boughton, who represents Michigan Farm Bureau Services, had asked if Tacoma sold two calves last June 23 without state permits.

The Missaukee County farmer also conceded he sold one steer that day without ever having the animal tested for PBB.

The state requires farmers to have permits before selling any animals from a quarantined farm. Tacoma's farm was quarantined Oct. 14, 1975.

Permits are issued only after each animal involved is tested for the fire retardant chemical. No permit is issued for any animal showing PBB above the .3 parts per million federal tolerance level.

Tacoma said he had permits for some animals and thought he had earlier oral approval from state agriculture department employees for all seven cows he sold for \$1,545 last June.

Tacoma and his wife seek \$250,000 damages from five firms, claiming PBB cost them more than 100 animals. Major defendants in the case are Farm Bureau Services, which accidentally mixed PBB into livestock feed sold statewide in 1973, and Michigan Chemical Co., the manufacturer of PBB. Tacoma also seeks unspecified punitive damages.

Under questioning by Paul Greer, one of his attorneys, Tacoma said he sold the animals last June but listed them as his father's.

"I wouldn't eat these animals myself and I was ashamed to be

selling them," Tacoma said. "I knew they shouldn't be put on the consuming public. I lost some sleep over it. I lost I be badgered into doing it again, I just went out and shot the rest of them," Tacoma said.

On July 15, he and some neighbors shot 110 cattle. However, Tacoma agreed 96 of the 110 animals never were tested for PBB.

"The consuming public has been forced to buy this stuff (meat tainted with PBB) because I haven't been able to find a way out," Tacoma con-

tended. He later claimed Farm Bureau was "trying to scare me into doing things. I have gone through a lot of distress and humiliation in the last few years."

As his wife, Marilyn, sobbed quietly in the courtroom's front row, Tacoma said living with PBB contamination on his farm has been "a nightmare."

Mrs. Tacoma kept crying as her husband testified about the couple's fears about the chemical's impact on their children. Tacoma refused to discuss symptoms his children

have shown, but said his wife had fainted, experienced brief periods of blindness and suffered "spells just like the animals" with stomach problems.

"We're plenty worried," he insisted, adding that the family has applied for \$250,000 in major medical insurance "to cover ourselves — if we can."

Boughton objected to questions about the family's health on grounds the suit just claims damage to the cattle. But Wexford County Circuit Court Judge William Peterson ruled against

Boughton, saying "We're not going to limit it to that."

Sen. Brown Still 'Critical'

FARMINGTON HILLS, Mich. (AP) — State Sen. Basil Brown remains in critical but stable condition in a hospital here following his car accident a week ago, a fellow lawmaker reported Wednesday. State Sen. William Faust, D-Westland, said Brown is expected to be treated in the intensive care unit at Botsford Hospital for up to a week longer. Brown reportedly suffered a fractured knee, several broken ribs, a collapsed lung and facial cuts when his car collided with a tanker truck on Interstate 96.

It's News TODAY

School Drug Traffic Cracked

SHAKOPEE, Minn. (AP) — Police knew there was heavy drug traffic at Shakopee High School but couldn't get near it until they secretly enrolled a young policewoman as a student. On her second day she was offered a marijuana cigarette. Within a week she had bought her first drugs. After two months at the school, the policewoman learned that 50 to 75 per cent of the 730 students used some form of drugs. She gathered evidence against a dozen students for selling narcotics, and Scott County Atty. Dennis Moriarty said his office will take action against them.

Chavez Wins In Fields

FRESNO, Calif. (AP) — Years of farm labor strife marked by occasional violence in California appear to be ending with the giant Teamsters Union leaving the fields to Cesar Chavez' scrappy United Farm Workers. Chavez and Teamsters International President Frank Fitzsimmons are to announce an agreement today which would split organizing rights: the UFW will get sole jurisdiction in the fields, the Teamsters sole jurisdiction over cannery workers. Twice before, the bitter rivals reached agreements that failed.

The scheduled announcement comes after negotiations that began late last year. They were conducted quietly without the pressure of a crisis in the fields and with only occasional public comments from Chavez.

U.S. Joins Anti-Chile Vote

GENEVA, Switzerland (AP) — The U.N. Human Rights Commission, with U.S. support, condemned repression by Chile's military junta by a vote of 26-1. But the 32-nation panel rebuffed a British bid for public debate of mass murder charged to President Idi Amin in Uganda. The United States voted for the anti-Chilean resolution Wednesday although the Carter administration repudiated the admission by its representative at the meeting that the U.S. government had a part in the "subversion" of the elected Marxist government overthrown by the junta.

Few Blacks Criticize Amin

DAKAR, Senegal (AP) — Few black African leaders have spoken out against President Idi Amin of Uganda, although few admire him. The reported deaths of thousands of Amin's political and tribal opponents in Uganda, including Anglican Archbishop Janani Lumum three weeks ago, has stirred up little criticism. Government officials in several black African countries privately call Amin a "brutal buffoon" or say he is "dangerously savage," but they don't say it publicly. Observers in black Africa say the silence is a self-defense mechanism which one Western diplomat said is based on the principle: "If I don't attack anyone publicly, no one will attack me."

Aussie Demands Apology

CANBERRA, Australia (AP) — A government member of Parliament demanded today that opposition leader Gough Whitlam apologize for asking in jest whether Queen Elizabeth II might some day be designated "Queen of Sheba." Whitlam was fired as prime minister by the queen's representative in Australia 16 months ago. He made the remark in a speech Tuesday when the visiting queen opened Parliament. "I see some of your subjects there in the United Kingdom want you to be Queen of the Scots," Whitlam said. "Last week it was proposed that you be Queen of the Solomon Islands. What next? Queen of Sheba?"

IN CUSTODY: Cory Moore is led to an awaiting police car in Warrensville Heights, Ohio, after speaking with President Carter by phone, as he had requested while holding hostages in the police station for some 44 hours. (AP Wirephoto).

Ancient Straits Ferry Saved From Junk Heap

LANSING, Mich. (AP) — The oldest ferry on the Great Lakes has eluded dire straits again.

The Michigan Highway Commission on Wednesday ordered \$400,000 worth of repairs for the aging Chief Wawatam and said the boat will be used until a younger, more seaworthy vessel can be found.

On a 3-1 vote, the commission said it will ask the U.S. Coast Guard to let the 66-year-old ferry continue running its 8-mile weekly roundtrip across the Straits of Mackinac.

Originally, the Chief was scheduled to be drydocked in April by the Coast Guard, which estimated that \$750,000 worth of repairs, including overhauls of the engines, were needed. But the state will seek a one-year extension of the drydocking in the hopes that a newer ferry can be bought by then.

The state is now paying about \$400,000 a year to operate the ferry, which hauls only about 300 railroad cars a year. It's the last rail link between Michigan's two peninsulas.

Commissioner Wes Vivian of Ann Arbor, the lone dissenter Wednesday, has objected to the high cost of running the service. He said he concluded after visiting the Chief on Tuesday that "it's a marvelous mechanism for a museum."

Railroad cars were ferried across the straits as early as 1887, when the Mackinac Transportation Co. used a wooden ferry. The steel Chief Wawatam was launched in 1911. It is one of the last hand-fired, coalburning steam vessels on the Great Lakes and still has its original engines.

Gunman Awaits Charges In Two-Day Ohio Siege

By JOHN W. GONZALEZ

Associated Press Writer
WARRENSVILLE HEIGHTS, Ohio (AP) — Armed only with a good luck wish from President Carter, surrendered gunman Cory Moore is in county jail awaiting probable indictment on kidnapping charges resulting from his two-day siege at City Hall here.

Moore was jailed Wednesday after receiving a telephone call from Carter. Secret Service agents permitted no one to monitor the call.

But as Moore was taken to the Cuyahoga County Jail in Cleveland in lieu of bonds totaling \$200,000, he told reporters, "He (Carter) wished me luck."

As he had said he would, the unemployed ex-Marine surrendered peacefully Wednesday morning after a White House news conference in which Carter mentioned Moore.

Carter admitted that promising to talk to Moore even with the stipulation that he first release the second of two hostages might be setting a "dangerous precedent."

But moments after Carter completed the news conference — which Moore was watching on a television he had swapped earlier in the siege for 17-year-old hostage Shelley Kiggins — Moore freed police captain Leo Keglovic, 40, and gave him the two handguns he used to keep police at bay for 45 hours.

Moore began the siege at the suburban Cleveland municipal office complex on Monday afternoon when he fired three shots from a .38 caliber revolver and took Keglovic and Miss Kiggins, a city employee, into a nearby room.

Moore did not eat, drink or sleep for the duration of the siege. He spoke frequently on the telephone.

Early in the takeover, he demanded that whites leave the Earth or at least burn all their money. For a while, he insisted that Carter broadcast an apology for the way blacks have been treated in America since 1861.

Keglovic, a father of five who appeared weary but relieved when he faced reporters outside City Hall, said the whole dilemma was a result of the fact that Moore was able to buy "that lousy \$37 gun" at a department store.

He said he was able to talk freely with Moore about his black and human rights philosophies, but he was "absolutely" convinced that Moore would kill him if it was expedient.

Police said Moore would go before the grand jury on the two kidnapping charges. Maximum punishment for the state charges is 25 years on each count and up to \$1,000 in fines per count.

Police said no federal charges were contemplated.

Senators Split

Michigan's two U.S. senators split Wednesday in roll call voting on the confirmation of Paul Warnke as U.S. disarmament negotiator.

The Senate voted 58-40 in favor of the confirmation.

Donald Riegle, D-Mich., was one of 48 Democrats in favor. Robert Griffin, R-Mich., was one of 28 Republicans opposed.

Engine Swaps Common In GM's Five Divisions

DETROIT (AP). — Oldsmobile Delta 88 owners who find a Chevrolet engine under their cars' hoods may not be the only auto owners whose autos hold a surprise for them.

Buick owners could discover their cars have an Olds or Pontiac engine. Pontiacs and Oldsmobiles may come with a Buick V-6. A Cadillac may feature a modified Olds engine.

Engine swapping has been going on for years among General Motors' five divisions. But the practice has become more common in the past year because GM is bringing out new small engines to go with its smaller-sized cars. GM also is reducing the number of different engines built by its five divisions.

The switch to "corporate" engines — standardized power plants built by one division but shared by several — also means substantial cost savings.

The problem for GM is that many owners apparently are not aware that an Olds may not have an Olds engine or a Buick a Buick engine.

One consumer's rude awakening occurred last week in Illinois, where a customer's complaint that his Olds Delta 88 came with a Chevy engine prompted the state attorney general to file suit against GM.

Atty. Gen. William Scott charged that the engine switch may be "a material concealment and deception" in violation of Illinois law. His suit asks that Delta 88 buyers either get new cars with Olds engines or \$175 cash refunds — Scott's estimated price difference

between the two engines. Similar suits may be filed in other states.

GM officials have not denied the engine switch, but they do deny any wrongdoing, saying Olds dealers had been notified of the practice and that the engines are "interchangeable."

But Scott said Monday that dealers should have told customers of the switch.

"They can put little chipmunks in cages to run their cars and it's okay with me if they've told the buyer," the Illinois at-

Many Owners Apparently Not Aware Of Switch

torney general said.

Both engines are 350-cubic-inch V-8's with four-barrel carburetors, but they are not identical.

The Chevy engine is newer, lighter and of modified design, thus it requires different parts should it have to be rebuilt. Also, according to federal tests conducted before the start of the 1977-model year last fall, the Olds engine gets better fuel economy than the Chevy engine — up to one or two miles per gallon on the average.

Price also is different. A full-size Chevy, which comes standard with a 250-c.i. straight-6 engine, offers the Chevy 350 V-8 for an additional \$210. The Olds Delta 88, which comes standard

with a 231 V-6, offers an Olds 350 for another \$190.

GM President E.M. Estes said parts interchangeability has increased in recent years and will be extended in the future because of the need to meet government standards on safety, emissions and fuel economy.

Estes said 1978 model Chevrolet and GMC Truck & Coach will offer for sale in some trucks a new GM diesel engine produced by Oldsmobile. He said Buick will be manufacturing an improved GM V-6 engine that meets the product requirements of new mid-sized cars other than Buicks.

In the current model year, Estes said, the GM 231 V-6 engine made by Buick is available in 13 separate car lines offered by Buick, Olds and Pontiac divisions of GM.

"Major mechanical components such as transmissions are also shared across a number of GM product lines," Estes said. "This is not a new procedure at GM nor in the auto industry. It has been done for years."

"We, along with every other major manufacturer, produce no car which is unique in every one of its functional characteristics," the statement continued. "To do so would result in a product beyond the financial means of the vast majority of people."

The flap over the Olds engine switch stems from years of GM advertising that emphasized differences among divisional products that are essentially the same.

By JOHN W. GONZALEZ
Associated Press Writer
WARRENSVILLE HEIGHTS, Ohio (AP) — Armed only with a good luck wish from President Carter, surrendered gunman Cory Moore is in county jail awaiting probable indictment on kidnapping charges resulting from his two-day siege at City Hall here.

Moore was jailed Wednesday after receiving a telephone call from Carter. Secret Service agents permitted no one to monitor the call.

But as Moore was taken to the Cuyahoga County Jail in Cleveland in lieu of bonds totaling \$200,000, he told reporters, "He (Carter) wished me luck."

As he had said he would, the unemployed ex-Marine surrendered peacefully Wednesday morning after a White House news conference in which Carter mentioned Moore.

Carter admitted that promising to talk to Moore even with the stipulation that he first release the second of two hostages might be setting a "dangerous precedent."

But moments after Carter completed the news conference — which Moore was watching on a television he had swapped earlier in the siege for 17-year-old hostage Shelley Kiggins — Moore freed police captain Leo Keglovic, 49, and gave him the two handguns he used to keep police at bay for 45 hours.

Moore began the siege at the suburban Cleveland municipal office complex on Monday afternoon when he fired three shots from a .38 caliber revolver and took Keglovic and Miss Kiggins, a city employee, into a nearby room.

Moore did not eat, drink or sleep for the duration of the siege. He spoke frequently on the telephone.

Early in the takeover, he demanded that whites leave the Earth or at least burn all their money. For a while, he insisted that Carter broadcast an apology for the way blacks have been treated in America since 1619.

Keglovic, a father of five who appeared weary but relieved when he faced reporters outside City Hall, said the whole dilem-

ma was a result of the fact that Moore was able to buy "that lousy \$37 gun" at a department store.

He said he was able to talk freely with Moore about his black and human rights philosophies, but he was "absolutely" convinced that Moore would kill him if it was expedient.

Police said Moore would go before the grand jury on the two kidnapping charges. Maximum punishment for the state charges is 25 years on fines per count and up to \$1,000 in fines per count.

Police said no federal charges were contemplated.

Senators Split

Michigan's two U.S. senators split Wednesday in roll call voting on the confirmation of Paul Warnke as U.S. disarmament negotiator.

The Senate voted 58-40 in favor of the confirmation.

Donald Riegle, D-Mich., was one of 48 Democrats in favor. Robert Griffin, R-Mich., was one of 28 Republicans opposed.

LITTLE RED SHOE HOUSE
MERCHANDISE POLICY:
We warrant World Wide, Inc. has an established Quality Control Program in order to maintain its high standards for regular merchandise. When any of our shoes or boots do not meet our standards they are processed as irregulars and offered to the public at our Little Red Shoe House factory outlet stores. In addition, these shoes carry, from time to time, seasonally selective (discontinued) merchandise. Since we have no control over the sizes which become available as irregulars or discounts, we cannot guarantee that our shoes will have complete size runs of the styles offered for sale.

Hamilton Now Commands Post

A former Buchanan man, Col. John D. Hamilton Sr., has been named commander of the

COL. JOHN HAMILTON SR.
Named post commander

Presidio of San Francisco Army base in San Francisco, Calif.

Col. Hamilton, son of Mrs. Ralph W. Fisher, Buchanan, became the base's 201st commander in ceremonies last month. He was deputy post commander prior to assuming command.

A graduate of the University of Nebraska, he is also a graduate of the army's Command and General Staff College, Ft. Leavenworth, Kans.

He served in the army from 1946 to 1949 as an enlisted man then re-entered the army in 1951 and was commissioned as a second lieutenant. He served in both Korea and Vietnam. He has received numerous decorations including two bronze star awards with valor insignias, two bronze stars and the meritorious service medal.

Col. Hamilton and his wife, Kathryn, reside at the base with their son, John, Jr. Their two daughters, Joan and Anita, are both married.

Ten Names In Hat For 31st Millionaire

LANSING, Mich. (AP) — The Michigan lottery's 31st millionaire will be named Monday night in Kalamazoo, in a drawing from a list of 10 finalists. In addition to the \$1 million winner, one person will win \$50,000, another will win \$25,000 and the remaining seven each will win \$10,000. The finalists are:

— Alvin Hurry of Detroit, Webb Russell of Flat Rock, Gretchen Cordy of Fairhaven, Dorothy Esterline of Harbor Springs, Lucky Dozen Lottery Club of Perry, Lucky Ten Lottery Club of Livonia, Helen Mooney of Northville, Jean Ross of Harper Woods, Dorothy Rydell of Belleville and Jackson Woods of Detroit.

The drawing will be held in the Kalamazoo Center at 7:30 p.m.

Serving The Nation

COMPLETES BASIC TRAINING

Pvt. Maria Clem, daughter of Mr. and Mrs. Leon Clem Sr., route 1, Box 44-C, Hochberger road, Eau Claire, has recently graduated from eight weeks basic training at Fort Jackson, S.C. She is a 1975 graduate of Eau Claire high school and attended Southwestern Michigan College. She was an aide at Berrien General hospital prior to entering the Army in November 1976. She has also completed laboratory studies in preventive medicine at Fort Sam Houston, Texas.

Maria Clem

Millhouse Still Keeler Fire Chief

KEELER — Robert Millhouse, Jr., has been re-elected chief of the Keeler volunteer fire department for 1977-78. The term will be his second.

New assistant chiefs elected during the annual election of officers were Junior Bogard and Robert Hall, Sr.

Re-elected were Robert Dodd, captain; John Millhouse, lieutenant; and Henry Vlick, secretary-treasurer.

Beulah Voters Reject Two Millages Again

BEULAH, Mich. (AP) — Voters in this Benzie County community rejected school millage proposals for the second time in six months this week.

The first vote involved 1.5 mills to finance a \$975,000 expansion and renovation program for school buildings. The second would have provided three additional mills for school operation.

Ken Sanders, superintendent of Benzie School District, said another try will be made to pass the millage items.

GROUND WATER LEVELS DIP

WASHINGTON (AP) — U.S. Geological Survey officials are expressing increasing worry over the sharp drought-produced decline in ground water levels around the country.

AIRMAN PROMOTED

Michael J. Dent, son of Mrs. Mary F. Dent, 5080 St. Joseph drive, Stevensville, has been promoted to A First Class in the U.S. Air Force.

Airman Dent, an instrument trainer instructor specialist, is assigned to Holloman AFB, N.M., with a unit of the Tactical Air Command.

He is a 1975 graduate of Lakeshore high school, attended Lake Michigan College.

His wife, Jo Ellen, is the daughter of Mr. and Mrs. Charles Kent, 4195 Washington Ave., St. Joseph. His father, Marshall Dent, resides in Grand Rapids.

AIRMAN FIRST CLASS

NILES — Scott Fortier, son of Mr. and Mrs. Thomas A. Fortier, 1802 Cedar Point drive, Niles, has been promoted to airman first class in the U.S. Air Force. He is serving as a power production specialist at Wurtsmith AFB, Mich.

He is a 1974 graduate of Brandywine high school. His wife, Barbara, is the daughter of Mr. and Mrs. Harold R. Barrett, Niles.

SENIOR AIRMAN

VANDALIA — Gary L. Vicsek, son of Mr. and Mrs. Alfred R. Vicsek, Route 1, Vandalia, has been promoted to senior airman in the U.S. Air Force.

He is an administrative specialist at Lakenheath RAF Station, England, and serves with a unit of the United States Air Forces in Europe.

Lying Called No Way To Keep A Job

WASHINGTON (AP) — Nine out of 10 companies reject a candidate for lying on his job application or will fire him if lying is discovered later, according to the Bureau of National Affairs.

Almost all prospective employers (83 per cent) verify previous employment, and 53 per cent verify education background.

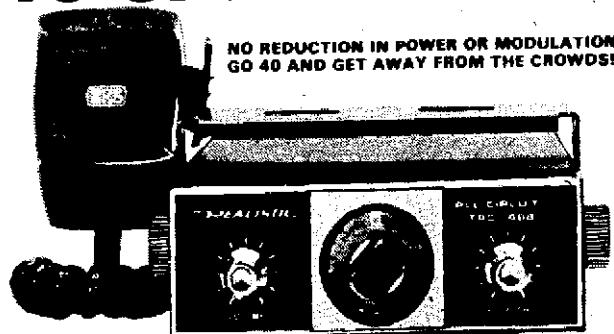

Most companies still give pre-employment physicals and almost half give psychological tests. A few require lie detector tests for sensitive jobs.

PRESIDENTS MEET: Presidents of Michigan's three largest public universities met with state House and Senate college and university committees at the State Capitol Wednesday. From left are: George Gullen, Wayne State University; Robben Fleming, University of Michigan; Jackie Vaughn, D-Detroit, chairman, House college and university committee; and Clifton Wharton, Michigan State University. (AP Wirephoto)

LEGISLATURE PANEL TOLD Big Colleges Need Money

By MALCOLM JOHNSON
Associated Press Writer
LANSING, Mich. (AP) — Michigan's three largest colleges brought a clear message to the state legislature Wednesday: they need more money.

The presidents of the University of Michigan, Michigan State University and Wayne State University told a joint House-Senate committee that state aid is not meeting the pressures of inflation, skyrocketing utility costs and rising salaries.

And, they said, unless the legislature gives them more funds, Michigan colleges risk failure in doing their jobs and competing with other states in attracting top faculty members.

In addition, they warned that the state is increasing aid to private colleges when its

primary obligation is to make sure the public institutions have enough first.

"Education is not receiving the priority it used to receive in Michigan," said Wayne State President George Gullen after the meeting of the House and Senate committees on colleges and universities.

MSU President Clifton Wharton said Michigan ranks last in the nation in the increase in higher education spending over the past decade. He said Michigan may be "at a turning point" in deciding the importance and roles for colleges and universities.

The erosion in support, he said, has affected colleges' ability to meet their goals. Class size has been increased, courses cut, and tenured positions replaced with temporary employees.

"It takes 10 to 15 years to build an academic unit of excellence," he told the committees. "But you can destroy it in two or three years if you're unable to compete with other universities."

"Wayne has sacrificed and scrimped," Gullen said. "Our classrooms are dirty — they're disgraceful. Windows are unwashed. The grounds are unkempt. We're at the breaking point on tuition. We need money."

U-M President Robben Fleming noted that many costs are beyond the school's control, such as utility bills, worker's compensation and unemployment compensation costs, and reduced federal aid. "There is no way" within the university we can replace those amounts," he said.

Gullen and Wharton told law-

makers that state aid to private schools should not be permitted to hurt the public colleges. Wharton said he supports aid for private colleges, "but first of all insure adequate funding to public institutions."

Carter To Push Mideast Talks

WASHINGTON (AP) — President Carter is promising a major American effort to convene a Middle East peace conference in Geneva before the year is out.

Carter, who met with Israeli Prime Minister Yitzhak Rabin this week and plans sessions with Arab leaders in the next month, discussed the Middle East situation at a broadcast news conference Wednesday.

Bottle Plans Urged

LANSING, Mich. (AP) — Gov. William Milliken has urged the state Liquor Control Commission to begin getting ready now for Michigan's move to returnable bottles.

Milliken on Wednesday noted the ban on nonreturnable bottles and cans takes effect Dec. 3, 1978, and said state government must assure a smooth transition to the returnable system.

Milliken said the commission should begin a review of its rules and regulations as they relate to beverage containers. He said changes in the rules should be made by this December, to provide a year for industry to implement the changes.

Among the regulations he said the commission should review are those that relate to the packaging of returnable containers and required deposits on them. He said the commission must designate early the types of containers that will be certified as reusable by more than one manufacturer under the new law.

The commission must set a Michigan symbol to be placed on each beverage container sold after 1978, and take steps to prevent hardships to businesses that might occur when a dealer is forced to redeem more containers than it sells.

Hamilton Now Commands Post

A former Buchanan man, Col. John D. Hamilton Sr., has been named commander of the

COL. JOHN HAMILTON SR.
Named post commander

Presidio of San Francisco Army base in San Francisco, Calif.

Col. Hamilton, son of Mrs. Ralph W. Fisher, Buchanan, became the base's 201st commander in ceremonies last month. He was deputy post commander prior to assuming command.

A graduate of the University of Nebraska, he is also a graduate of the army's Command and General Staff College, Ft. Leavenworth, Kans.

He served in the army from 1946 to 1949 as an enlisted man then re-entered the army in 1951 and was commissioned as a second lieutenant. He served in both Korea and Vietnam. He has received numerous decorations including two bronze star awards with valor insignias, two bronze stars and the meritorious service medal.

Col. Hamilton and his wife, Kathryn, reside at the base with their son, John, Jr. Their two daughters, Joan and Anita, are both married.

Ten Names In Hat For 31st Millionaire

LANSING, Mich. (AP) — The Michigan lottery's 31st millionaire will be named Monday night in Kalamazoo, in a drawing from a list of 10 finalists. In addition to the \$1 million winner, one person will win \$50,000, another will win \$25,000 and the remaining seven each will win \$10,000. The finalists are:

— Alvin Hurry of Detroit, Webb Russell of Flat Rock, Gretchen Cordy of Fairhaven, Dorothy Esterline of Harbor Springs, Lucky Dozen Lottery Club of Perry, Lucky Ten Lottery Club of Livonia, Helen Moomey of Northville, Jean Ross of Harper Woods, Dorothy Rydell of Belleville and Jackson Woods of Detroit.

The drawing will be held in the Kalamazoo Center at 7:30 p.m.

Serving The Nation

COMPLETES BASIC TRAINING

Pvt. Maria Clem, daughter of Mr. and Mrs. Leon Clem Sr., route 1, Box 44-C, Hochberger road, Eau Claire, has recently graduated from eight weeks basic training at Fort Jackson, S.C. She is a 1975 graduate of Eau Claire high school and attended Southwestern Michigan College. She was an aide at Berrien General hospital prior to entering the Army in November 1976. She has also completed laboratory studies in preventive medicine at Fort Sam Houston, Texas.

Maria Clem

AIRMAN PROMOTED

Michael J. Dent, son of Mrs. Mary F. Dent, 5080 St. Joseph drive, Stevensville, has been promoted to A First Class in the U.S. Air Force.

Airman Dent, an instrument trainer instructor specialist, is assigned to Holloman AFB, N.M., with a unit of the Tactical Air Command.

He is a 1975 graduate of Lakeshore high school, attended Lake Michigan College.

His wife, Jo Ellen, is the daughter of Mr. and Mrs. Charles Kent, 4195 Washington Ave., St. Joseph. His father, Marshall Dent, resides in Grand Rapids.

AIRMAN FIRST CLASS

NILES — Scott Fortier, son of Mr. and Mrs. Thomas A. Fortier, 1602 Cedar Point drive, Niles, has been promoted to airman first class in the U.S. Air Force. He is serving as a power production specialist at Wurtsmith AFB, Mich.

He is a 1974 graduate of Brandywine high school. His wife, Barbara, is the daughter of Mr. and Mrs. Harold R. Barrett, Niles.

SENIOR AIRMAN

VANDALIA — Gary L. Vicsik, son of Mr. and Mrs. Alfred R. Vicsik, Route 1, Vandalia, has been promoted to senior airman in the U.S. Air Force. He is an administrative specialist at Lakenheath RAF Station, England, and serves with a unit of the United States Air Forces in Europe.

Lying Called

No Way To Keep A Job

WASHINGTON (AP) — Nine out of 10 companies reject a candidate for lying on his job application or will fire him if lying is discovered later, according to the Bureau of National Affairs.

Almost all prospective employers (93 per cent) verify previous employment, and 53 per cent verify education background.

Most companies still give pre-employment physicals and almost half give psychological tests. A few require lie detector tests for sensitive jobs.

Beulah Voters Reject Two

Millages Again

BEULAH, Mich. (AP) — Voters in this Benzie County community rejected school millage proposals for the second time in six months this week.

The first vote involved 1.5 mills to finance a \$975,000 expansion and renovation program for school buildings. The second would have provided three additional mills for school operation.

Kon Sanders, superintendent of Benzie School District, said another try will be made to pass the millage items.

GROUND WATER LEVELS DIP

WASHINGTON (AP) — U.S. Geological Survey officials are expressing increasing worry over the sharp drought-produced decline in ground water levels around the country.

State Lawmaker Sidetracks 'Red Squad' Bill

By DONALD WOUTAT
Associated Press Writer
LANSING, Mich. (AP) — A state lawmaker and former policeman led a successful fight Wednesday in the Michigan House to blunt, at least temporarily, another probe of the state police "Red Squad."

Efforts to set up a special committee with subpoena power to investigate political intelligence gathering by the Red Squad and other agencies were shunted to a potential burial ground after a sharp attack on the proposal by Democratic Rep. Thaddeus Stopczynski.

By a 49-47 vote, the House sent the proposed resolution to the Public Safety Committee. It has already won approval of the House Policy Committee and was due for a final House vote this week.

The Red Squad, created in 1950 but ordered disbanded by a judge last year, compiled files on thousands of Michigan citizens including politicians, lawyers, professors and reporters.

Stopczynski, who was a Detroit police officer for 10 1/2 years, sits on the public safety panel. He said the parliamentary move is an effort to either kill or weaken the resolution.

"Are we forgetting that 10 years ago our cities were burning and our campuses being blown up?" Stopczynski asked House members in defending what he called legitimate intelligence gathering.

He said he won't support another investigation unless it is stripped of subpoena power.

The House action followed heavy lobbying earlier in the day by state police and other law enforcement agencies, said

Rep. Joseph Forbes, D-Oak Park, who sponsored the resolution.

"They all called," said Forbes, who promised to work on a compromise with the public safety panel or introduce a new resolution. But Forbes

said subpoena power is "crucial." The Red Squad was investigated in 1975 and 1976 by the House Civil Rights Committee. But backers of a renewed probe say that committee's lack of subpoena power crippled its ef-

forts. Red Squad members refused to testify.

The Michigan State Police Troopers Association has vowed to advise its members against testifying before a new committee "until we're sure it's not a political witchhunt." The

troopers say they can't be forced to testify.

In spirited debate Wednesday, Stopczynski asked whether sponsors of the probe "are trying to publicly humiliate our police agencies" and predicted it would be headed by a "well-

known anti-police legislator." He was referring to Rep. Perry Bullard, D-Ann Arbor, who chaired the earlier investigation by the Civil Rights Committee and is pushing for another investigation.

But Bullard said opponents had some legitimate concerns and that the resolution could use some work. Critics noted that it set no guidelines on confidentiality of testimony or of the Red Squad files themselves, and that it didn't specify what police agencies would be investigated.

CONFIRMED: President Carter has expressed complete confidence in Paul Warnke, who won Senate confirmation Wednesday as U.S. arms negotiator. The President acknowledged that he was concerned over the lack of confidence show in Warnke during the Senate fight on his nomination. (AP Wirephoto)

Brigham Re-Elected In Decatur

DECATUR — John W. Brigham has been re-elected chief of the Decatur volunteer fire department. Other 1977-78 officers elected were Richard Kohler, assistant chief; Arthur Hayes, captain; Lauren Cole, lieutenant; and Michael Kelley, secretary-treasurer.

New Buffalo Board 'Welcomes' Labor Hearing On May 4

NEW BUFFALO — The New Buffalo school board has issued a statement in regards to a complaint filed by the New Buffalo Teachers' Association that the board is engaging in unfair labor practices.

The complaint was filed with the Michigan Employment Relations Commission last month.

"A public hearing has been set by the commission to hear the complaint on May 4, in Grand Rapids, at 10 a.m."

The board's statement issued this week said the board "...does not believe it has been unfair in its collective bargaining relationship and will welcome the hearing. The board stands ready to negotiate whenever the Association is willing to return to the table."

The board's statement said the record would show its representatives have engaged in collective bargaining sessions continually since May 12, 1976, except where mutually agreed not to meet.

According to the statement, representatives met on May 12, May 26, and June 28, 1976. Negotiations by mutual agreement then ended, the board said, until after a special millage election Aug. 30, 1976.

Negotiations resumed on Aug. 31, the statement said, with bargaining continuing at meetings Sept. 15 and Oct. 7. The teachers' association then asked for mediation and a state mediator met with both teams on Nov. 11, 1976, and Jan. 6, 1977.

"This has involved many hours of preparations for negotiating, actual bargaining,

research of proposals and costly legal time," the board's statement said.

Following the Jan. 6 mediation session, both parties agreed to take back to their groups a tentative settlement. "The teachers rejected the offer and had their vote to reject challenged by one of their own members of the negotiating team" at a school board meeting, the board statement said.

"Since rejection of the offer, which would have cost the school district more than \$40,000, the association has not met to negotiate, even though the board representatives have stood ready to meet," the statement said.

The teachers' association has requested binding factfinding, and the board has agreed but will not be bound or committed by a factfinder's decision.

"The board feels that they, the elected representatives of the people, should be the final judge of the expenditure of the people's money and what the school district can afford," the statement said.

New Buffalo school teachers have been working without a new contract since the start of school last fall.

Sheriff Quits

LAKE CITY, Mich. (AP) — Saying he was fed up with "red tape, paperwork and the hassles of the job," Muskegon County Sheriff Hartley Davis Jr., handed in his resignation Wednesday.

Davis had been sheriff for 10 years and with the department for the last 20 years.

FAIRPLAIN PASTOR

Blossom Blessing Chairman Named

REV. JACK PEPPE
Chairman of ceremony

Rev. Jack Pepple, pastor of the Fairplain Assembly of God in Benton township, will be chairman of the Blessing of the Blossoms ceremony May 1, according to William Starbuck, Blossomtime Inc., president.

The Blessing of the Blossoms will be held at Herbert Teichman's Tree-mendus fruit farm north of Eau Claire.

Highlights of the Blossomtime activities include the selection of Miss Blossomtime March 28 and the Blossomtime festival week May 15 through 21 topped off by the Grand Floral parade May 21.

A native of Pennsylvania, Rev. Pepple became pastor of the Fairplain Assembly of God church in 1972. He and his wife, Joan, have two sons, and live at 2546 Lu-Al drive, Fairplain.

PRESIDENTS MEET: Presidents of Michigan's three largest public universities met with state House and Senate college and university committees at the State Capitol Wednesday. From left are: George Gullen, Wayne State University; Robben Fleming, University of Michigan; Jackie Vaughn, D-Detroit, chairman, House college and university Committee; and Clifton Wharton, Michigan State University. (AP Wirephoto)

Bottle Plans Urged

LANSING, Mich. (AP) — Gov. William Milliken has urged the state Liquor Control Commission to begin getting ready now for Michigan's move to returnable bottles.

Milliken on Wednesday noted the ban on nonreturnable bottles and cans takes effect Dec. 3, 1978, and said state government must assure a smooth transition to the returnable system.

Milliken said the commission should begin a review of its rules and regulations as they relate to beverage containers. He said changes in the rules should be made by this December, to provide a year for industry to implement the changes.

Among the regulations he said the commission should review are those that relate to the packaging of returnable containers and required deposits on them. He said the commission must designate early the types of containers that will be certified as reusable by more than one manufacturer under the new law.

The commission must set a Michigan symbol to be placed on each beverage container sold after 1978, and take steps to prevent hardships to businesses that might occur when a dealer is forced to redeem more containers than it sells.

LEGISLATURE PANEL TOLD Big Colleges Need Money

By MALCOLM JOHNSON
Associated Press Writer
LANSING, Mich. (AP) — Michigan's three largest colleges brought a clear message to the state legislature Wednesday: they need more money.

The presidents of the University of Michigan, Michigan State University and Wayne State University told a joint House-Senate committee that state aid is not meeting the pressures of inflation, skyrocketing utility costs and rising salaries.

And, they said, unless the legislature gives them more funds, Michigan colleges risk failure in doing their jobs and competing with other states in attracting top faculty members.

In addition, they warned that the state is increasing aid to private colleges when its

primary obligation is to make sure the public institutions have enough first.

"Education is not receiving the priority it used to receive in Michigan," said Wayne State President George Gullen after the meeting of the House and Senate committees on colleges and universities.

MSU President Clifton Wharton said Michigan ranks last in the nation in the increase in higher education spending over the past decade. He said Michigan may be "at a turning point" in deciding the importance and roles for colleges and universities.

The erosion in support, he said, has affected colleges' ability to meet their goals. Class size has been increased, courses cut, and tenured positions replaced with temporary employees.

"It takes 10 to 15 years to build an academic unit of excellence," he told the committees. "But you can destroy it in two or three years if you're unable to compete with other universities."

"Wayne has sacrificed and scrimped," Gullen said. "Our classrooms are dirty — they're disrepair. Windows are unwashed. The grounds are unkempt. We're at the breaking point on tuition. We need money."

U-M President Robben Fleming noted that many costs are beyond the school's control, such as utility bills, worker's compensation and unemployment compensation costs, and reduced federal aid. "There is no way" within the university we can replace those amounts," he said.

Gullen and Wharton told law-

makers that state aid to private schools should not be permitted to hurt the public colleges. Wharton said he supports aid for private colleges, "but first of all insure adequate funding to public institutions."

Carter To Push Mideast Talks

WASHINGTON (AP) — President Carter is promising a major American effort to convene a Middle East peace conference in Geneva before the year is out.

Carter, who met with Israeli Prime Minister Yitzhak Rabin this week and plans sessions with Arab leaders in the next month, discussed the Middle East situation at a broadcast news conference Wednesday.

Diet Soft Drinks Most Affected By Saccharin Ban

By WARREN E. LEARY
AP Science Writer
WASHINGTON (AP) — Diabetics and others who can't eat sugar might be able to get saccharin as a prescription drug after the proposed federal ban on the artificial sweetener goes into effect.

THE Food and Drug Administration announced the ban on saccharin Wednesday, citing a Canadian study that found large doses of the sweetener caused cancer in laboratory rats.

Canada simultaneously banned saccharin.

The FDA said it would take at least 120 days to put the ban into effect, but it called on manufacturers "to discontinue use of saccharin as soon as possible."

In announcing the ban, the

FDA said it would consider allowing some limited use of saccharin to continue because no substitutes for it would be available in the near future.

But Acting FDA Commissioner Sherwin Gardner said any decision on the prescription approach was still months away.

Canada said those on restricted diets will be able to buy pure saccharin only in drug stores after Sept. 1.

Diet soft drinks account for three-quarters of the five million pounds of saccharin used yearly in the United States. A spokesman for the National Soft Drink Association said the industry would try to develop new low-calorie beverages without saccharin.

The Coca-Cola Co. said it regretted the FDA's action, but

would comply with the request to discontinue saccharin use as soon as possible.

"We will have reformulated low calorie drinks ready for the market" before the FDA ban takes effect, Coke executive vice president Charles W. Adams said in a statement from Coke's Atlanta headquarters.

The Canadian study showed that the sweetener caused bladder cancers in rats fed a diet of 5 per cent. pure saccharin for their entire lives. To consume an equivalent amount of saccharin, a human would have to drink 800 12-ounce diet sodas a day for a lifetime, Gardner said.

Gardner said that while he could not assess the economic impact of the decision, it would be "substantial, no question about it."

While diet food industry spokesmen disagreed with the FDA over the scientific evidence, they agreed with the economic assessment.

The ban "will kick the legs from under us," said William L. Brooks, 7-Up bottling plant manager in Reno, Nev.

"Any call for a ban of saccharin is an outrageous and harmful action," said Marvin Eisensadt, executive vice president of Cumberland Packing Co. of Brooklyn, N.Y., which uses saccharin in its Sweet 'N Low, the leading table top sweetener.

He charged that the action was based upon "flimsy scientific evidence" and goes against more than 30 other health tests since 1970 that cleared saccharin of possible harm.

Under the FDA order, it will take the agency 30 days to draft and publish the ban. After allowing 60 days for comments from interested parties, the agency will take another 30 days to finalize the rule.

This means the ban could not take effect until July at the earliest.

The FDA said it would not recall products containing saccharin because there was no indication of an immediate hazard. Gardner added that

some people probably will rush to stockpile existing diet products, as happened when the sweetener cyclamate was banned in 1970.

The earlier ban on cyclamate because of suspected cancer risk left saccharin, used for more than 30 years, as the only permitted artificial sweetener. Abbott Laboratories, maker of cyclamate, is petitioning FDA to reconsider its ruling to lift the ban.

The FDA approved another sweetener, aspartame, in 1974, but stayed its approval in 1975 after finding discrepancies in safety data submitted by the manufacturer, G.D. Searle & Co.

FDA said it was reviewing

aspartame to see if it should reinstate approval, but indicated any action was more than a year away.

People on weight control diets would be "inconvenienced" by the ban, but could switch to other foods, said Gardner, adding, "I have absolute confidence in the initiative and imagination of American industry and predict the inconvenience will be temporary."

Aside from soft drinks, gum. While many U.S. manufacturers use saccharin, only Sherwin Williams Co. makes the compound. Some is imported from Korea and Japan.

Former Grid Star Speaker For GOP

U.S. Rep. Jack Kemp, former all-pro quarterback for the Buffalo Bills, will be the speaker at the Berrien County Republican party Lincoln Memorial banquet, Saturday, March 26.

Kemp, a Republican from New York, is considered one of the leaders in promoting income tax reform in Congress.

Mrs. Carol Stockman, Berrien Republican chairman, said the banquet will be at Benton Harbor Holiday Inn with a reception at 6 p.m. and dinner at 7. The public is invited to attend the banquet and tickets are \$8.50 per person and \$16 per couple.

Tickets can be obtained from the county Republican headquarters at 783 East Napier avenue, the McDonald Health clinic building, Fairplain. Proceeds from the banquet go to the county Republican party.

Accused Shoplifter Waives Hearing

By DENNIS COWSWELL
Paw Paw Bureau
PAW PAW — A Watervliet man arrested Tuesday for allegedly shoplifting a carton of cigarettes from a Keeler township store was ordered held yesterday in lieu of \$1,500 bond.

Ricky Glenn Jackson, 23, route 2, was bound over to Van Buren circuit court after waiving Seventh district court preliminary examination on a charge of larceny in a building.

Van Buren sheriff's deputies said the cigarettes were reported taken at Miller's Supermarket, M-152 and CR-600.

A spokesman for the court said a bench warrant was also pending against Jackson. The warrant charged contributing to the delinquency of a minor in September and was issued after he failed to appear in district court on the charge.

In another case, Michael Walling, 18, 217 State street, Paw Paw, was sentenced to nine

days in jail and placed on six to 12 months probation by Judge William C. Buhl as a result of his guilty plea to a reduced charge of larceny.

Walling had originally been charged with breaking and entering a motor vehicle Jan. 23 in Paw Paw.

Judge Buhl also ordered Walling to make up to \$150 restitution for a citizens band radio taken in the break-in, pay fine and costs of \$45, and \$35 in court-appointed attorney's fees. The payment of the \$45 came under a program whereby people not considered totally indigent are required to pay toward the attorney's fee.

Township To Decide On Sewer

SOUTH HAVEN — A special meeting of the South Haven township board will be held tonight at 7:30 at the township hall to consider whether the township should proceed with an area sewer expansion program with the city of South Haven and Casco township in Allegan county.

Property owners within the proposed sewer district last Saturday voted by a three-to-one margin in an advisory election not to participate in the project.

The final decision rests with the township board but officials have indicated they will abide by the wishes of the property owners.

Groceries Stolen

Food valued at \$300 was reported stolen Wednesday from the home of Nadine Holbrook, 808 Weld street, Benton Harbor police said. The food was listed as meat, canned goods and dry packaged food.

Benton Harbor police also said a \$230 check was reported stolen from the home of Ricky Wysinger, 21, of 1159 Pearl street. The check was payable to Wysinger.

Benton township police said Linda Martinez, 684 Kay drive, reported a \$310 CB radio was stolen from her car parked near home Tuesday.

Man Is Accused Of Auto Assault

James Pershing (Butch) Davis, 29, of 635 Gestner road, Benton township was arraigned in Fifth District court Wednesday on a charge of assault with a deadly weapon (an auto) after a Berrien sheriff's officer allegedly was struck by a car.

Davis was arrested by Berrien Deputy Johnnie Clark after Clark tried to photograph Davis while Davis was sitting in his auto outside the Berrien county courthouse, sheriff's of-

ficers said.

Clark, who received a bruised thigh said he was standing about a foot in front of the car when the car moved forward.

Sheriff's officers said Clark was ordered by Det. Capt. Ronald Immoos to photograph Davis as part of an investigation. Davis is an ex-convict.

Davis demanded examination on arraignment in Fifth District court and was released on \$30,000 bond to await hearing.

BH To Hear Property Tax Appeals

The Benton Harbor board of review will meet four days next week to hear appeals on property tax assessments.

Assessor John Lottridge said the board will meet Monday, Tuesday and Friday from 9 a.m. to noon and 2 p.m. to 5. On Thursday, the board will meet from 3 p.m. to 5. There is no session Wednesday.

All sessions will be on the second floor of city hall, Lottridge said.

Members of the board are Mayor Joel Patterson, Ward Supervisors Mrs. Elizabeth Minott, James Dudley and Wilbert Smith. There is one ward vacancy.

The terms of any contract must be precise and definite. How true this is with an agreement of sale in real estate. All the essentials of a valid contract must be present. These include: 1) offer and acceptance, 2) seal or consideration, 3) capacity of parties, 4) reality of consent and, 5) legality of object. These legal terms may seem untranslatable, but what they really mean is that the terms of the contract must be precise and definite, and that the broker has created a real "meeting of minds" upon both the subject matter and the terms of the contract.

Meeting your complete real estate needs with personal service and competence is essential to us at CENTURY 21, ZIEMS-RED CARPET REALTORS, 4140 South M-139, 428-1518. When you list with us, we will bring only qualified buyers to see your home, thereby eliminating the necessity of dozens of extra people tracking through.

A career in real estate is not for everyone. It's the highest, paid hard work and the lowest paid easy work you can find. Let us help you make the right decision. Call now 429-518 - Ask for Mr. Ziems.

State Lawmaker Sidetracks 'Red Squad' Bill

By DONALD WOUTAT
Associated Press Writer
LANSING, Mich. (AP) — A state lawmaker and former policeman led a successful fight Wednesday in the Michigan House to blunt, at least temporarily, another probe of the state police "Red Squad."

Efforts to set up a special committee with subpoena power to investigate political intelligence gathering by the Red Squad and other agencies were shunted to a potential burial ground after a sharp attack on the proposal by Democratic Rep. Thaddeus Stopczynski.

By a 49-47 vote, the House sent the proposed resolution to the Public Safety Committee. It has already won approval of the House Policy Committee and was due for a final House vote this week.

The Red Squad, created in 1950 but ordered disbanded by a judge last year, compiled files on thousands of Michigan citizens including politicians, lawyers, professors and reporters.

Stopczynski, who was a Detroit police officer for 10½ years, sits on the public safety panel. He said the parliamentary move is an effort to either kill or weaken the resolution.

"Are we forgetting that 10 years ago our cities were burning and our campuses being blown up?" Stopczynski asked House members in defending what he called legitimate intelligence gathering.

He said he won't support another investigation unless it is stripped of subpoena power.

The House action followed heavy lobbying earlier in the day by state police and other law enforcement agencies, said

Rep. Joseph Forbes, D-Oak Park, who sponsored the resolution.

"They all called," said Forbes, who promised to work on a compromise with the public safety panel or introduce a new resolution. But Forbes

said subpoena power is "crucial."

The Red Squad was investigated in 1975 and 1976 by the House Civil Rights Committee. But backers of a renewed probe say that committee's lack of subpoena power crippled its ef-

forts. Red Squad members refused to testify.

The Michigan State Police Troopers Association has vowed to advise its members against testifying before a new committee "until we're sure it's not a political witchhunt." The

troopers say they can't be forced to testify.

In spirited debate Wednesday, Stopczynski asked whether sponsors of the probe "are trying to publicly humiliate our police agencies" and predicted it would be headed by a "well-

known anti-police legislator."

He was referring to Rep. Perry Bullard, D-Ann Arbor, who chaired the earlier investigation by the Civil Rights Committee and is pushing for another investigation.

But Bullard said opponents

had some legitimate concerns and that the resolution could use some work. Critics noted that it set no guidelines on confidentiality of testimony or of the Red Squad files themselves, and that it didn't specify what police agencies would be investigated.

CONFIRMED: President Carter has expressed complete confidence in Paul Warnke, who won Senate confirmation Wednesday as U.S. arms negotiator. The President acknowledged that he was concerned over the lack of confidence show in Warnke during the Senate fight on his nomination. (AP Wirephoto)

Brigham Re-Elected In Decatur

DECATUR — John W. Brigham has been re-elected chief of the Decatur volunteer fire department. Other 1977-78 officers elected were Richard Kohler, assistant chief; Arthur Hayes, captain; Loren Cole, lieutenant; and Michael Kelley, secretary-treasurer.

New Buffalo Board 'Welcomes' Labor Hearing On May 4

NEW BUFFALO — The New Buffalo school board has issued a statement in regards to a complaint filed by the New Buffalo Teachers' Association that the board is engaging in unfair labor practices.

The complaint was filed with the Michigan Employment Relations commission last month.

A public hearing has been set by the commission to hear the complaint on May 4, in Grand Rapids, at 10 a.m.

The board's statement issued this week said the board "...does not believe it has been unfair in its collective bargaining relationship and will welcome the hearing. The board stands ready to negotiate whenever the Association is willing to return to the table."

The board's statement said the record would show its representatives have engaged in collective bargaining sessions continually since May 12, 1976, except where mutually agreed not to meet.

According to the statement, representatives met on May 12, May 26, and June 28, 1976. Negotiations by mutual agreement then ended, the board said, until after a special millage election Aug. 30, 1976.

Negotiations resumed on Aug. 31, the statement said, with bargaining continuing at meetings Sept. 15 and Oct. 7. The teachers' association then asked for mediation and a state mediator met with both teams on Nov. 11, 1976, and Jan. 6, 1977.

"This has involved many hours of preparations for negotiating, actual bargaining,

research of proposals and costly legal time," the board's statement said.

Following the Jan. 6 mediation session, both parties agreed to take back to their groups a tentative settlement. "The teachers rejected the offer and had their vote to reject challenged by one of their own members of the negotiating team" at a school board meeting, the board statement said.

"Since rejection of the offer, which would have cost the school district more than \$40,000, the association has not met to negotiate, even though the board representatives have stood ready to meet," the statement said.

The teachers' association has requested binding factfinding, and the board has agreed but will not be bound or committed by a factfinder's decision.

"The board feels that they, the elected representatives of the people, should be the final judge of the expenditure of the people's money and what the school district can afford," the statement said.

New Buffalo school teachers have been working without a new contract since the start of school last fall.

Sheriff Quits

LAKE CITY, Mich. (AP) — Saying he was fed up with "red tape, paperwork and the hassles of the job," Missaukee County Sheriff Hartley Davis Jr., handed in his resignation Wednesday.

Davis had been sheriff for 10 years and with the department for the last 20 years.

FAIRPLAIN PASTOR

Blossom Blessing Chairman Named

REV. JACK PEPPE
Chairman of ceremony

Rev. Jack Pepple, pastor of the Fairplain Assembly of God in Benton township, will be chairman of the Blessing of the Blossoms ceremony May 1, according to William Starbuck, Blossomtime Inc., president.

The Blessing of the Blossoms will be held at Herbert Teichman's Tree-mendus fruit farm north of Eau Claire.

Highlights of the Blossomtime activities include the selection of Miss Blossomtime March 28 and the Blossomtime festival week May 15 through 21 topped off by the Grand Floral parade May 21.

A native of Pennsylvania, Rev. Pepple became pastor of the Fairplain Assembly of God church in 1972. He and his wife, Joan, have two sons, and live at 2546 Lu-Al drive, Fairplain.

Ask Your Dentist

By ALFRED E. SEYLER
D.D.S.

Q. I expect to have a baby in six months. Some of my friends tell me I should nurse the baby, others say "No way." From a dentist's point of view, what is your opinion? Y.D.H.

A. Even before their babies are born, mothers-to-be should make up their minds as to whether they are going to feed them by their own breasts or by the bottle.

What many of these mothers don't realize is that their decision will have a lot to do with the shape of their children's mouths and their children's dental health for life.

A generation or so ago it was considered vulgar for women to use their breasts for what nature intended them. Today there is less revulsion among the fashionable at the idea, and so many more young mothers are breast-feeding or "nursing" their babies.

At least, their first babies. By the time the second, or four sure, the third baby comes around, many mothers long for freedom and lean figures again and simply turn over their darlings to the nursing bottle.

According to the nutrition experts, the human milk fed to a baby from the breast is the most perfect food he can eat. No one, not even formula makers, will argue with that. And perfect nutrition goes a long way toward the formation of perfect jaws and teeth. In breast milk, too, there are antibodies against infectious disease, to tide a baby over until his body can make antibodies of its own.

Feeding on the breast is also hard work, and that's good for baby. The baby on a breast doesn't merely take the nipple in his mouth and suck. His mouth and gums have to literally strip the milk from the milk glands in the breast. That's why he takes the entire areola, or solid circle of pink, into his mouth.

This strenuous sucking action helps strengthen the muscles of

his tongue and mouth so that they exert the proper pressures on the soft bones and thus help the mouth and jaws to form properly.

When the baby is fed by bottle, parents should use properly shaped and strong nipples so that the infant must exert some jaw muscle pressure to effect proper sucking. If the nipple is worn out or not strong enough, the formula may flow through the baby's mouth too freely and choke him. It may also interfere to some degree with proper jaw muscle development because of a lack of proper sucking activity.

Williams To Perform At Hart Concert

SAULT STE. MARIE, Mich. (AP) — Michigan Supreme Court Justice G. Mennen Williams will be among the performers at a concert March 29 to raise money for a scholarship fund honoring the late Sen. Philip Hart.

Williams will narrate Aaron Copeland's "A Lincoln Portrait," played by the Detroit Symphony Orchestra at the concert in Detroit.

Among those who have agreed to attend the benefit will be First Lady Rosalyn Carter, the White House confirmed last month.

The event benefits the Sen. Hart Memorial Scholarship Fund, which Hart requested for Lake Superior State College in Sault Ste. Marie.

The concert is one of several activities scheduled to raise the \$250,000 endowment. A committee headed by Gov. William Milliken, Justice Williams and Detroit Mayor Coleman Young launched the fund drive.

Diet Soft Drinks Most Affected By Saccharin Ban

By WARREN E. LEARY
AP Science Writer
WASHINGTON (AP) —
Diabetics and others who can't eat sugar might be able to get saccharin as a prescription drug after the proposed federal ban on the artificial sweetener goes into effect.

TQHE Food and Drug Administration announced the ban on saccharin Wednesday, citing a Canadian study that found large doses of the sweetener caused cancer in laboratory rats.

"Canada simultaneously banned saccharin."

The FDA said it would take at least 120 days to put the ban into effect, but it called on manufacturers "to discontinue use of saccharin as soon as possible."

In announcing the ban, the

FDA said it would consider allowing some limited use of saccharin to continue because no substitutes for it would be available in the near future.

But Acting FDA Commissioner Sherwin Gardner said any decision on the prescription approach was still months away.

Canada said those on restricted diets will be able to buy pure saccharin only in drug stores after Sept. 1.

Diet soft drinks account for three-quarters of the five million pounds of saccharin used yearly in the United States. A spokesman for the National Soft Drink Association said the industry would try to develop new low-calorie beverages without saccharin.

The Coca-Cola Co. said it regretted the FDA's action, but

would comply with the request to discontinue saccharin use as soon as possible.

"We will have reformulated low calorie drinks ready for the market" before the FDA ban takes effect, Coke executive vice president Charles W. Adams said in a statement from Coke's Atlanta headquarters.

The Canadian study showed that the sweetener caused bladder cancers in rats fed a diet of 5 per cent pure saccharin for their entire lives. To consume an equivalent amount of saccharin, a human would have to drink 800 12-ounce diet sodas a day for a lifetime, Gardner said.

Gardner said that while he could not assess the economic impact of the decision, it would be "substantial, no question about it."

While diet food industry spokesmen disagreed with the FDA over the scientific evidence, they agreed with the economic assessment.

The ban "will kick the legs from under us," said William L. Brooks, 7-Up bottling plant manager in Reno, Nev.

"Any call for a ban of saccharin is an outrageous and harmful action," said Marvin Eisenstadt, executive vice president of Cumberland Packing Co. of Brooklyn, N.Y., which uses saccharin in its Sweet 'N Low, the leading table top sweetener.

He charged that the action was based upon "flimsy scientific evidence" and goes against more than 30 other health tests since 1970 that cleared saccharin of possible harm.

Under the FDA order, it will take the agency 30 days to draft and publish the ban. After allowing 60 days for comments from interested parties, the agency will take another 30 days to finalize the rule.

This means the ban could not take effect until July at the earliest.

The FDA said it would not recall products containing saccharin because there was no indication of an immediate hazard. Gardner added that

some people probably will rush to stockpile existing diet products, as happened when the sweetener cyclamate was banned in 1970.

The earlier ban on cyclamate because of suspected cancer risk left saccharin, used for more than 80 years, as the only permitted artificial sweetener. Abbott Laboratories, maker of cyclamate, is petitioning FDA to reconsider its refusal to lift the ban.

The FDA approved another sweetener, aspartame, in 1974, but stayed its approval in 1975 after finding discrepancies in safety data submitted by the manufacturer, G.D. Searle & Co.

FDA said it was reviewing

aspartame to see if it should reinstate approval, but indicated any action was more than a year away.

People on weight control diets would be "inconvenienced" by the ban, but could switch to other foods, said Gardner, adding, "I have absolute confidence in the initiative and imagination of American industry and predict the inconvenience will be temporary."

Aside from soft drinks, Americans consume saccharin in medicines, coffee, tea and dietetic foods, such as canned fruits, puddings, jams, ice cream and sugarless chewing gum.

While many U.S. manufacturers use saccharin, only Sherwin Williams Co. makes the compound. Some is imported from Korea and Japan.

Former Grid Star Speaker For GOP

U.S. REP. JACK KEMP
GOP speaker

U.S. Rep. Jack Kemp, former all-pro quarterback for the Buffalo Bills, will be the speaker at the Berrien County Republican party Lincoln Memorial banquet, Saturday, March 26.

Kemp, a Republican from New York, is considered one of the leaders in promoting income tax reform in Congress.

Mrs. Carol Stockman, Berrien Republican chairman, said the banquet will be at Benton Harbor Holiday Inn with a reception at 6 p.m. and dinner at 7. The public is invited to attend the banquet and tickets are \$8.50 per person and \$16 per couple.

Tickets can be obtained from the county Republican headquarters at 763 East Napier avenue, the McDonald Health clinic building, Fairplain.

Proceeds from the banquet go to the county Republican party.

Accused Shoplifter Waives Hearing

By DENNIS COGSWELL
Paw Paw Bureau
PAW PAW — A Watervliet man arrested Tuesday for allegedly shoplifting a carton of cigarettes from a Keeler township store was ordered held yesterday in lieu of \$7,500 bond.

Ricky Glenn Jackson, 23, route 2, was bound over to Van Buren circuit court after waiving Seventh district court preliminary examination on a charge of larceny in a building.

Van Buren sheriff's deputies said the cigarettes were reported taken at Miller's Supermarket, M-152 and CR-690.

A spokesman for the court said a bench warrant was also pending against Jackson. The warrant charged contributing to the delinquency of a minor in September and was issued after he failed to appear in district court on the charge.

In another case, Michael Walling, 18, 217 State street, Paw Paw, was sentenced to nine

days in jail and placed on six to 12 months probation by Judge William C. Buhl as a result of his guilty plea to a reduced charge of larceny.

Walling had originally been charged with breaking and entering a motor vehicle Jan. 23 in Paw Paw.

Judge Buhl also ordered Walling to make up to \$150 restitution for a citizens band radio taken in the break-in, pay fine and costs of \$45, and \$85 in court-appointed attorney's fees. The payment of the \$85 came under a program whereby people not considered totally indigent are required to pay toward the attorney's fee.

Township To Decide On Sewer

SOUTH HAVEN — A special meeting of the South Haven township board will be held tonight at 7:30 at the township hall to consider whether the township should proceed with an area sewer expansion program with the city of South Haven and Casco township in Allegan county.

Property owners within the proposed sewer district last Saturday voted by a three-to-one margin in an advisory election not to participate in the project.

The final decision rests with the township board but officials have indicated they will abide by the wishes of the property owners.

Groceries Stolen

Food valued at \$300 was reported stolen Wednesday from the home of Nadine Holbrook, 808 Weld street, Benton Harbor police said. The food was listed as meat, canned goods and dry packaged food.

Benton Harbor police also said a \$230 check was reported stolen from the home of Ricky Wysinger, 21, of 1159 Pearl street. The check was payable to Wysinger.

Benton township police said Linda Martinez, 684 Kay drive, reported a \$319 CB radio was stolen from her car parked near home Tuesday.

The terms of any contract must be precise and definite. How true this is with an agreement of sale in real estate. All the essentials of a valid contract must be present. These include: 1) offer and acceptance, 2) seal or consideration, 3) capacity of parties, 4) reality of consent and, 5) legality of object. These legal terms may seem untranslatable, but what they really mean is that the terms of the contract must be precise and definite, and that the broker has created a real "meeting of minds" upon both the subject matter and the terms of the contract.

Meeting your complete real estate needs with personal service and competence is essential to us at CENTURY 21, ZIEMS RED CARPET REALTORS, 4140 South M-139, 429-1518. When you list with us, we will bring only qualified buyers to see your home, thereby eliminating the necessity of dozens of extra people tracking through.

A career in real estate is not for everyone. It's the highest paid hard work and the lowest paid easy work you can find. Let us help you make the right decision. Call now 429-518 - Ask for Mr. Ziems.

DOWNTOWN ST. JOSEPH

OPEN MONDAY & FRIDAY EVENINGS

TRIPLE ASSAULT: Map locates the three buildings, all within about a mile and a half from the White House, where in three apparently related assaults Wednesday, bands of riflemen, described as black Muslims, invaded the headquarters of the Jewish B'nai B'rith Organization, the Islamic Center, and the District Building, Washington's city hall. (AP Wirephoto Map)

'MOHAMMAD' CLOSED: Patrons stand around the lobby of Hollywood's Paramount theater after it was closed because of the terrorist activities in Washington. It was one of five in the Los Angeles area showing "Mohammad, Messenger of God." The film's U.S. distributor said he ordered it out of American theaters. (AP Wirephoto)

SOUGHT BY TERRORISTS: Apparent leader of group of terrorist gunmen holding hostages at B'nai B'rith headquarters in Washington has demanded that authorities turn over those responsible for slaying of seven members of Hanafi Moslem sect in 1973. Named, left to right, are Muslim leader Wallace D. Muhammad, his brother Herbert Muhammad, heavyweight boxing champion Muhammad Ali and former Philadelphia Muslim leader Jeremiah Muslim Shabazz. (AP Wirephotos)

Hartford Township Drive Seeks Ordinance Vote

HARTFORD — The Hartford township board was told last night that a petition is being circulated seeking a township-wide referendum on an ordinance regulating outdoor gatherings.

Elwood Jones, Springdale Manor, told the board last night that a petition is being circulated which asks that the ordinance come to a vote of all township residents. Jones told the HERALD-Palladium this

morning that those circulating the petitions do not want a special election, but would like to see the issue on some regular election ballot in the near future.

The ordinance would require a license and a surety bond of up to \$20,000 in order to protect the township and adjoining property owners against all loss, injury, damage or cleanup costs on gatherings of 500 people or more.

The board published the proposed ordinance last month and according to township Supervisor Donald Drake it will automatically go into effect in 30 days. The petition drive could stall the effective date of the ordinance.

The ordinance came as the result of several "rock" concerts held in the township over the past two years. Residents adjacent to concert sites complained about the concerts to township officials. Jones told the board that the ordinance came as the result of the complaints of a few residents and should come to the vote of the entire township.

In other business, the board received a detailed breakdown of a recent bill from its auditor, William Cutting of Paw Paw, who attended the meeting. The bill for \$525 was a \$25 per month charge for posting over a 21-month period. Cutting had not billed the board for part of last year's posting. The township was charged \$1,100 for last year's audit.

The board agreed to seek assistance from the Van Buren county road commission on a problem of backed up water in a drain along Springdale road in Springdale Manor, a subdivision two miles east of Hartford off Red Arrow highway. Jones told the board there is a problem of standing water in the drain which the road commission installed last year.

The board announced that the annual township meeting would be held Saturday, April 2, at 1 p.m. in the Hartford city hall.

Farm Chief Blames Milliken

LANSING (AP) — Gov. William Milliken is responsible for unnecessary concern among Michigan consumers about PBB, the president of Michigan Farm Bureau charged Wednesday. Elton R. Smith, a Caledonia dairy farmer who heads the state's largest farm group, said Milliken disregarded scientific testimony presented before a House committee Monday. Dr. Albert Kolbye of the U.S. Food and Drug Administration (FDA) told the House Committee on Public Health that evidence shows the present Michigan food supply is not a public risk. "For many decades, the FDA has earned the trust of American consumers to assure the safety of their food. Dr. Kolbye once again testified that the current 300 parts per billion PBB tolerance levels was safe," Smith said. "This scientific testimony could have given Governor Milliken the opportunity to restore consumer confidence in Michigan farm products," he added.

Pollution Suit Dropped

LANSING, Mich. (AP) — A three-year-old lawsuit against Michigan's biggest polluter has been dropped because the Alpena firm has stopped polluting, the attorney general said Wednesday. The Huron Cement division of National Gypsum Co. in Alpena was sued by Atty. Gen. Frank Kelley in March 1973. The plant, the largest cement producer in the world, was spewing 300 tons of cement dust and other pollutants into the air daily. "Today, that plant is in full compliance with all requirements of the court order, and the air is once again clean in Alpena," Kelley said.

Kelley said that although "The filing of that suit was met with predictions of dire economic consequences for Huron Cement, Alpena and Northern Michigan," the air now is clean and the plant produces more cement than it did in 1973.

Terror Reigns In Washington

(Continued From Page One)

with newsmen, Abdul Khaalis blamed Black Muslim leaders, including heavyweight boxing champion Muhammad Ali, for the slayings of his children and demanded that authorities turn the Muslims over to him. In addition to Ali, he listed as Muslim leaders Wallace D. Muhammad, now head of the movement; his brother, Herbert Muhammad, and former Philadelphia Muslim leader Jeremiah Muslim Shabazz.

Other demands made by Abdul Khaalis during the telephone conversations were:

—That authorities turn over those responsible for the slaying of his children. He named heavyweight champion Muhammad Ali, Muslim leader Wallace D. Muhammad, his brother Herbert Muhammad and former Philadelphia Muslim leader Jeremiah Muslim Shabazz.

—That authorities turn over the murderers of Malcolm X, who like Khaalis was a member of the Black Muslims before breaking with them.

—The return of a \$750 fine assessed against him for shouting at the Muslim defendants during their trial for the 1973 Hanafi murders. Police returned the money Wednesday night.

—A halt to the screening of the movie "Mohammad, Messenger of God," which was scheduled for its American premiere on Wednesday in New York and Los Angeles. The distributor immediately stopped the film in mid-screening after learning of Abdul Khaalis' demand. Abdul Khaalis said the film was "a fairy tale" that demeaned and distorted the Islamic faith, although few other Muslims have objected to it.

During one of his conversations with an Associated Press reporter, Abdul Khaalis was asked if he had set a deadline for meeting his demands.

"No, we're not going to set deadlines," he replied. "This way we're going to find out that I'm not joking. They can play if they want to and this way they can find out that I'm not joking."

Asked about a report he was negotiating with diplomats from Middle Eastern nations, Abdul Khaalis said, "Not that I know anything of."

"No, I've told them what has to be done and that's that."

Q. Could you repeat what you said to them?

A. No, I'm just going to ask you one thing. Do you think anybody in here that you call a good citizen and an innocent person is less valuable than those murderers who kill little babies and things?

Q. Do you see a way to end this peacefully?

A. I didn't come in here in peace.

Q. How do you think this is going to be resolved?

A. It's not my problem. It's the government's problem now.

During an earlier conversation there was this exchange:

Q. Could I ask a question about the murders in '73?

A. I'm not talking about it. Cassius Clay was in on it. He was one of their top officials then. Wallace was an official then. Herbert was an official. They're all still officials. That's right. And the government let them go. Jeremiah was an official. You know a crime has been perpetrated upon us, a heinous crime. And nobody spoke up or said anything, offered no condolences. Not even a storefront church. Now I'm through talking."

Muhammad Ali, formerly known as Cassius Clay, has taken a prominent role in Black Muslim affairs. He could not be reached for comment Wednesday.

In Chicago, Wallace Muhammad denied responsibility for the 1973 Hanafi slayings and said he deplored Wednesday's violence.

Four to six gunmen, including Khaalis, stormed the B'nai B'rith headquarters around 11 a.m., wounding eight persons and herding 100 or more hostages onto the top floor of the eight-story building.

Police said 43 persons either were released or escaped the terrorists by hiding.

Of the wounded, two were hospitalized overnight, three were treated and released, and three still were being held by the terrorists. The condition of the wounded hostages was not known.

An hour after the first invasion, up to three more gunmen took the Islamic Center on Embassy Row, apparently without violence or injury. They retained 14 hostages, including center director Dr. Abdul Rauf, the city's highest-ranking Moslem.

One of the gunmen told a reporter by telephone that their actions were coordinated with Khaalis' group, and that "heads will roll" unless demands are met.

At 2:30 in the afternoon two more gunmen opened fire on the fifth floor of the District Building, where Mayor Walter Washington and the city council were at work.

They killed Maurice Williams, 24, an employee of WHUR-FM. City Councilman Marion Barry was wounded in the chest by a ricochet bullet, and two security guards were wounded, one critically. A fourth man, identified only as a building guard, lay motionless for hours under the guns of the invaders and was thought to be dead, but rescuers found him alive when they evacuated him. His condition was not known.

President Carter ordered the FBI onto the case in mid-after-

ALLEGAN DERAILMENT: Seven Chesapeake & Ohio railroad cars, each loaded with 12, 1977-model Buicks, derailed about 3:20 p.m. yesterday south of Pullman in Allegan county. There were no injuries, according to state police at South Haven post. Derailed site is at same location where 46-car freight ran off tracks last December. Engineer Arthur Johnson of Grand Rapids said train yesterday was traveling about 25 miles per hour when air brakes locked and spilled seven cars

noon, and director Clarence Kelley and Atty. Gen. Griffin Bell shuttled to and from police headquarters during the night.

Police said all three groups appeared to be in communication by telephone, although they could not say with certainty that

RECRUITED: Lawrence Meyers, a former ROTC student at the University of California in Berkeley, Calif., says he was recruited as a mercenary for the Rhodesian army with the aid of a letter of recommendation from his ROTC commander. Meyers says he regrets serving in the "completely racist" Rhodesian army and wants to make up for it by exposing those involved in his recruitment. (AP Wirephoto)

the city hall group was related to the others. However, the city hall gunmen made no independent demands.

Abdul Khaalis told reporters that the city hall gunmen were part of his group.

In Dayton, Ohio, the president of the American-Arab Relations Committee, Dr. M.T. Mehdi, said the terrorists' actions "violates the spirit of Islam." In a telegram to the B'nai B'rith, he offered to come to Washington today help secure release of the hostages.

Officials said they were negotiating with the terrorists but they would not describe the discussions. There were reports that Dr. Rauf had asked diplomats from Moslem countries to intercede, and that this was being done.

Abdul Khaalis was born Ernest McGhee in Gary, Ind.

The Hanafi Muslims are a small mostly black group never before blamed for violence in the United States. They number perhaps 1,000 and consider themselves the only true followers of Islam, the religion founded by the prophet Mohammed in 622 and that currently dominates the Middle East, North Africa and Western Asia.

They are not part of the Black Muslims, a much larger organization.

Albion Group 'Escapes' Terrorists

ALBION, Mich. (AP) — For several tense hours, Mayor Charles Jones and four other city officials and their spouses were feared to be among the hostages held by machete-wielding terrorists in Washington.

But the delegation of nine was back home late Wednesday, shaken but safe, putting an end to mounting rumors that they had been seized.

The delegation, in Washington since Sunday for a conference of the National League of Cities,

was staying at a hotel located across the street from the headquarters of the Jewish social service group B'nai B'rith — one of three buildings taken by the terrorists.

The Albion group, scheduled to catch an evening flight home, separated at noon and planned to regroup at the hotel later in the afternoon to pick up their luggage and head for the airport.

However, the B'nai B'rith was subsequently seized, and confusion set in at the hotel.

One councilman and his wife failed to show up at the prearranged time, so the other seven decided to send the women to the airport while the men stayed behind to gather the luggage.

Later, the missing councilman and his wife met up with the other women at the airport. The councilman said he did not know where the other men were. That prompted one of the women to call a relative in Albion saying she didn't know where the mayor, the clerk and another councilman were. The relative called a local radio station saying the group apparently had been taken hostage.

But, there was a happy ending. The rest of the delegation showed up at the airport and the entire group caught a later flight home.

Asked about the trip, Mayor Jones replied: "I can honestly say our luggage was held hostage for awhile."

Doubts Testimony

(Continued From Page One)

was with you the night of Sept. 7?"

"I very possibly may have made a mistake," Olson replied.

"Is it probable that you made a mistake in July?" O'Connor continued. "At this time, sir, I think it is probable," Olson said.

"That you made a mistake in July, 1976?" O'Connor queried.

"That's correct," Olson replied. Much of the rest of the day was spent on legal maneuvers, since McDowell wanted to introduce Olson's district court testimony into evidence and let the jury decide which testimony to believe.

The defense objected, and Judge Chester J. Byrns, presiding over the trial, ruled late in the afternoon that the prior testimony could not be introduced because Olson did not say he couldn't recall his previous testimony but said, instead, that it was probably in error.

"I consider what happened today a major victory," O'Connor told newsmen after court adjourned, referring to Byrns' ruling.

The prosecution said it expects to call one more witness in the trial of Lewandowski. Lewandowski is also awaiting trial in circuit court on three charges of perjury before the grand jury and another charge of larceny in a building.

Liquor Sales

Bill Approved

LANSING, Mich. (AP) — About 70 per cent of Michigan businesses which sell liquor on Sunday will be back in compliance with the law as soon as Gov. William Milliken signs a bill lawmakers sent him Wednesday.

The measure corrects an error in a 1976 law that moved up the starting time for Sunday sales from 2 p.m. to noon.

Man Faces Third Felony Charge

Dallas M. Taylor, 30, of 855 Milo street, Benton township, demanded a preliminary examination when arraigned Wednesday in Berrien Fifth District court on a charge of breaking and entering a house in Lincoln township March 7.

If convicted on that charge, he is to be tried under the habitual criminal statute, according to his arrest warrant, because he has two previous felony convictions. The statute provides for double the maximum penalty upon conviction for a third felony.

The maximum sentence Taylor could receive would be 30 years instead of 15.

Taylor was returned to jail in lieu of \$50,000 bond set by Judge Ronald J. Taylor.

In a separate hearing before Judge Leo Cook, Taylor was ordered bound over to Circuit court on another charge of larceny over \$100. He was accused of stealing tools from a car in Benton township Dec. 23.

Others bound over yesterday were:

LMC Adds Two New Courses

Two new college courses — one in history and the other in science — have been added to the Lake Michigan College arts and sciences curriculum, according to Dr. James Bekker, A & S dean.

Latin American History will be first offered spring semester, next year. Larry Steck, LMC history instructor who holds a master's degree from the University of Michigan, will teach the course which will consist of a survey of Latin American history from its Indian and Spanish roots to the present time.

The new science course, entitled Fundamentals of Science, will be taught by Larry Fairbanks, physical science professor who holds a specialist in education degree from Western Michigan University and a master of science degree from the University of North Dakota. It will be first offered next fall and will be a lecture-laboratory course.

Both will be three semester-hour courses.

Meeting Called In U-M Strike

ANN ARBOR, Mich. (AP) — State mediator Thomas Badoud has called another meeting for Friday between negotiators for striking University of Michigan service workers and the school.

The 2,200 workers, members of Local 1583 of the American Federation of State, County and Municipal Employees, rejected a contract proposal Feb. 22 and set up picket lines the following day.

The strike affects service and maintenance workers at the UM's Ann Arbor, Flint and Dearborn campuses.

COMING HOME: Debbie Owen of New York City, wife of the new British foreign secretary Dr. David Owen, is making her first trip home since his promotion last month. Seen here in London at recent memorial for Anthony Crosland, her husband's predecessor, Mrs. Owen says "people getting to know each other" is what's at stake in diplomacy. (AP Wirephoto)

SJ Speech Contest Is March 19

The lineup of contestants who will compete in the Area 3 speech contest Saturday, March 19 at the St. Joseph Elks lodge was completed last night when Joel Grams won the right to represent Mainstreet Toastmasters.

Previously, George Craven of Whirlpool Toastmasters and Harry Jaeger of Twin City Toastmasters, qualified for the contest by winning their respective club contests.

The Area 3 contest will be conducted under rules formulated by Toastmasters International. Speakers are judged on content, delivery and elapsed time. Host for the contest is the Whirlpool Toastmasters club. Dinner is scheduled for 7 p.m. with the speech contest to start at 8 p.m.

The winner will be eligible to compete in the state speech contest in Flint April 22 and 23.

Reaches Regional Finals In 85-49 Romp

Covert Zips Past Climax-Scotts

By JERRY DYKSTRA
Staff Sports Writer
STURGIS — Run. Run. Run. That's Covert's game and the Bulldogs played it to perfection here Wednesday night to demolish Climax-Scotts 85-49 in the Class D regional.

Covert's speeding earned it a ticket into Friday night's regional championship game against Tekonsha. The Bulldogs will be seeking their first regional title since 1971 in the 7:30 p.m. contest.

"Our quickness and speed were just too much for them," observed Covert coach Rod DeYoung. "They just couldn't stay with us."

Covert placed four players in double figures in racing to its seventh consecutive victory. Super sub Jerry Starks again led the way, sinking 18 points despite missing the first 10 minutes of the game. Starks produced 14 in the blazing Bulldog second half in which Covert scored 49 points while shooting 49 per cent from the field.

Another sophomore, James DeBoe, came up with 15 points, 11 in the first half, and added 15 rebounds. Robert Maggard swished 12 and Jeff DeYoung 10. John Hulasz with 14 was the lone Panther to reach double figures.

Covert, the area's leading offensive team, played a gambling, pressing defense in the first half to mount a 36-26 lead at the half. Climax-Scotts committed 30 turnovers for the night, due mainly to the Bulldogs' hounding press.

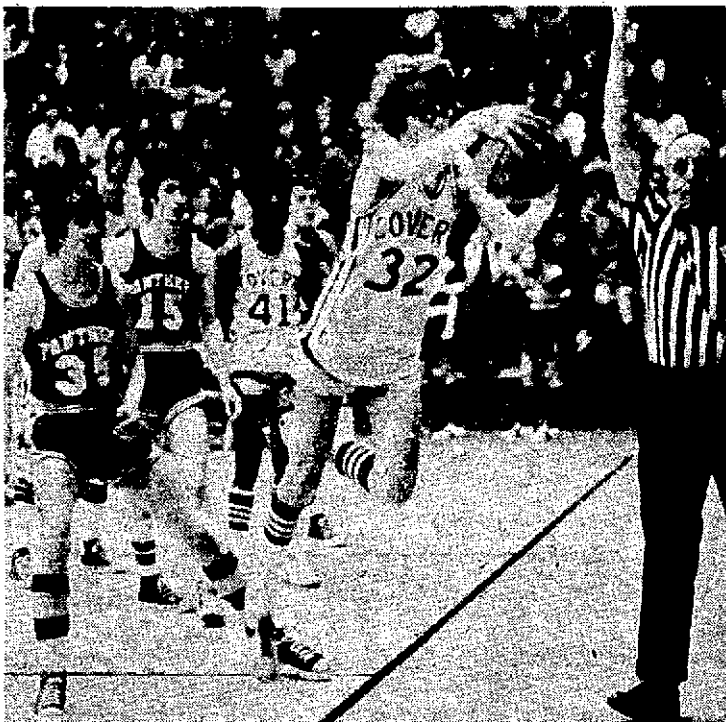

Covert's offense then hit overdrive at the start of the second half to assure the Bulldogs' 21st win in 24 games. The "Dogs" fast break caught the Panthers flat-footed in the third period and Covert outscored Climax-Scotts 15-4 over the first 4:07 to take a 51-30 cushion. Covert connected on seven of eight shots afield in the spree while clicking for nine straight points during one stretch.

"Our defense kept us in the game in the first half," noted DeYoung. "We pressured them and kept them off balance. I thought we played good solid defense all night."

Covert (85)	G F P	Climax-Scotts (49)	G F P
Maggard	5 2 3	Boiley	1 1 4
J. DeYoung	2 4 1	Low	2 0 2
DeBoe	7 1 1	Block	2 3 1
Howkins	3 0 2	Boilock	2 0 0
M. DeYoung	3 2 5	Holoz	4 6 5
J. Starks	7 4 4	Reard	2 3 3
G. Starks	2 0 3	Holtz	0 1 0
Harris	0 2 1	Ori	0 2 1
Wosell	2 0 5	Blair	1 3 1
Nesell	2 0 0		
Crump	1 0 2		
TOTALS	34 17 24	TOTALS	15 19 17

SCORE BY QUARTERS
Covert 17 19 25 24 — 85
Climax-Scotts 12 14 12 11 — 49
Officials: Joe Cooper (Marshall) and Richard Ames (Mottawani)

Official's Reversed Decision Appealed!

By LARRY PALADINO
AP Sports Writer
YPSILANTI, Mich. (AP) — Friday night's Ypsilanti-Livonia Churchill regional championship basketball game may not go off as scheduled, if Southfield High School officials are convincing enough.

The Michigan High School Athletic association agreed to hear arguments from Southfield today on why it believes it was wronged in its 51-50 upset loss Tuesday to Churchill.

An official's reversed decision took two points away from Southfield in the closing seconds and gave the tournament triumph to Churchill.

Allen W. Bush, executive director of the MHSAA, said he didn't want suggest what might happen. However, he said, "I supposed the Council can decide to replay the game, replay part of the game or have it stand as it is."

Bush said he planned to be at the hearing along with some members of the MHSAA's Representative Council and tournament officials. He said principals, athletic directors and coaches from Southfield and Churchill were invited.

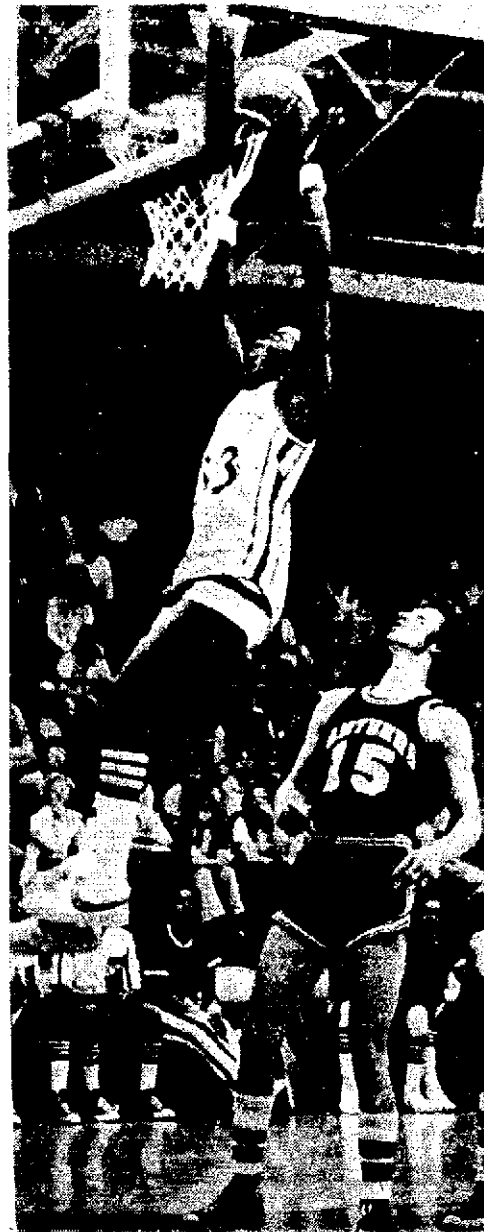

Bush said in his 17 years with the MHSAA he has never been confronted with such a situation. "It creates problems," he said.

Churchill owned a 45-44 lead over Southfield with 29 seconds left when the controversial official's call was made. A Southfield player was fouled and was awarded a bonus-situation free throw attempt.

league play, stepped to the line and made both free throws. Then Churchill Coach Pat Montano convinced officials it was another player who was fouled.

The two points were taken away and Southfield's Darryl Classel went to the line. He missed the first free throw and therefore didn't get a second one. Instead of leading, 46-45, Southfield still trailed, 45-44.

The Chicago case involved a first-round high school tournament game between St. Michael's and Walther Lutheran, which won, 66-65. Lutheran led 36-32 at halftime, getting a bucket on a tip-in after the buzzer sounded. Later officials took the two points off the player's totals, but neglected to change the scoreboard.

NO STUFF: Robert Maggard goes leaping into the air for an attempted dunk shot but misses in action Wednesday night in the Covert-Climax-Scotts game at Sturgis. Bill Bailey (15) of the Panthers looks on. Maggard scored 12 points as the Bulldogs won 85-49 to gain the Class D regional finals against Tekonsha. (Staff photo by Harry Smith)

'The Bird' Still Flighty, Flaky....But Unspoiled

By WILL GRIMSLEY
AP Special Correspondent
WINTER HAVEN, Fla. (AP) — "The Bird" is back — flighty and flaky as ever but totally unspoiled.

"My head must have left my body," said Mark "the Bird" Fidrych, trying to explain an uncharacteristic lapse into absent-mindedness in his 1977 pitching debut for the Detroit Tigers.

The 22-year-old rookie of the year, whose strong right arm and bizarre histrionics on the mound made him a national folk hero last season, pitched three scoreless innings, allowing three hits, as the Tigers beat the Boston Red Sox 5-4 Wednesday in baseball's spring opener.

He forgot and left his cap in the dugout at the start of the second inning. At the end of the inning he ran off the field after the second out, thinking the side was retired. He grabbed the wrong cap when he went to the mound in the third inning, and a bat boy rushed out to make the exchange.

"I heard somebody yell, 'Get your head screwed on, dummy,'" Fidrych said. "I don't know what happened to me. I guess I was too involved. I was thinking too much about the game. I was pumping too hard."

"The Bird" is always pumping — that's his trademark. More than 4,000 fans had assembled at the Red Sox Chalmers O'Lakes Park when Fidrych and his teammates arrived by bus from nearby Lakeland an hour before game time. Traffic was jammed up for miles, delaying the arrival of American League President Lee MacPhail.

Hand-made signs dotted the stands: "Welcome to the Bird," "The Bird is back," "We love the Bird."

In the lockerroom, the 6-foot-2 stringbean with the shock of blond corkscrews for hair was greeted by a battery of newsmen from all around the training circuit.

"No pictures, no interviews before the game," the young pitcher said. "I've got to think."

Once outside, however, he could not turn his back on his adoring army, ranging from kids to grandpas, pleading for autographs.

"I've never seen anything like it — this kid is the greatest draw in baseball," said Hal Middlesworth, Detroit director of public relations. "He started 29 games for us last year, drew 991,239 — an average of 31,077 — a regular magnet."

The free-spirited native of Worcester, Mass., has brought a breath of fresh air to a game bogged down with labor strife and lawsuits, putting on the best show in town last year while compiling a 19-9 record

and leading the major league with an earned run average of 2.34.

His father is Polish, his mother Danish and he is the lone son among three sisters. He drove a pickup truck to the

ball park until a Detroit motor company gave him a new sports car and the Tigers raised his salary from \$16,500 at the start of last year to a three-year graduating scale of \$50,000 - \$75,000 - \$100,000.

Somebody asked him if he feared, because of his wide publicity, he might start getting hammy and cocky. "Me? Not a chance. I've been this way all my life. I can't change."

BIRD IS BACK: Detroit Tigers' Mark Fidrych holds up a T-shirt that was presented to him by fans Wednesday when he arrived at Winter Haven, Fla., to pitch in his first exhibition game of the season. "The Bird" helped the Tigers to a victory over the Boston Red Sox. (AP Wirephoto)

Fidrych Happy Winner; Rose And Tiant Bitter

From ASSOCIATED PRESS
Mark Fidrych picked up where he left off last season, pitching three scoreless innings for the Detroit Tigers in a 5-4 exhibition opener against the Boston Red Sox, but there was discontent at Cincinnati's camp as the Reds' 10-time All-Star third baseman Pete Rose refused to sign his contract.

In the Detroit-Boston game Wednesday at Winter Haven, Fla., Jason Thompson, Ben Oglivie and Mickey Stanley cracked home runs for the Tigers. Fidrych, the American League's Rookie of the Year who won 19 games last year, gave up only three hits in three innings.

At Tampa, Fla., Rose said he wouldn't sign, and declared what he called a lack of appreciation by the Reds for his dedication. He said he might play out his option because of the bitter salary dispute.

"Why are they negotiating on the date of my birth rather than on my batting average?" said the 36-year-old Rose, who has batted .300 in 11 of his last 12 years.

Rose has played 2,184 games in his 17-year career with the Reds' organization.

And there was just as much bitterness in Boston, where pitching ace Luis Tiant said he might go back to Mexico after failing to come to terms with the Red Sox on his demand for an extension of his contract and a no-cut clause.

"The way I'm feeling right now is I'll go home," he said. "I've had enough."

His contract runs through the 1977 season and he wants it stretched another year. He had asked for a three-year contract but said he had negotiated most recently for just two.

At the Montreal Expos' Daytona Beach, Fla., spring training camp, team management

invoked the automatic renewal clause on infielder Rodney Scott's contract, completing the team's 40-man roster for 1977.

At St. Petersburg, Fla., veteran catcher Jerry Grote signed a one-year contract with the New York Mets for a reported \$125,000. His signing leaves Dave Kingman the only holdout. Kingman is seeking \$3 million over five years.

The Chicago White Sox handed renewal contracts to Ken Brett, Jim Essian and Wayne Nordhagen and club Vice President Roland Hemond promised others would be coming. For Brett, at least, no salary cut was involved.

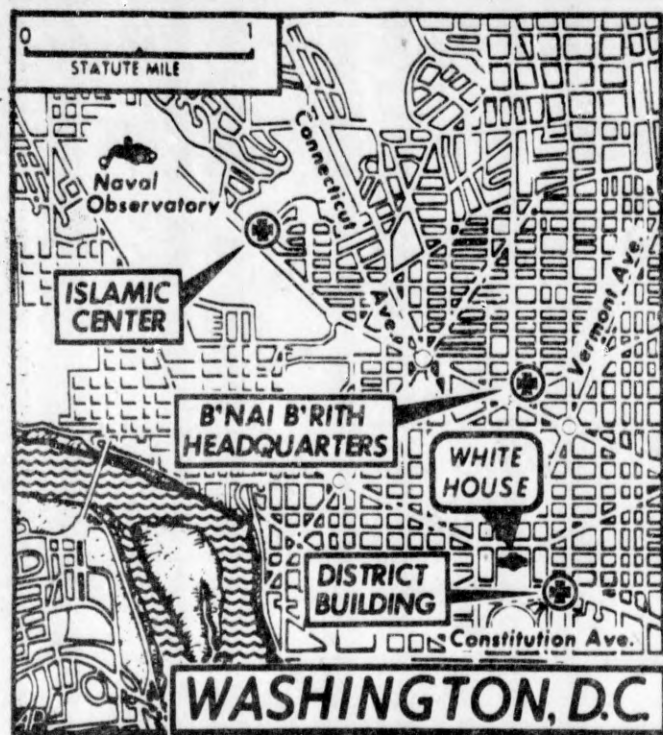

The Cleveland Indians completed their signings when Bill Melton came to terms on a one-year contract. The Phillies signed rookies Rick Bassett, an outfielder, and Jim Morrison, a third baseman, to three-year contracts, leaving Philadelphia with eight unsigned players.

TRIPLE ASSAULT: Map locates the three buildings, all within about a mile and a half from the White House, where in three apparently related assaults Wednesday, bands of riflemen, described as black Muslims, invaded the headquarters of the Jewish B'nai B'rith Organization, the Islamic Center, and the District Building, Washington's city hall. (AP Wirephoto Map)

Terror Reigns In Washington

(Continued From Page One)

with newsmen, Abdul Uhaalis blamed Black Muslim leaders, including heavyweight boxing champion Muhammad Ali, for the slayings of his children and demanded that authorities turn the Muslims over to him. In addition to Ali, he listed as Muslim leaders Wallace D. Muhammad, now head of the movement; his brother, Herbert Muhammad, and former Philadelphia Muslim leader Jeremiah Muslim Shabazz.

Other demands made by Abdul Uhaalis during the telephone conversations were:

—That authorities turn over those responsible for the slaying of his children. He named heavyweight champion Muhammad Ali, Muslim leader Wallace D. Muhammad, his brother Herbert Muhammad and former Philadelphia Muslim leader Jeremiah Muslim Shabazz.

—That authorities turn over the murderers of Malcolm X, who like Khaalil was a member of the Black Muslims before breaking with them.

—The return of a \$750 fine assessed against him for shouting at the Muslim defendants during their trial for the 1973 Hanafi murders. Police returned the money Wednesday night.

—A halt to the screening of the movie "Mohammad, Messenger of God," which was scheduled for its American premiere on Wednesday in New York and Los Angeles. The distributor immediately stopped the film in mid-screening after learning of Abdul Khaalil's demand. Abdul Khaalil said the film was "a fairy tale" that demeaned and distorted the Islamic faith, although few other Muslims have objected to it.

During one of his conversations with an Associated Press reporter, Abdul Khaalil was asked if he had set a deadline for meeting his demands.

"No, we're not going to set deadlines," he replied. "This way we're going to find out that I'm not joking. They can play if they want to and this way they can find out that I'm not joking."

Asked about a report he was negotiating with diplomats from Middle Eastern nations, Abdul Khaalil said, "Not that I know anything of."

"No, I've told them what has to be done and that's that."

Q. Could you repeat what you said to them?

A. No. I'm just going to ask anybody in here that you call a good citizen and an innocent person is less valuable than those murderers who kill little babies and things?

Q. Do you see a way to end this peacefully?

A. I didn't come in here in peace.

Q. How do you think this is going to be resolved?

A. It's not my problem. It's the government's problem now.

During an earlier conversation there was this exchange:

Q. Could I ask a question about the murders in '73?

A. ... I'm not talking about it. Cassius Clay was in on it. He was one of their top officials then. Wallace was an official then. Herbert was an official. They're all still officials. That's right. And the government let them go. Jeremiah was an official ... You know a crime has been perpetrated upon us, a heinous crime. And nobody spoke up or said anything, offered no condolences. Not even a storefront church. Now I'm through talking."

Muhammad Ali, formerly known as Cassius Clay, has taken a prominent role in Black Muslim affairs. He could not be reached for comment Wednesday.

In Chicago, Wallace Muhammad denied responsibility for the 1973 Hanafi slayings and said he deplored Wednesday's violence.

Four to six gunmen, including Khaalil, stormed the B'nai B'rith headquarters around 11 a.m., wounding eight persons and herding 100 or more hostages onto the top floor of the eight-story building.

Police said 43 persons either were released or escaped the terrorists by hiding.

Of the wounded, two were hospitalized overnight, three were treated and released, and three still were being held by the terrorists. The condition of the wounded hostages was not known.

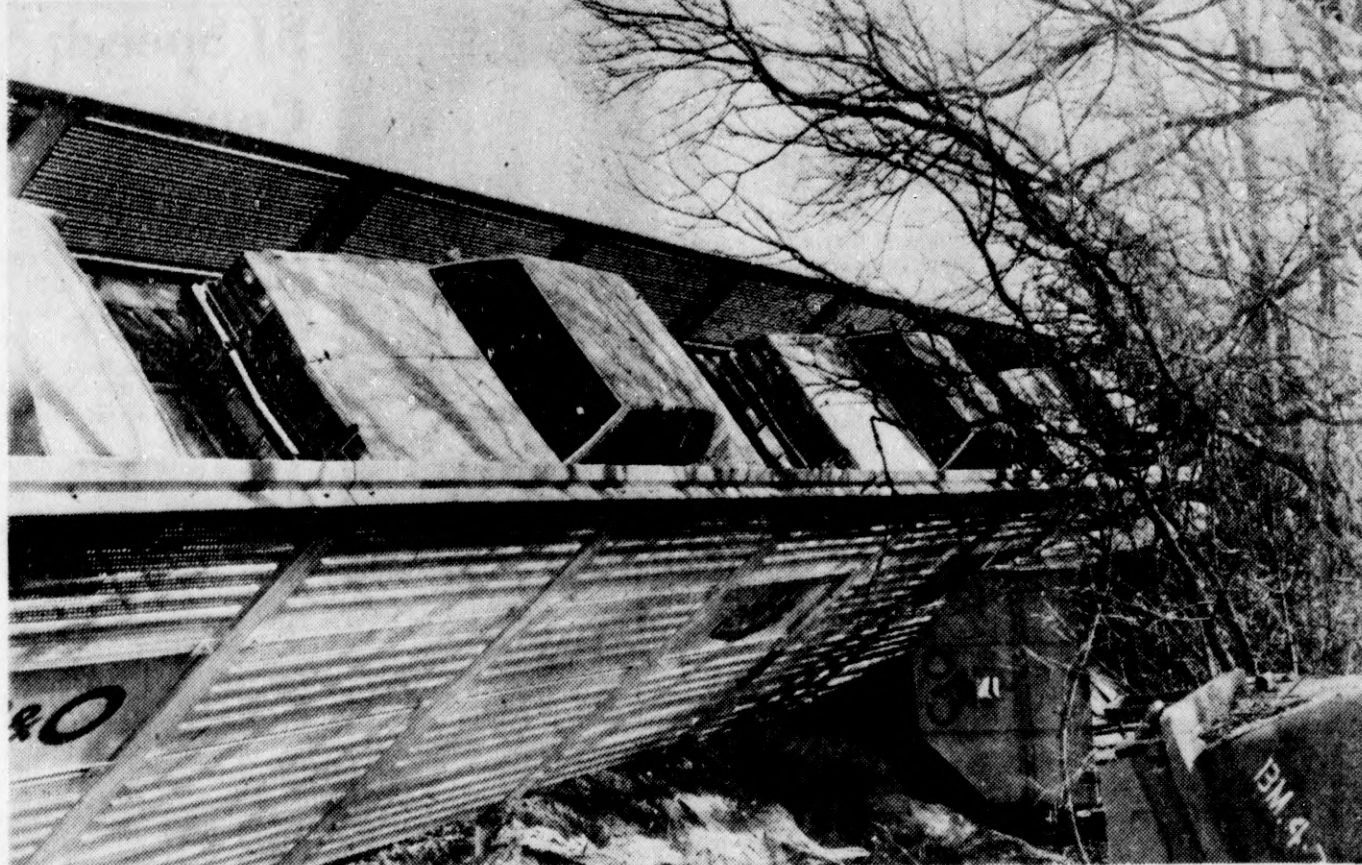

An hour after the first invasion, up to three more gunmen took the Islamic Center on Embassy Row, apparently without violence or injury. They retained 14 hostages, including center director Dr. Abdul Rauf, the city's highest-ranking Muslim.

One of the gunmen told a reporter by telephone that their actions were coordinated with Khaalil's group, and that "heads will roll" unless demands are met.

At 2:30 in the afternoon two more gunmen opened fire on the fifth floor of the District Building, where Mayor Walter Washington and the city council were at work.

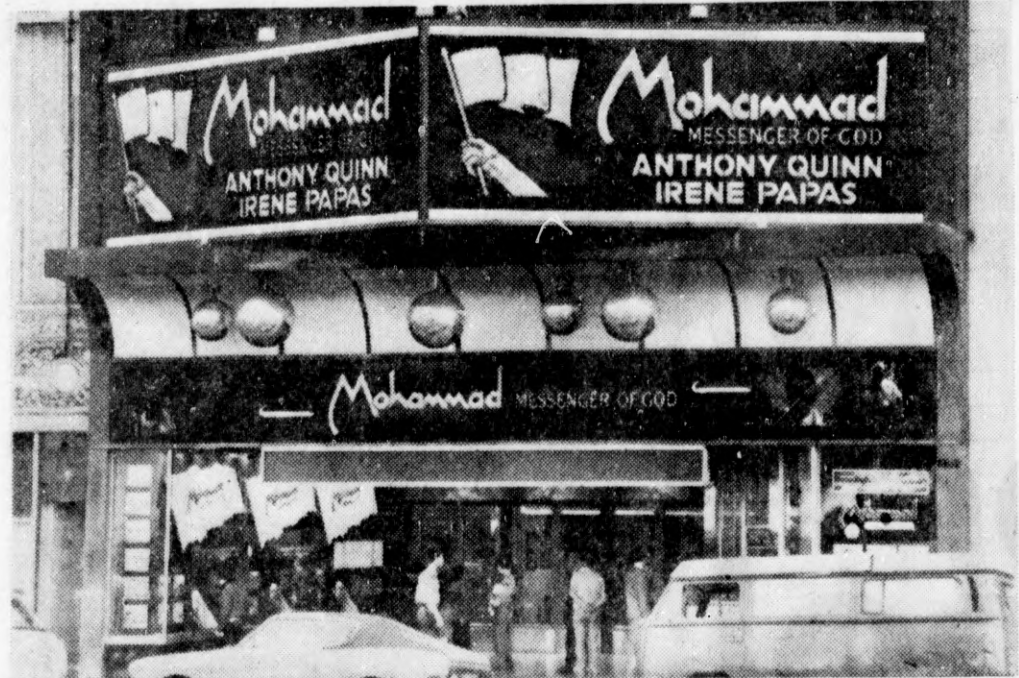

They killed Maurice Williams, 24, an employee of WHUR-FM. City Councilman Marion Barry was wounded in the chest by a ricochet bullet, and two security guards were wounded, one critically. A fourth man, identified only as a building guard, lay motionless for hours under the guns of the invaders and was thought to be dead, but rescuers found him alive when they evacuated him. His condition was not known.

President Carter ordered the FBI onto the case in midafter-

ALLEGAN DERAILMENT: Seven Chesapeake & Ohio railroad cars, each loaded with 12, 1977-model Buicks, derailed about 3:20 p.m. yesterday south of Pullman in Allegan county. There were no injuries, according to state police at South Haven post. Derailed site is at same location where 46-car freight ran off tracks last December. Engineer Arthur Johnson of Grand Rapids said train yesterday was traveling about 25 miles per hour when air brakes locked and spilled seven cars

near end of train. Three cars spilled on their side and other four remained upright. Accident occurred between 102nd and 105th streets in Lee township. Train was bound from Grand Rapids to New Buffalo. Cars from December derailment still littered area. Deraillments have plagued Chessie system in this area. In Berrien county alone, there have been 11 deraillments in last 13 months. (Dion LeMieux photo)

'MOHAMMAD' CLOSED: Patrons stand around the lobby of Hollywood's Paramount theater after it was closed because of the terrorist activities in Washington. It was one of five in the Los Angeles area showing "Mohammad, Messenger of God." The film's U.S. distributor said he ordered it out of American theaters. (AP Wirephoto)

SOUGHT BY TERRORISTS: Apparent leader of group of terrorist gunmen holding hostages at B'nai B'rith headquarters in Washington has demanded that authorities turn over those responsible for slaying of seven members of Hanafi Muslim sect in 1973. Named, left to right, are Muslim leader Wallace D. Muhammad, his brother Herbert Muhammad, heavyweight boxing champion Muhammad Ali and former Philadelphia Muslim leader Jeremiah Muslim Shabazz. Hartford Township Drive Seeks Ordinance Vote

HARTFORD — The Hartford township board was told last night that a petition is being circulated seeking a township-wide referendum on an ordinance regulating outdoor gatherings.

Elwood Jones, Springdale Manor, told the board last night that a petition is being circulated which asks that the ordinance come to a vote of all township residents. Jones told the HERALD-Palladium this

morning that those circulating the petitions do not want a special election, but would like to see the issue on some regular election ballot in the near future.

The ordinance would require a license and a surety bond of up to \$20,000 in order to protect the township and adjoining property owners against all loss, injury, damage or cleanup costs on gatherings of 500 people or more.

The board published the proposed ordinance last month and according to township Supervisor Donald Drake it will automatically go into effect in 30 days. The petition drive could stall the effective date of the ordinance.

The ordinance came as the result of several "rock" concerts held in the township over the past two years. Residents adjacent to concert sites complained about the concerts to township officials. Jones told the board that the ordinance came as the result of the complaints of a few residents and should come to the vote of the entire township.

In other business, the board received a detailed breakdown of a recent bill from its auditor, William Cutting of Paw Paw, who attended the meeting. The bill for \$525 was a \$25 per month charge for posting over a 21-month period. Cutting had not billed the board for part of last year's posting. The township was charged \$1,100 for last year's audit.

The board agreed to seek assistance from the Van Buren county road commission on a problem of backed up water in a drain along Springdale road in Springdale Manor, a subdivision two miles east of Hartford off Red Arrow highway. Jones told the board there is a problem of standing water in the drain which the road commission installed last year.

The board announced that the annual township meeting would be held Saturday, April 2, at 1 p.m. in the Hartford city hall.

Farm Chief Blames Milliken

LANSING (AP) — Gov. William Milliken is responsible for unnecessary concern among Michigan consumers about PBB, the president of Michigan Farm Bureau charged Wednesday. Elton R. Smith, a Caledonia dairy farmer who heads the state's largest farm group, said Milliken disregarded scientific testimony presented before a House committee Monday. Dr. Albert Kolbye of the U.S. Food and Drug Administration (FDA) told the House Committee on Public Health that evidence shows the present Michigan food supply is not a public risk. "For many decades, the FDA has earned the trust of American consumers to assure the safety of their food. Dr. Kolbye once again testified that the current 300 parts per billion PBB tolerance levels was safe," Smith said. "This scientific testimony could have given Governor Milliken the opportunity to restore consumer confidence in Michigan farm products," he added.

Pollution Suit Dropped

LANSING, Mich. (AP) — A three-year-old lawsuit against Michigan's biggest polluter has been dropped because the Alpena firm has stopped polluting, the attorney general said Wednesday. The Huron Cement division of National Gypsum Co. in Alpena was sued by Atty. Gen. Frank Kelley in March 1973. The plant, the largest cement producer in the world, was spewing 300 tons of cement dust and other pollutants into the air daily. "Today, that plant is in full compliance with all requirements of the court order, and the air is once again clean in Alpena," Kelley said.

Kelley said that although "The filing of that suit was met with predictions of dire economic consequences for Huron Cement, Alpena and Northern Michigan," the air now is clean and the plant produces more cement than it did in 1973.

Albion Group 'Escapes' Terrorists

ALBION, Mich. (AP) — For several tense hours, Mayor Charles Jones and four other city officials and their spouses were held to be among the hostages by machete-wielding terrorists in Washington.

But the delegation of nine was back home late Wednesday, shaken but safe, putting an end to mounting rumors that they had been seized.

The delegation, in Washington since Sunday for a conference of the National League of Cities,

was staying at a hotel located across the street from the headquarters of the Jewish social service group B'nai B'rith — one of three buildings taken by the terrorists.

The Albion group, scheduled to catch an evening flight home, separated at noon and planned to regroup at the hotel later in the afternoon to pick up their luggage and head for the airport.

However, the B'nai B'rith was subsequently seized, and confusion set in at the hotel.

One councilman and his wife failed to show up at the prearranged time, so the other seven decided to send the women to the airport while the men stayed behind to gather the luggage.

Later, the missing councilman and his wife met up with the other women at the airport. The councilman said he did not know where the other men were.

That prompted one of the women to call a relative in Albion saying she didn't know where the mayor, the clerk and another councilman were. The relative called a local radio station saying the group apparently had been taken hostage.

But, there was a happy ending. The rest of the delegation showed up at the airport and the entire group caught a later flight home.

Asked about the trip, Mayor Jones replied: "I can honestly say our luggage was held hostage for awhile."

Doubts Testimony

(Continued From Page One)

was with you the night of Sept. 7?"

"I very possibly may have made a mistake," Olson responded.

"Is it probable that you made a mistake in July?" O'Connor continued. "At this time, sir, I think it is probable," Olson said.

"That you made a mistake in July, 1976?" O'Connor queried. "That's correct," Olson replied.

Much of the rest of the day was spent on legal maneuvers, since McDowell wanted to introduce Olson's district court testimony into evidence and let the jury decide which testimony to believe.

The defense objected, and Judge Chester J. Byrns, presiding over the trial, ruled late in the afternoon that the prior testimony could not be introduced because Olson did not say he couldn't recall his previous testimony but said, instead, that it was probably in error.

"I consider what happened today a major victory," O'Connor told newsmen after court adjourned, referring to Byrns' ruling.

The prosecution said it expects to call one more witness in the trial of Lewandowski. Lewandowski is also awaiting trial in circuit court on three charges of perjury before the grand jury and another charge of larceny in a building.

Liquor Sales

Bill Approved

LANSING, Mich. (AP) — About 70 per cent of Michigan businesses which sell liquor on Sunday will be back in compliance with the law as soon as Gov. William Milliken signs a bill lawmakers sent him Wednesday.

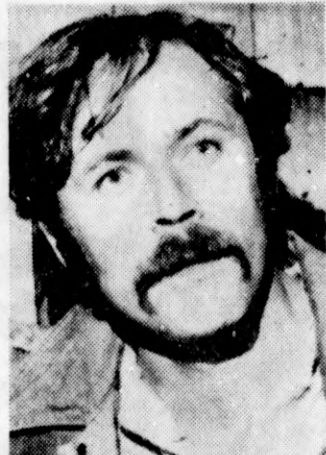

The measure corrects an error in a 1976 law that moved up the starting time for Sunday sales from 2 p.m. to noon.

RECRUITED: Lawrence Meyers, a former ROTC student at the University of California in Berkeley, Cal., says he was recruited as a mercenary for the Rhodesian army with the aid of a letter of recommendation from his ROTC commander. Meyers says he regrets serving in the "completely racist" Rhodesian army and wants to make up for it by exposing those involved in his recruitment. (AP Wirephoto)

OBITUARIES

R. L. Winlinson

SOUTH HAVEN — R. Lee Winlinson, 81, 3661 Pacific avenue, Riverside, Calif., formerly of South Haven, died Tuesday in Riverside. He was born April 17, 1895, in South Haven.

Surviving are his widow Bernice; three sons, Robert and Merwin, both of Riverside and Francis, of Corona, Calif.; four daughters, Mrs. Danna Butler, Bangor, Mrs. Irma Grano, Riverside, Calif., and Mrs. Beverly Brenner, South Haven, and Miss Janice Wilkinson, Riverside; 23 grandchildren and 10 great-grandchildren.

Funeral services will be held at 2 p.m. Monday in the Calvin funeral home, South Haven, where friends may call from 7 until 9 p.m. Sunday. Burial will be in McDowell cemetery.

Henry Wilson

DECATUR — Henry Wilson, 60, Route 2, Decatur, died Monday afternoon in Mercy hospital, Benton Harbor. He was born Feb. 4, 1917, in Micosuke, Fla.

Surviving are his widow, the former Pearl Hill; four daughters, Debbie, Velma and Mattie, all at home, Ella May of Ft. Lauderdale, Fla.; eight sons, Ronald, with the U.S. Army in Fort Lee, Va., Lloyd and Derrick, both at home, Columbus, Tim, Jimmie, Johnnie and Willy James, all of Ft. Lauderdale; four sisters, Mrs. Effie Wilson, Harvey, Ill., Mrs. Mattie Ford, Cocoa, Fla., Mrs. Lizzie Ford and Mrs. Bertha Rogers, both of Jacksonville, Fla.; two brothers, Tommie and Columbus, both of Jacksonville, and 14 grandchildren.

Funeral services will be held at 11 a.m. Friday in the Newell funeral home, Decatur, where friends may call after 10 a.m. Friday. Burial will be in Hamilton township cemetery.

Harold Molter

SOUTH HAVEN — Harold W. Molter, 79, South Haven, died Wednesday in South Haven Community hospital. He was born May 7, 1897.

There are no known survivors. Graveside rites will be held at 10 a.m. Friday in Lakeview cemetery.

Funeral arrangements are in charge of Calvin funeral home, South Haven.

Mrs. G. Bonjerno

SOUTH HAVEN — Mrs. George (Dorothy) Bonjerno, 53, of Route 3, 14th avenue, South Haven, died early today in South Haven Community hospital, following a long illness. She was born March 20, 1923.

Surviving besides her husband are a daughter, Mrs. Jean Marie Wallis and a son, Gordon R. Bonjerno, both of South Haven; three grandchildren; her mother, Mrs. Bertha Ekester, South Holland, Ill.; a sister, Mrs. Marge Leistra, South Holland.

Funeral services will be held at 1:30 p.m. Saturday in the Casco United Methodist church. Burial will be in Lakeview cemetery. Friends may call after 2 p.m. Friday at the Calvin funeral home, South Haven.

Clark Infant

WATERVLIET — Shawn Matthew Clark, two-week-old son of James and Robin (Rose) Clark, 322 Park street, Watervliet, died at 3:30 a.m. today in Bronson hospital, Kalamazoo.

Surviving besides the parents are a brother, Scott Clark, at home; his grandparents, Mr. and Mrs. Darwin Rose, St. Joseph and Mr. and Mrs. Kenneth Clark Sr., Coloma.

Chapel services will be held at 11 a.m. Saturday in the North Shore Memorial Gardens. Friends may call at the Davidson funeral home, Coloma, from 10 until 10:45 a.m. Saturday.

Face No. 1 Everett In Finals Bearcats Oust Vikings

By JOHN VANDEN HEEDER
Sports Editor

KALAMAZOO — Niles has disappeared from the basketball tournaments at the regional level for the second straight year, but this time it wasn't through Lansing Everett's "Magic."

Battle Creek Central ousted coach Dean Adams' Vikings 70-40 here Wednesday night at Read Fieldhouse to earn the dubious distinction of facing No. 1 Everett in the Class A championship clash here at 7:30 p.m. Friday.

Everett, which eliminated Niles here last year 82-42 and defeated the Vikings 97-33 this past January, advanced by hammering Howell 53-32 in the first game of Wednesday's doubleheader.

Everett's Earvin "Magic" Johnson was ill and scored just

17 points — well below his 35-point season average. But the 6-8 senior center, who is considered the No. 1 prep player in Michigan, dished out 14 assists with dazzling passes which amazed the near-capacity crowd.

Battle Creek Central, which will carry a 20-4 record against Everett, got past Niles while getting 20 points each from guards Lester Lytle and Rick McGee. Forward Mitchell Guy added 16 tallies.

Niles got 20 points from senior forward Tim Garner and 16 from senior guard Tom Donley while seeing a seven-game winning streak snapped and bowing out at 18-5...the eighth straight winning season for the Vikings.

Niles hit just 24 per cent of its first half shots Wednesday while digging a hole it wasn't able to climb out of.

The Vikings opened the game by hitting just 1 of 10 shots while being guilty of six turnovers and three fouls against center Kevin Seitz. During one stretch they went about 5½ minutes without a field goal. Meanwhile, the Bearcats from Battle Creek reeled off 11 unanswered points while on the way to a 17-3 lead. Battle Creek led 19-7 at the end of the first quarter and stood on top 28-17 at halftime.

"The gaps were there and the holes were there... we just didn't attack it," noted Adams on the Viking first half effort against the Bearcat zone defense.

Niles also turned the ball over a damaging 15 times in the first half, before getting back into the contest with an improved floor game and shooting in the second half.

The Vikings came out in a full court pressure defense in the third quarter and caused turnovers which cut the Bearcat advantage to six points. Garner, who went without a field goal the first half, also got rolling by scoring 18 of his 20 points the second half.

"We were gambling on defense and it worked in our favor," continued Adams. "It got us back to within striking distance."

"I've got to give Niles credit for those turnovers (16 by Battle Creek the second half)," declared Bearcat coach Chuck Turner. "They are quicker than most teams we've played. And we've been erratic all year against pressure."

Niles trailed 46-38 after three quarters and never got any closer in the fourth period as Battle Creek hit seven of its first eight shots. The Bearcats scored 13 of 15 points over one stretch for their biggest lead of the game at 5-46 with 3:48 left to play.

"I think having that slow start really hurt us coming back," added Adams, "but I thought our kids hustled their way out...they had a great season."

Niles' comeback bid left the Vikings with an overall 37 per cent field goal mark (26 of 71). Niles also hit 8 of 14 free throws (57 per cent).

"That (shooting) has been our game all year long," added Adams. "We depend a lot on our outside shooting because we don't have the size to go inside. When we are hitting we can stay with most ball clubs."

Battle Creek hit 27 of 60 field goals (45 per cent), 16 of 24 free throws (67 per cent) and posted a 47 to 44 rebounding advantage, including 15 by 6-6 Glenn White and 11 by 6-3 Guy. Garner had 11 for Niles. The turnover statistic saw Battle Creek with 27 and Niles with 21.

The defeat ended the Niles careers of Garner, Seitz, Donley and George Seals. Garner and Seitz earned all-Big Seven titles this year while leading the Vikings to a share of the conference championship.

On Friday, Everett will be going after its third straight regional title. It beat Battle Creek by identical 96-55 scores while winning the crown the last two seasons.

"We're not going to be able to stop Johnson," said Battle Creek's Turner of the championship clash, "but we can't let them run a fast break drill like they did tonight."

Battle Creek is allowing just 54 points per game and will be counting heavily on a zone defense which Turner called "one of the better defenses in the state."

If Everett gets past Battle Creek and goes on to the state championship, it will be the first winner of the Western Michigan regional to do so since Benton Harbor won back-to-back state crowns in 1965 and 1966.

Riverview Gabriel Richard edged Milan, 72-70, and Jackson Lumen Christi downed Charlotte, 49-40, to move into title games in their respective regions.

In C, East Jackson beat Jonesville, 69-43; Saginaw Sts. Peter and Paul ousted Shepherd, 74-64; and Stockbridge upended New Luthr, 83-73.

Other Class D winners were Laingsburg, 76-54, over Fowler; Waterford Our Lady, 59-33, over Flint Holy Rosary; and Muskegon Christian, 56-51, over McBain Northern Christian.

All have reached regional finals.

GARNER FOULED: Battle Creek Central's Glenn White (14) knocks ball away from Niles' Tim Garner, but fouls the Viking standout on the play. Watching are Niles' Tom Donley (22) and Jason Arnold (32). Garner scored 20 points in Class A regional game at Western Michigan Wednesday night but the Vikings lost 70-40. (Staff photo by John Vanden Heede)

Notre Dame, Michigan Cop WCHA Playoff Wins

From ASSOCIATED PRESS

Likes Marine privates obeying the cadence count of a drill sergeant, the Western Collegiate Hockey Association playoffs are going to the tune of the regular choreography.

WCHA regular season champion Wisconsin clipped Colorado College 3-1, runnerup

Notre Dame whipped Minnesota 5-1, third-place Michigan edged Michigan Tech 6-5 and No. 4 Denver walloped North Dakota 8-3 Wednesday night in the first curtain of the league's two-day, most goals quarter-final series. The same matchups are on tap tonight with the winners all on home

ice.

Winger Mark Davidson scored a pair of goals to help Denver open a 6-1 lead over North Dakota after two periods enroute to an easy victory.

Notre Dame was also a big winner in the most goals countdown, crunching Minnesota's defending champions. Freshman Ted Weltzin scored two goals for the Irish while Don Micheletti managed the lone Minnesota score.

"I suppose you can say it was like a bad dream," said Minnesota goalie Steve Janaszek, who faced 38 shots.

"Notre Dame took us really good," said Gopher Coach Herb Brooks. "We just got blown out. At a really bad time."

Mike Eaves scored two goals to lead Wisconsin over Colorado College and freshman Dan Lerg's goal early in the final period was the decisive tally as Michigan held off Tech.

COVERT

(Continued From Page 10)

sleeping. We scouted them and knew they did it but we just couldn't stop it.

"Also Halasz hurt his ankle in the warm-ups and he couldn't do nothing out there. He's our top shooter and hitting 44 per cent from the floor. Covert realized they didn't have to defend him much so they concentrated on some of our other players."

The game was marred by a fight between Maggard and the Panthers' Dave Low at 6:08 of the final period. Both benches emptied onto the floor but order was quickly restored. Both Maggard and Low were assessed flagrant personal fouls and tossed out of the game by the officials.

Covert took 34 more shots than Climbax-Scotts and ended the hitting 34 of 78 for a solid 44 per cent. The Panthers were 15 of 44 for 34 per cent and made only one field goal in the last

quarter. The Bulldogs, who made 21 turnovers, rifled in 17 of 27 charity tosses, the losers 19 of 32.

DeYoung scouted Tekonsha (12-10) in its 65-51 win over Burr Oak Tuesday night at Sturgis. "They're a tough ball team," declared DeYoung, who took the Bulldogs to the state title in 1971. "They have some height...6-7 and 6-5 and a 6-1 guard. It'll take a good game by us to beat them."

Bryan Lindquist, a 6-7 center, took scoring honors with 19 points in Tekonsha's win over Burr Oak.

Since losing to Bridgman Feb. 12 the Bulldogs have averaged 83 points per game while winning seven straight by an average of 24.6 points per game.

Hopkins, which finished second behind Covert in the Allegan-Ottawa league standings, also is in the Class C regional finals at Grand Rapids Ottawa Hills.

Bucks' Busby Tops Bud Team

Blossomland conference scoring champion Gerald Busby of Buchanan heads the all-Bud basketball team announced today by league coaches.

Busby, an honorable mention selection last year, is the only junior on the five-member first team. The 6-4 forward topped the league scorers with a 25.0 per game average, fourth best in Blossomland history. His 350 league points were only three points off the league record of 353 held by Denny Ruch of Berrien Springs.

Joining Busby on the first team were two members of Cassopolis' league champions. Forward Glen Hawkins (14.8 average in league games) and center Kevin Loder (21.1) were first-team picks.

Kim Mulder of Dowagiac, second in the league with a 21.8 scoring average, and River Valley's 6-7 center Werner Maak rounded out the first team.

On the second team were Brandywine's Tony Harris (17.4), Edwardsburg's Jim Case (14.6), Buchanan's Mo Kyles (14.9), Lakeshore's Toni

Jager (14.3) and Joe Jones of Columbia. Loder, Jager and Jones were all honorable mention picks last season.

ALL-BLOSSOMLAND FIRST TEAM
Player School Pts. Gm. Avg.
Gerald Busby Buchanan 64 31 2.08
Kevin Loder Cassopolis 61 31 1.97
Glen Hawkins Cassopolis 60 31 1.94
Werner Maak River Valley 59 31 1.90
Kim Mulder Dowagiac 58 31 1.87

SECOND TEAM
No. Kyles Buchanan 57 Jager Lakeshore 56 Jones Columbia 55 Harris Brandywine 54 Edwardsburg 53

HONORABLE MENTION
Gary Schaffer, Steve Nash, River Valley; Ed Pittsford, Greg Bestie, Tim Kresko, Brandywine; Larry Toth, Lakeshore.

Drake Is MAC's Player Of Week

COLUMBUS, Ohio (AP) — Central Michigan's leading scorer Leonard Drake has been named the Mid-American Conference player of the week.

Drake, a Brandywine graduate, received the honor for his three-game performance. Drake, a 6-foot-2, 174-pound senior, scored 36 points in the Chippewa's three road wins over Northern Illinois, Bowling Green and Ohio University.

Reaches Regional Finals In 85-49 Romp

Covert Zips Past Climax-Scotts

By JERRY DYKSTRA

Staff Sports Writer

STURGIS — Run. Run. Run. That's Covert's game and the Bulldogs played it to perfection here Wednesday night to demolish Climax-Scotts 85-49 in the Class D regional.

Covert's speeding earned it a ticket into Friday night's regional championship game against Tekonsha. The Bulldogs will be seeking their first regional title since 1971 in the 7:30 p.m. contest.

"Our quickness and speed

were just too much for them," observed Covert coach Rod DeYoung. "They just couldn't stay with us."

Covert placed four players in double figures in racing to its seventh consecutive victory. Super sub Jerry Starks again led the way, sinking 18 points despite missing the first 10 minutes of the game. Starks produced 14 in the blazing Bulldog second half in which Covert scored 49 points while shooting 49 per cent from the field.

Another sophomore, James

DeBoe, came up with 15 points, 11 in the first half, and added 15 rebounds. Robert Maggard swished 12 and Jeff DeYoung 10.

John Halasz with 14 was the lone Panther to reach double figures.

Covert, the area's leading offensive team, played a gambling, pressing defense in the first half to mount a 36-26 lead at the half. Climax-Scotts committed 30 turnovers for the night, due mainly to the Bulldogs' hounding press.

Covert's offense then hit

overdrive at the start of the second half to assure the Bulldogs' their 21st win in 24 games.

The "Dogs" fast break caught the Panthers flat-footed in the third period and Covert outscored Climax-Scotts 15-4 over the first 4:07 to take a 51-30 cushion. Covert connected on seven of eight shots afield in the spree while clicking for nine straight points during one stretch.

"Our defense kept us in the game in the first half," noted DeYoung. "We pressured them

and kept them off balance. I thought we played good solid defense all night."

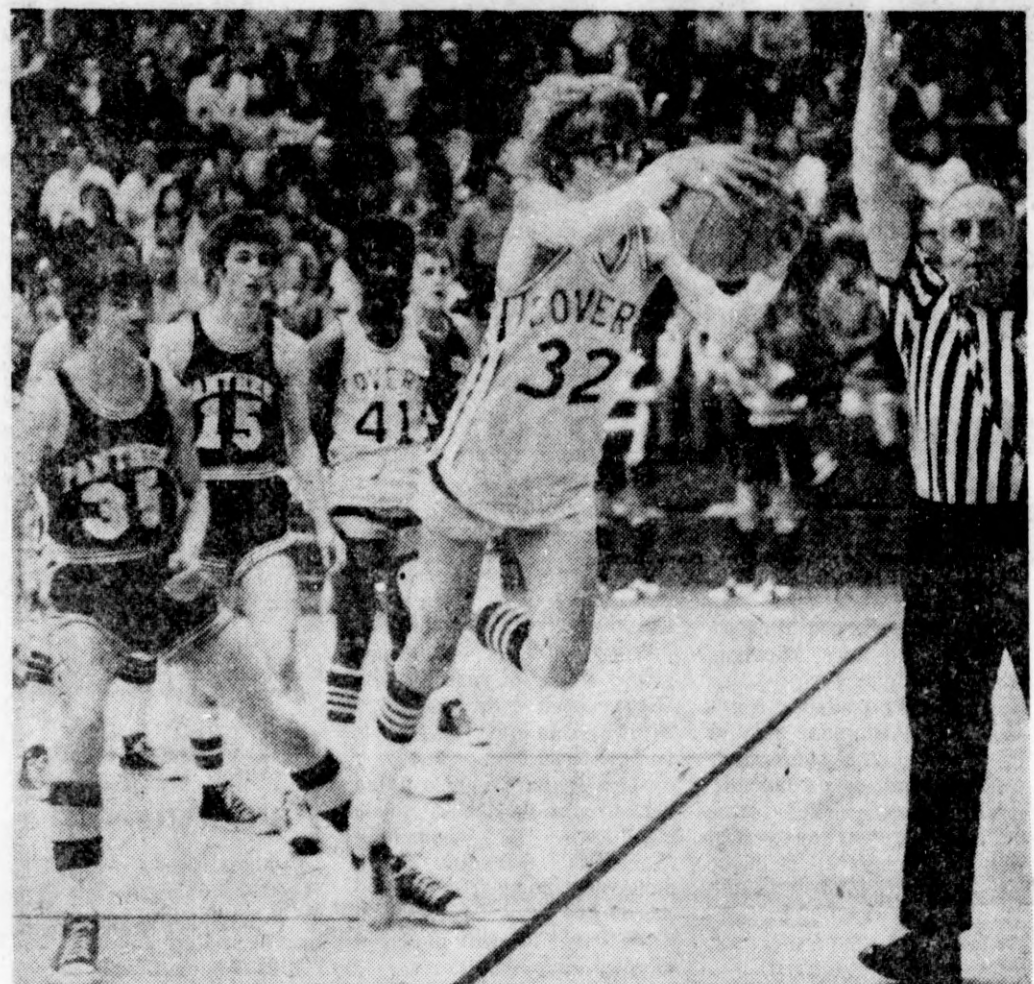

"Finally at the start of the second half we got our offense going and that was the game. We moved the ball well and hit the open man. Also we boarded well, but we should of since they're not a big team."

"Covert just beat us on the transition from offense to defense," lamented Panther coach Mark Whitney. "They whipped the ball down the floor on the fast break and caught us

Official's Reversed Decision Appealed!

By LARRY PALADINO

AP Sports Writer

YPSILANTI, Mich. (AP) — Friday night's Ypsilanti-Livonia Churchill regional championship basketball game may not go off as scheduled, if Southfield High School officials are convincing enough.

The Michigan High School Athletic association agreed to hear arguments from Southfield today on why it believes it was wronged in its 51-50 upset loss Tuesday to Churchill.

An official's reversed decision took two points away from Southfield in the closing seconds and gave the tournament triumph to Churchill.

"We've contacted the state and they've set up a hearing for us," said Southfield Coach Don Kaump. "They've elected to hear our side."

Kaump would not speculate on what Southfield might do if a ruling was not made in its favor. He declined to say if legal action might be taken, as was the case in Chicago recently in a similar situation.

Allen W. Bush, executive director of the MHSAA, said he didn't want suggest what might happen. However, he said, "I supposed the Council can decide to replay the game, replay part of the game or have it stand as it is."

Bush said he planned to be at the hearing along with some members of the MHSAA's Representative Council and tournament officials. He said principals, athletic directors and coaches from Southfield and Churchill were invited.

Bush said in his 17 years with the MHSAA he has never been confronted with such a situation.

"It creates problems," he said.

Churchill owned a 45-44 lead over Southfield with 29 seconds left when the controversial official's call was made. A Southfield player was fouled and was awarded a bonus-situation free throw attempt.

Southfield's Marvin Miles, a 90 per cent free throw shooter who made 45 of 46 foul shots in

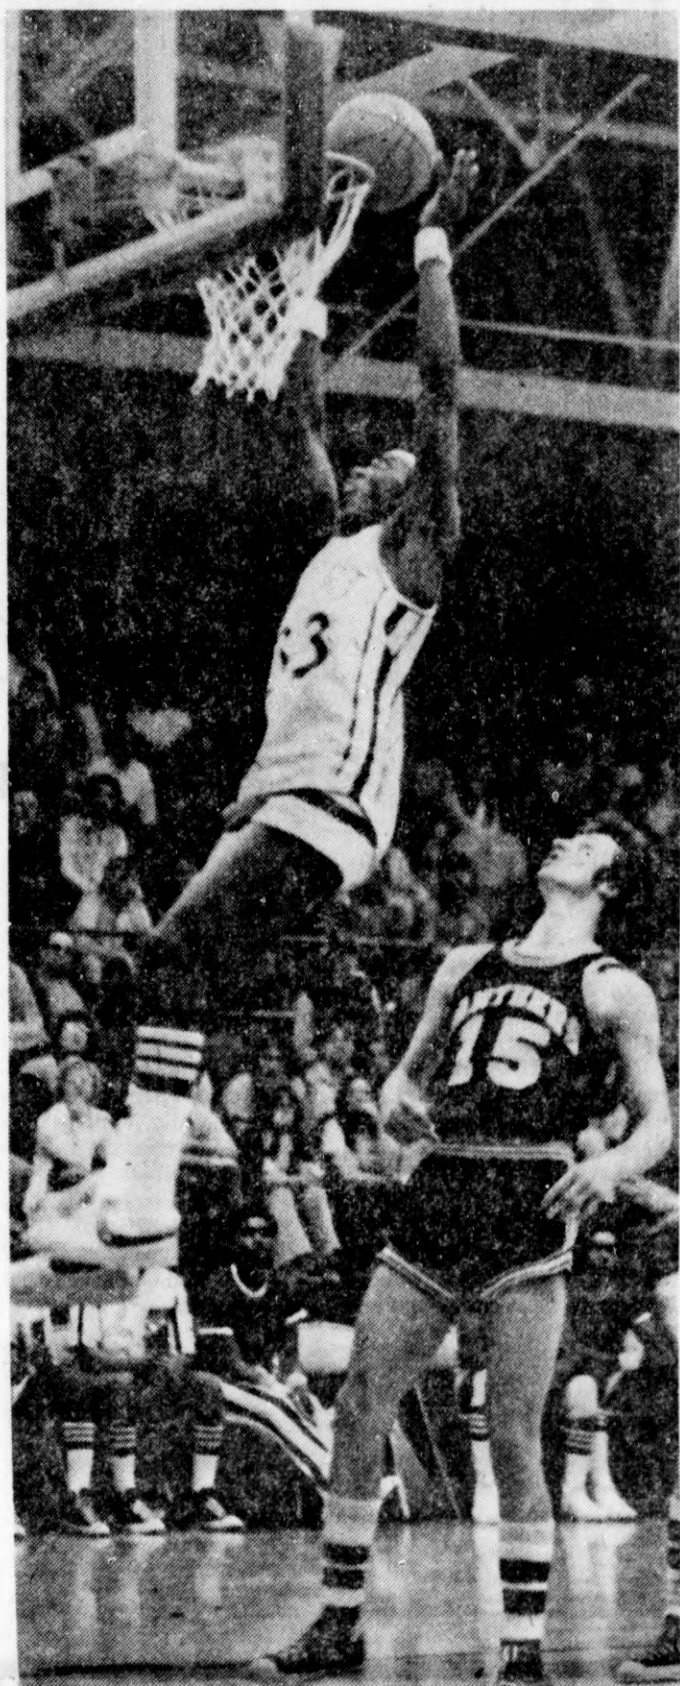

league play, stepped to the line and made both free throws. Then Churchill Coach Pat Montagne convinced officials it was another player who was fouled.

The two points were taken away and Southfield's Darryl Classel went to the line. He missed the first free throw and therefore didn't get a second one. Instead of leading, 46-45, Southfield still trailed, 45-44.

The Chicago case involved a first-round high school tournament game between St. Michael's and Walther Lutheran, which won, 66-65. Lutheran led 36-32 at halftime, getting a bucket on a tip-in after the buzzer sounded. Later officials took the two points off the player's totals, but neglected to change the scoreboard.

St. Michael's went to circuit court, which Friday ordered the second half replayed minus the two points. No spectators were allowed at the rematch.

Lutheran still won by a point, 64-63, but has since been eliminated from the tournament.

NO STUFF: Robert Maggard goes leaping into the air for an attempted dunk shot but misses in action Wednesday night in the Covert-Climax-Scotts game at Sturgis. Bill Bailey (15) of the Panthers looks on. Maggard scored 12 points as the Bulldogs won 85-49 to gain the Class D regional finals against Tekonsha. (Staff photo by Harry Smith)

'The Bird' Still Flighty, Flaky.....But Unspoiled

By WILL GRIMSLEY

AP Special Correspondent

WINTER HAVEN, Fla. (AP) — "The Bird" is back — flighty and flaky as ever but totally unspoiled.

"My head must have left my body," said Mark "the Bird" Fidrych, trying to explain an uncharacteristic lapse into absent-mindedness in his 1977 pitching debut for the Detroit Tigers.

The 22-year-old rookie of the

year, whose strong right arm and bizarre histrionics on the mound made him a national folk hero last season, pitched three scoreless innings, allowing three hits, as the Tigers beat the Boston Red Sox 5-4 Wednesday in baseball's spring opener.

He forgot and left his cap in the dugout at the start of the second inning. At the end of the inning he ran off the field after the second out, thinking the

side was retired. He grabbed the wrong cap when he went to the mound in the third inning, and a bat boy rushed out to make the exchange.

"I heard somebody yell, 'Get your head screwed on, dummy,'" Fidrych said. "I don't know what happened to me. I guess I was too involved. I was thinking too much about the game. I was pumping too hard."

"The Bird" is always pumping — that's his trademark.

More than 4,000 fans had assembled at the Red Sox Chain O'Lakes Park when Fidrych and his teammates arrived by

bus from nearby Lakeland an hour before game time. Traffic was jammed up for miles, delaying the arrival of American League President Lee MacPhail.

Hand-made signs dotted the stands: "Welcome to the Bird," "The Bird is back," "We love the Bird."

In the lockerroom, the 6-foot-2 stringbean with the shock of blond corkscrews for hair was greeted by a battery of newsmen from all around the training circuit.

"No pictures, no interviews before the game," the young pitcher said. "I've got to think."

Once outside, however, he could not turn his back on his adoring army, ranging from kids to grandpas, pleading for autographs.

"I've never seen anything like it — this kid is the greatest draw in baseball," said Hal Middlesworth, Detroit director of public relations. "He started 29 games for us last year, drew 901,239 — an average of 31,077 — a regular magnet."

The free-spirited native of Worcester, Mass., has brought a breath of fresh air to a game bogged down with labor strife and lawsuits, putting on the best show in town last year while compiling a 19-9 record

and leading the major league with an earned run average of 2.34.

His father is Polish, his mother Danish and he is the lone son among three sisters. He drove a pickup truck to the

ball park until a Detroit motor company gave him a new sports car and the Tigers raised his salary from \$16,500 at the start of last year to a three-year graduating scale of \$50,000 - \$75,000 - \$100,000.

Somebody asked him if he feared, because of his wide publicity, he might start getting hammy and cocky.

"Me? Not a chance. I've been this way all my life. I can't change."

BIRD IS BACK: Detroit Tigers' Mark Fidrych holds up a T-shirt that was presented to him by fans Wednesday when he arrived at Winter Haven, Fla., to pitch in his first exhibition game of the season. "The Bird" helped the Tigers to a victory over the Boston Red Sox. (AP Wirephoto)

Fidrych Happy Winner; Rose And Tiant Bitter

From ASSOCIATED PRESS

Mark Fidrych picked up where he left off last season, pitching three scoreless innings for the Detroit Tigers in a 5-4 exhibition opener against the Boston Red Sox, but there was discontent at Cincinnati's camp as the Reds' 10-time All-Star third baseman Pete Rose refused to sign his contract.

In the Detroit-Boston game Wednesday at Winter Haven, Fla., Jason Thompson, Ben Oglivie and Mickey Stanley cracked home runs for the Tigers. Fidrych, the American League's Rookie of the Year who won 19 games last year, gave up only three hits in three innings.

At Tampa, Fla., Rose said he wouldn't sign, and decreed what he called a lack of appreciation by the Reds for his dedication. He said he might play out his option because of the bitter salary dispute.

"Why are they negotiating on the date of my birth rather than on my batting average?" said the 36-year-old Rose, who has batted .300 in 11 of his last 12 years.

Rose has played 2,184 games in his 17-year career with the Reds' organization.

And there was just as much bitterness in Boston, where pitching ace Luis Tiant said he might go back to Mexico after failing to come to terms with the Red Sox on his demand for an extension of his contract and a no-cut clause.

"The way I'm feeling right now is I'll go home," he said. "I've had enough."

His contract runs through the 1977 season and he wants it stretched another year. He had asked for a three-year contract but said he had negotiated most recently for just two.

At the Montreal Expos' Daytona Beach, Fla., spring training camp, team management

invoked the automatic renewal clause on infielder Rodney Scott's contract, completing the team's 40-man roster for 1977.

At St. Petersburg, Fla., veteran catcher Jerry Grote signed a one-year contract with the New York Mets for a reported \$125,000. His signing leaves Dave Kingman the only holdout. Kingman is seeking \$3 million over five years.

The Chicago White Sox handed renewal contracts to Ken Brett, Jim Essian and Wayne Nordhagen and club Vice President Roland Hemond promised others would be coming. For Brett, at least, no salary cut was involved.

The Cleveland Indians completed their signings when Bill Melton came to terms on a one-year contract. The Phillies signed rookies Rick Bosetti, an outfielder, and Jim Morrison, a third baseman, to three-year contracts, leaving Philadelphia with eight unsigned players.

RED ARROW ALL-LEAGUE VOLLEYBALL TEAM: Twelve girls were chosen by the Red Arrow conference coaches for the all-league volleyball team. They are (front row left-right) Dorothy Bohn, Watervliet; Sue Heller, Gallen; Denise Schug, Anne Prillwitz and

Pam Burge, Berrien Springs; Linda McKeague, New Buffalo; (back row) Tammy Vladie, Eau Claire; Tracy Spletzer, Bridgman; Deb Bujack and Kim Phillips, Watervliet; Cathy Doepker, Berrien Springs, and Kathy Coburn, Watervliet. (Staff photo)

RED ARROW FIRST TEAM CAGERS: These 10 cagers were selected by the Red Arrow conference basketball coaches for the all-league team. They are (front row left-right) Chuck Brock and Jon Hinkelman, Watervliet; Randy Grandberry and Chuck Hunter,

Eau Claire; Bill Moreland, Bridgman; (back row) Jim Weaver, Watervliet; Terry Hosbein, Berrien Springs; Howard Mutz and Bob Linke, Bridgman, and Rick Kuntz, Gallen. (Staff photo)

Bees' Linke All-League For Third Straight Year

Bridgman great Bob Linke has been named to the Red Arrow all-league basketball team for the third straight year. The Bees, the Red Arrow champs, and Watervliet, which finished second, dominated the honor squad by taking six of the 10 spots. The team is picked by the conference coaches.

Linke, a 6-5 forward, finished second in the Red Arrow scoring derby this year with an 18.4 average. He also finished in the top 10 in all-time Red Arrow career scoring for league games and all games. Linke's final career total was 1069.

Other Bridgman picks were guard Bill Moreland and forward Howard Mutz.

The other repeater from last year's squad is Berrien Springs' Terry Hosbein, who won the league point crown with his 22.9 average. The 22.9 average is the second highest league mark in history.

Watervliet players gaining honors were guard Chuck Brock, forward Jon Hinkelman and center Jim Weaver.

Eau Claire placed its potent one-two scoring punch in Randy Grandberry and Chuck Hunter

while Gallen's Rick Kuntz round out the selections.

Lake Michigan Catholic, Hartford and New Buffalo all failed to put a player on the star squad. Hunter and Moreland were the lone juniors on the senior-dominated team.

ALL-RED ARROW		MT. Class
Player	School	
Bob Linke	Bridgman	6-5 Sr.
Howard Mutz	Bridgman	6-5 Sr.
Bill Moreland	Bridgman	5-10 Jr.
Chuck Brock	Watervliet	5-10 Sr.
Jon Hinkelman	Watervliet	6-4 Sr.
Randy Grandberry	E. Claire	6-1 Sr.
Chuck Hunter	E. Claire	5-10 Jr.
Terry Hosbein	B. Springs	6-3 Sr.
Rick Kuntz	Gallen	6-5 Sr.

HONORABLE MENTION: Mark D'Amato, New Buffalo; Ken Lowe, Hartford; Matt Kociel, Gallen; Jim Wolf, New Buffalo; Tom Hutchinson, Watervliet; Brian Flowers, Eau Claire.

Roberts Scores 65 But Loses NIT Tilt Breaks Mikan's 1945 Record

From ASSOCIATED PRESS

"Sixty-five points don't mean a thing because we lost," said a dejected Anthony Roberts, whose record 65-point output could not prevent a 90-88 loss by Oral Roberts to Oregon in an opening-round game of the National Invitation Tournament.

The 6-foot-6 senior connected on 25 field goals and 15 free throws Wednesday night, breaking the NIT record of 53 points by George Mikan in 1945.

In other NIT opening-round games, Virginia Tech beat Georgetown 83-79, Villanova defeated Old Dominion 71-68 in overtime and Houston edged Indiana State 88-82.

Virginia Tech rallied from a 40-37 intermission deficit against Georgetown, and along with the other winners, earned a berth in next week's NIT quarter-finals at Madison Square Garden, against the winner of tonight's Alabama-Memphis State game. Virginia Tech won the NIT title in 1973.

Villanova trailed Old Dominion's Monarchs for most of the game before inching ahead late in the second half. The score was tied 65-65 at the end of regulation.

Houston's victory lifted the Cougars into the quarter-finals against Illinois State, which defeated Creighton 65-58 Tuesday night.

Oregon's Ernie Kent, one of four players assigned to defense Anthony Roberts, shouted "Unbelievable!" as he watched the Titans' star continually fire the ball through the basket.

Oregon took the lead after a 40-40 halftime tie as forward Greg Ballard scored 43 points, helping offset Roberts' one-man show.

In the Virginia Tech-Georgetown game, the Gobbler grabbed the lead on a layup by Marshall Ashford with 14:04

remaining. A drive by Ron Bell and two free throws by Phil Thiboutien built the margin to 55-50.

Ashford hit 16 of his 24 points in the second half. Georgetown got a game-high 28 points from Derrick Johnson. The Hoyas twice closed the gap to two points in the final three minutes.

Villanova, 21-9, trailed by as many as 11 points against the Monarchs but pulled even on a field goal by Whitey Riggsby with 4:53 to go. A 20-footer by Old Dominion's Jeff Fuhrmann with 1:06 left forced the game into overtime.

In the extra period, Larry Herron's two free throws with 3:45 remaining clinched the victory for the Wildcats.

Houston led by as many as 10

points in the second half against Indiana State but the Sycamores outscored the Cougars 12-2 over a late three-minute span.

With one minute left, Indiana State's Larry Bird tied the score 82-82. With 37 seconds remaining, though, the Sycamores' Dan Rutledge fouled Mike Schultz, who made his first shot but missed the second. Bird got the ball under the basket but his jump shot bounced off the rim as the buzzer sounded.

Houston goes to the quarter-finals 27-7.

In other college basketball action, the University of North Carolina-Charlotte edged New Orleans 71-70 for the championship in the first Sun Belt Tournament. Jacksonville, N.C., rolled over Georgia State 102-72 in the consolation game.

CAREER CLIPS

Dowagiac's Steve Wells is a returning letterman on this year's Western Michigan golf team. The Cassopolis high school graduate was the low qualifier for the Bronco team last fall. The senior also finished second in the Notre Dame Tournament during the fall season.

Dowagiac's Edgar Wilson ended his basketball career at Michigan State by hitting the winning shot at the buzzer against Illinois last Saturday. The senior was the Spartans' third-leading scorer with a 9.2 average while hitting 51 per cent of his field goals and 73 per cent at the free throw line. He finished third on the 10-17 team in rebounding.

Former Buchanan All-Stater Ken Garrett finished fourth on Bradley University's basketball team this season in scoring as

a freshman. The 6-7 Garrett averaged 9.2 points per game, including games of 25 against New Mexico State, 22 against Tulsa and 20 against Illinois Tech. Garrett also averaged 5.4 rebounds and hit on 48 per cent of his shots.

EC Boosters Pick Hopkins

EAU CLAIRE — Jim Hopkins has been elected president of the Eau Claire Athletic Boosters for the 1977-78 year.

Jerry Mitchell is vice president, Pat Dietzel secretary and Roger Rice treasurer. Committee chairmen include Judy Costanza, Mr. and Mrs. Jerry Kremers and Mr. and Mrs. John Glassman.

The club's next meeting will be Monday, March 14, at 7:30 p.m. in the high school cafeteria.

Face No. 1 Everett In Finals Bearcats Oust Vikings

By JOHN VANDEN HEED

Sports Editor
KALAMAZOO — Niles has disappeared from the basketball tournaments at the regional level for the second straight year, but this time it wasn't through Lansing Everett's "Magic."

Battle Creek Central ousted coach Dean Adams' Vikings 70-60 here Wednesday night at Reed Fieldhouse to earn the dubious distinction of facing No. 1 Everett in the Class A championship clash here at 7:30 p.m. Friday.

Everett, which eliminated Niles here last year 82-42 and defeated the Vikings 97-53 this past January, advanced by hammering Howell 93-32 in the first game of Wednesday's doubleheader.

Everett's Earvin "Magic" Johnson was ill and scored just

17 points — well below his 35-point season average. But the 6-8 senior center, who is considered the No. 1 prep player in Michigan, dished out 14 assists with dazzling passes which amazed the near-capacity crowd.

Battle Creek Central, which will carry a 20-4 record against Everett, got past Niles while getting 20 points each from guards Lester Lytle and Rick McGee. Forward Mitchell Guy added 16 tallies.

Niles got 20 points from senior forward Tim Garner and 16 from senior guard Tom Donley while seeing a seven-game winning streak snapped and bowing out at 18-5...the eighth straight winning season for the Vikings.

Niles hit just 24 per cent of its first half shots Wednesday while digging a hole it wasn't able to climb out of.

The Vikings opened the game by hitting just 1 of 10 shots while being guilty of six turnovers and three fouls against center Kevin Seitz. During one stretch they went about 5½ minutes without a field goal. Meanwhile, the Bearcats from Battle Creek reeled off 11 unanswered points while on the way to a 17-3 lead. Battle Creek led 19-7 at the end of the first quarter and stood on top 28-17 at halftime.

"The gaps were there and the holes were there... we just didn't attack it," noted Adams on the Viking first half effort against the Bearcat zone defense.

Niles also turned the ball over a damaging 15 times in the first half, before getting back into the contest with an improved floor game and shooting in the second half.

The Vikings came out in a full court pressure defense in the third quarter and caused turnovers which cut the Bearcat advantage to six points. Garner, who went without a field goal the first half, also got rolling by scoring 18 of his 20 points the second half.

"We were gambling on defense and it worked in our favor," continued Adams. "It got us back to within striking distance."

"I've got to give Niles credit for those turnovers (16 by Battle Creek the second half)," declared Bearcat coach Chuck Turner. "They are quicker than most teams we've played. And we've been erratic all year against pressure."

Niles trailed 46-38 after three quarters and never got any closer in the fourth period as Battle Creek hit seven of its first eight shots. The Bearcats scored 13 of 15 points over one stretch for their biggest lead of the game at 5-46 with 3:48 left to play.

"I think having that slow start really hurt us coming back," added Adams. "But I thought our kids hustled their way out...they had a great season."

Niles' comeback bid left the Vikings with an overall 37 per cent field goal mark (26 of 71). Niles also hit 8 of 14 free throws (57 per cent).

"That shooting has been our game all year long," added Adams. "We depend a lot on our outside shooting because we don't have the size to go inside. When we are hitting we can stay with most ball clubs."

Battle Creek hit 27 of 60 field goals (45 per cent), 16 of 24 free throws (67 per cent) and posted a 47 to 44 rebounding advantage, including 15 by 6-6 Glenn White and 11 by 6-3 Guy. Garner had 11 for Niles. The turnover statistic saw Battle Creek with 27 and Niles with 21.

The defeat ended the Niles careers of Garner, Seitz, Donley and George Seals. Garner and Seitz earned all-Big Seven titles this year while leading the Vikings to a share of the conference championship.

On Friday, Everett will be going after its third straight regional title. It beat Battle Creek by identical 66-55 scores while winning the crown the last two seasons.

"We're not going to be able to stop Johnson," said Battle Creek's Turner of the championship clash, "but we can't let them run a fast break drill like they did tonight."

Battle Creek is allowing just 54 points per game and will be counting heavily on a zone defense which Turner called "one of the better defenses in the state."

If Everett goes past Battle Creek and gets on to the state championship, it will be the first winner of the Western Michigan regional to do so since Benton Harbor won back-to-back state crowns in 1965 and 1966.

Class B Powers Clash In Regionals Tonight

From ASSOCIATED PRESS

Only eight games are scheduled tonight in Michigan's regionals of the high school basketball tournament, but the Class B state champion could very well come out of two games at the Saginaw Civic Center.

That's where top-ranked Easton takes on Lapeer East, following the matchup between No. 2 Flint Beecher and No. 5 Saginaw Buena Vista. The winners will meet for the regional title Saturday.

Meanwhile, at Walker Arena in Muskegon, fourth-ranked Grandville takes on a team from

the final poll's honorable mention list, Grand Rapids Northview.

No ranked teams lost Wednesday night, although honorable mentions St. Clair Shores Lake Shore and Grand Rapids Forest Hills Northern suffered setbacks. Lake Shore fell to Detroit Northwestern, 58-52, in Class A, while Forest Hills Northern was upended in Class C by Hopkins, 47-40.

No. 1 "A" power Lansing Everett crushed Howell, 93-32, as Earvin Johnson scored 17 points, grabbed 13 rebounds and had 14 assists.

Meanwhile, No. 2 Class D team, Harbor Springs, just slipped by Indian River Inland Lakes, 63-62. Harbor Springs had been scoring more than 100 points in many walkaway victories this season. Dave Rhine scored 26 for Harbor Springs. Eric Russell had 27 for Inland Lakes, but missed a layup with 10 seconds left that could have pulled an upset.

Peter Woloson's shot at the buzzer went in and out, depriving Detroit DeLaSalle of a chance to overcome Inkster's 66-64 victory in Class B.

Covert, the No. 5 team in D, smashed Climax-Scotts, 85-49. Eighth-ranked Maple City Glen Lake moved into its regional championship game Saturday against Johannesburg-Lewiston with a convincing 103-77 triumph over Mio, led by the 22 points each from Geoff Kotila and Rick Baillergon. "Joburg," meanwhile, ripped Mancelona, 83-62.

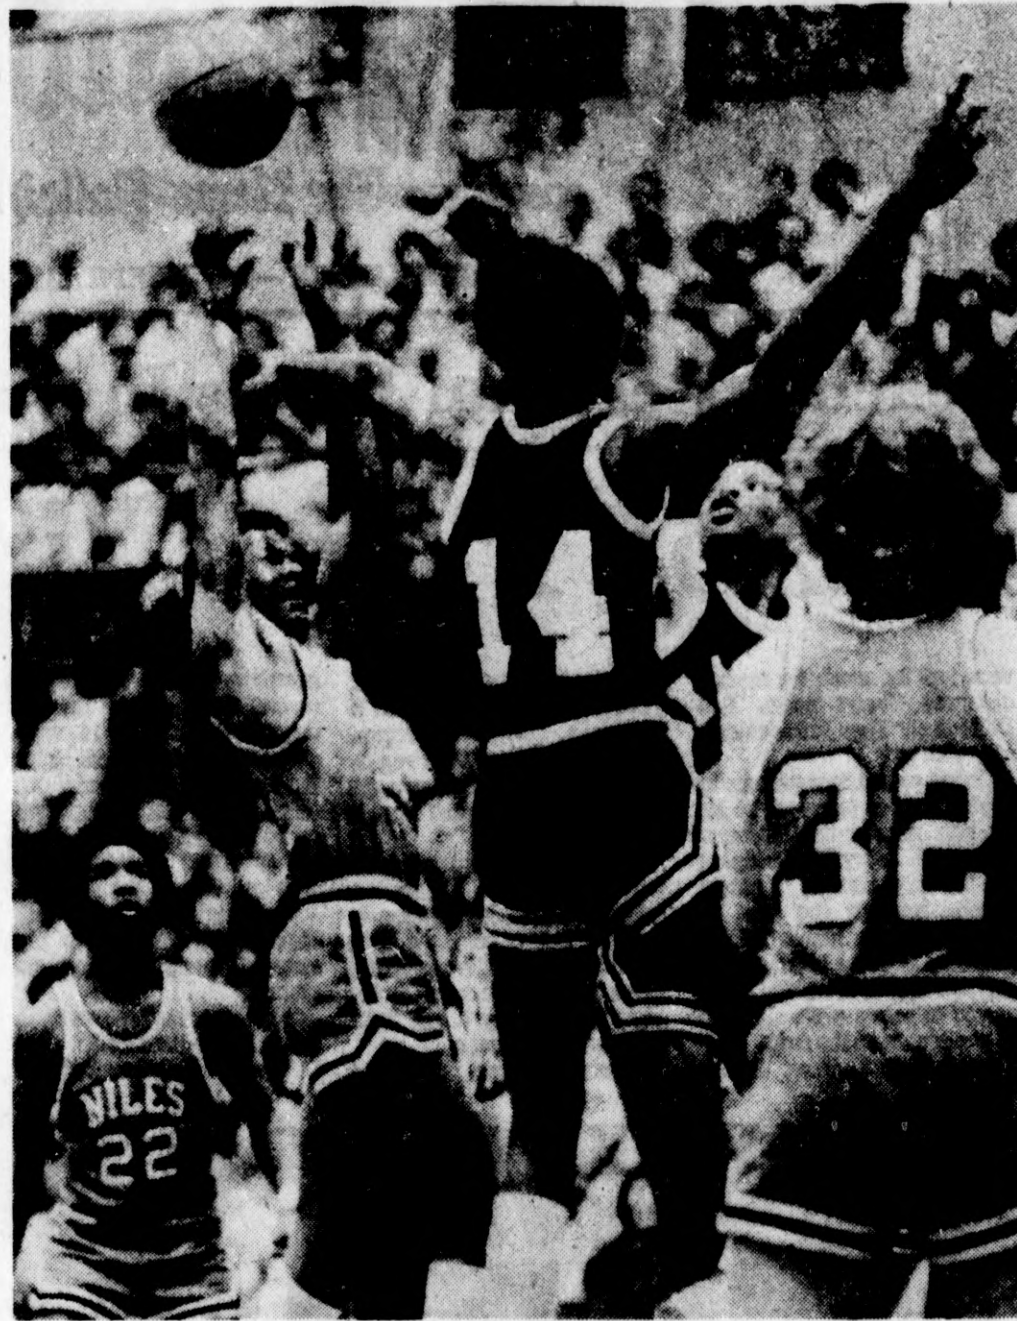

Tenth-ranked Bloomfield Hills Lahser will meet No. 2 Pontiac Central in its regional title game Friday night, having disposed of Farmington, 76-52. Other Class A victors, all moving into Friday regional championships, were Battle Creek Central (70-60 over Niles), Detroit Northeastern (73-62 over Detroit Southeastern), Sterling Heights Ford (51-46 over Warren) and Ypsilanti (58-40 over Taylor Center).

Riverview Gabriel Richard edged Milan, 72-70, and Jackson Lumen Christi downed Charlotte, 49-40, to move into title games in their respective regions.

In C, East Jackson beat Jonesville, 69-43; Saginaw Sts. 54-43; and Piquette 54-43. In D, East Jackson beat Jonesville, 69-43; Saginaw Sts. 54-43; and Piquette 54-43.

Other Class D winners were Laingsburg, 76-54, over Fowler; Waterford Our Lady, 59-33, over Philpott Holy Rosary; and Muskegon Christian, 56-51, over McBain Northern Christian.

All have reached regional finals.

GARNER FOULED: Battle Creek Central's Glenn White (14) bucked ball away from Niles' Tim Garner, but fouls the Viking standout on the play. Watching are Niles' Tom Donley (22) and Jason Arnold (32). Garner scored 20 points in Class A regional game at Western Michigan Wednesday night but the Vikings lost 70-60. (Staff photo by John Vanden Heede)

Notre Dame, Michigan Cop WCHA Playoff Wins

From ASSOCIATED PRESS

Likes Marine private obeying the cadence count of a drill sergeant, the Western Collegiate Hockey Association playoffs are going to the tune of the regular choreography.

WCHA regular season champion Wisconsin clipped Colorado College 3-1, runnerup

Notre Dame whipped Minnesota 5-1, third-place Michigan edged Michigan Tech 6-5 and No. 4 Denver walloped North Dakota 8-3 Wednesday night in the first curtain of the league's two-day, most goals quarter-final series. The same matchups are on tap tonight with the winners all on home

ice. Winger Mark Davidson scored a pair of goals to help Denver open a 6-1 lead over North Dakota after two periods enroute to an easy victory.

Notre Dame was also a big winner in the most goals countdown, crunching Minnesota's defending champions. Freshman Ted Weltzin scored two goals for the Irish while Don Micheletti managed the lone Minnesota score.

"I suppose you can say it was like a bad dream," said Minnesota goalie Steve Janaszek, who faced 38 shots.

"Notre Dame took us really good," said Gopher Coach Herb Brooks. "We just got blown out. At a really bad time."

Mike Eaves scored two goals to lead Wisconsin over Colorado College and freshman Dan Lerg's goal early in the final period was the decisive tally as Michigan held off Tech.

quarter. The Bulldogs, who made 21 turnovers, rifled in 17 of 27 charity tosses, the losers 19 of 32.

DeYoung scouted Tekonsha (12-10) in its 65-51 win over Burr Oak Tuesday night at Sturgis.

"They're a tough ball team," declared DeYoung, who took the Bulldogs to the state title in 1971. "They have some height...6-7 and 6-5 and a 6-1 guard. It'll take a good game by us to beat them."

The game was marred by a fight between Maggard and the Panthers' Dave Low at 6:09 of the final period. Both benches emptied onto the floor but order was quickly restored. Both Maggard and Low were assessed flagrant personal fouls and tossed out of the game by the officials.

Covert took 34 more shots than Climax-Scotts and ended hitting 34 of 78 for a solid 44 per cent. The Panthers were 15 of 44 for 34 per cent and made only one field goal in the last

COVERT

BLOSSOMLAND ALL-LEAGUE TEAM: These five players were first team selections on the Blossomland all-league basketball team announced today by league coaches. From left to right are River Valley's Werner

Maak, Kevin Loder of Cassopolis, league scoring champ Gerald Busby of Buchanan, Cassopolis' Glen Hawkins and Kim Mulder of Dowagiac. (Staff photo)

Bucks' Busby Tops Bud Team

Blossomland conference scoring champion Gerald Busby of Buchanan heads the all-Bud basketball team announced today by league coaches.

Busby, an honorable mention selection last year, is the only junior on the five-member first team. The 6-4 forward topped the league scorers with a 25.0 per game average, fourth best in Blossomland history. His 350 league points were only three points off the league record of 353 held by Denny Rusch of Berrien Springs.

Joining Busby on the first team were two members of Cassopolis' league champions. Forward Glen Hawkins (14.9 average in league games) and center Kevin Loder (21.1) were first-team picks.

Kim Mulder of Dowagiac, second in the league with a 21.8 scoring average, and River Valley's 6-7 center Werner Maak rounded out the first team.

On the second team were Brandywine's Tony Harris (17.4), Edwardsburg's Jim Case (14.6), Buchanan's Mo Kyles (14.9), Lakeshore's Tom

Jager (14.3) and Joe Jones of Coloma. Loder, Jager and Jones were all honorable mention picks last season.

ALL-BLOSSOMLAND FIRST TEAM
Player, School, Ht., G.P.
Gerald Busby, Buchanan 6-4 Jr.
Kevin Loder, Cassopolis 6-5 Sr.
Glen Hawkins, Cassopolis 6-4 Sr.
Werner Maak, River Valley 6-7 Sr.
Kim Mulder, Dowagiac 6-1 Sr.

SECOND TEAM
Mo Kyles, Buchanan; Tom Jager, Lakeshore; Joe Jones, Coloma; Tony Harris, Brandywine; Jim Case, Edwardsburg.

HONORABLE MENTION
Gary Schaffer, Steve Nash, River Valley; Ed Piliarski, Greg Bestie, Tim Rzepko, Brandywine; Larry Toth, Lakeshore.

Drake Is MAC's Player Of Week

COLUMBUS, Ohio (AP) — Central Michigan's leading scorer Leonard Drake has been named the Mid-American Conference player of the week.

Drake, a Brandywine graduate, received the honor for his three-game performance.

RED ARROW ALL-LEAGUE VOLLEYBALL TEAM: Twelve girls were chosen by the Red Arrow conference coaches for the all-league volleyball team. They are (front row left-right) Dorothy Bohn, Watervliet; Sue Heller, Galien; Denise Schug, Anne Prillwitz and

Pam Burge, Berrien Springs; Linda McKeague, New Buffalo; (back row) Tammy Vladic, Eau Claire; Tracy Spletzer, Bridgman; Deb Bujack and Kim Phillippi, Watervliet; Cathy Doeppker, Berrien Springs, and Kathy Coburn, Watervliet. (Staff photo)

RED ARROW FIRST TEAM CAGERS: These 10 cagers were selected by the Red Arrow conference basketball coaches for the all-league team. They are (front row left-right) Chuck Brock and Jon Hinkelman, Watervliet; Randy Grandberry and Chuck Hunter,

Eau Claire; Bill Moreland, Bridgman; (back row) Jim Weaver, Watervliet; Terry Hosbein, Berrien Springs; Howard Mutz and Bob Linke, Bridgman, and Rick Kuntz, Galien. (Staff photo)

Bees' Linke All-League For Third Straight Year

Bridgman great Bob Linke has been named to the Red Arrow all-conference basketball team for the third straight year.

The Bees, the Red Arrow champs, and Watervliet, which finished second, dominated the honor squad by taking six of the 10 spots. The team is picked by the conference coaches.

Linke, a 6-5 forward, finished second in the Red Arrow scoring derby this year with an 18.4 average. He also finished in the top 10 in all-time Red Arrow career scoring for league games and all games. Linke's final career total was 1089.

Other Bridgman picks were guard Bill Moreland and forward Howard Mutz.

The other repeater from last year's squad is Berrien Springs' Terry Hosbein, who won the league point crown with his 22.9 average. The 22.9 average is the second highest league mark in history.

Watervliet players gaining honors were guard Chuck Brock, forward Jon Hinkelman and center Jim Weaver.

Eau Claire placed its potent one-two scoring punch in Randy Grandberry and Chuck Hunter

while Galien's Rick Kuntz round out the selections.

Lake Michigan Catholic, Hartford and New Buffalo all failed to put a player on the star squad. Hunter and Moreland were the lone juniors on the senior-dominated team.

Roberts Scores 65 But Loses NIT Tilt Breaks Mikan's 1945 Record

From ASSOCIATED PRESS

"Sixty-five points don't mean a thing because we lost," said a dejected Anthony Roberts, whose record 65-point output could not prevent a 90-89 loss by Oral Roberts to Oregon in an opening-round game of the National Invitation Tournament.

The 6-foot-6 senior connected on 25 field goals and 15 free throws Wednesday night, breaking the NIT record of 53 points by George Mikan in 1945.

In other NIT opening-round games, Virginia Tech beat Georgetown 83-79, Villanova defeated Old Dominion 71-68 in overtime and Houston edged Indiana State 83-82.

Virginia Tech rallied from a 40-37 intermission deficit against Georgetown, and along with the other winners, earned a berth in next week's NIT quarter-finals at Madison Square Garden, against the winner of tonight's AlabamaMemphis State game. Virginia Tech won the NIT title in 1973.

Villanova trailed Old Dominion's Monarchs for most of the game before inching ahead late in the second half. The score was tied 65-65 at the end of regulation.

Houston's victory lifted the Cougars into the quarter-finals against Illinois State, which defeated Creighton 65-58 Tuesday night.

Oregon's Ernie Kent, one of four players assigned to defense Anthony Roberts, shouted "Unbelievable!" as he watched the Titans' star continually fire the ball through the basket.

Oregon took the lead after a 40-40 halftime tie as forward Greg Ballard scored 43 points, helping offset Roberts' one-man show.

In the Virginia Tech-Georgetown game, the Gobblers grabbed the lead on a layup by Marshall Ashford with 14:04

remaining. A drive by Ron Bell and two free throws by Phil Thieneman built the margin to 55-50.

Ashford hit 16 of his 24 points in the second half. Georgetown got a game-high 28 points from Derrick Johnson. The Hoyas twice closed the gap to two points in the final three minutes.

Villanova, 21-9, trailed by as many as 11 points against the Monarchs but pulled even on a field goal by Whitey Riggsby with 4:53 to go. A 20-footer by Old Dominion's Jeff Fuhrmann with 1:05 left forced the game into overtime.

In the extra period, Larry Herron's two free throws with 3:45 remaining clinched the victory for the Wildcats.

Houston led by as many as 10

points in the second half against Indiana State but the Sycamores outscored the Cougars 12-2 over a late three-minute span.

With one minute left, Indiana State's Larry Bird tied the score 82-82. With 37 seconds remaining, though, the Sycamores' Dan Rutledge fouled Mike Schultz, who made his first shot but missed the second. Bird got the ball under the basket but his jump shot bounced off the rim as the buzzer sounded.

Houston goes to the quarter-finals 27-7.

In other college basketball action, the University of North Carolina-Charlotte edged New Orleans 71-70 for the championship in the first Sun Belt Tournament. Jacksonville, N.C., rolled over Georgia State 102-72 in the consolation game.

CAREER CLIPS

Dowagiac's Steve Wells is a returning letterman on this year's Western Michigan golf team. The Cassopolis high school graduate was the low qualifier for the Bronco team last fall. The senior also finished second in the Notre Dame Tournament during the fall season.

Dowagiac's Edgar Wilson ended his basketball career at Michigan State by hitting the winning shot at the buzzer against Illinois last Saturday. The senior was the Spartans' third-leading scorer with a 9.2 average while hitting 51 per cent of his field goals and 73 per cent at the free throw lines. He finished third on the 10-17 team in rebounding.

Former Buchanan All-Stater Ken Garrett finished fourth on Bradley University's basketball team this season in scoring as

a freshman. The 6-7 Garrett averaged 9.2 points per game, including games of 25 against New Mexico State, 22 against Tulsa and 20 against Illinois Tech. Garrett also averaged 5.4 rebounds and hit on 48 per cent of his shots.

EC Boosters

Pick Hopkins

EAU CLAIRE — Jim Hopkins has been elected president of the Eau Claire Athletic Boosters for the 1977-78 year.

Jerry Mitchell is vice president, Pat Dietzel secretary and Roger Rice treasurer. Committee chairmen include Judy Costanza, Mr. and Mrs. Jerry Kremers and Mr. and Mrs. John Glassman.

The club's next meeting will be Monday, March 14, at 7:30 p.m. in the high school cafeteria.

If Bonus Money Not Earned Fidrych May Make Less

LAKELAND, Fla. (AP) — Mark Fidrych was such a hit in his rookie season as a Detroit Tigers pitcher last year that fans clamored for Manager Ralph Houk to raise "The Bird's" pay.

He got the raise. But unless he also gets a few bonuses, Fidrych actually will be making less money than he did last season. "That's true," the zany pitcher admitted this week, with a grin. "That's the beautiful part of the contract. It's such a

good contract, I took a cut in pay."

Fidrych made his spring debut Wednesday as the Tigers opened their exhibition season against Boston.

When Fidrych began drawing record crowds to Tiger games last year, a lot of fans griped that the curly-haired righthander had been duped when he signed for the minimum major league salary, \$16,000.

But during the course of his sensational first season, Fidrych got a retroactive raise to \$19,000. He also managed to pile up \$7,500 in bonus money under the conditions of his original contract, and an estimated \$34,500 more after having won 19 games and attracting more than 900,000 fans.

In all, Fidrych earned a total of \$60,000 last year. But the Bird's current three-year contract will pay him an estimated \$55,000 a season.

"You can't count that bonus money as pay," said Fidrych, who wouldn't disclose specific details of the contract. "A bonus is a bonus; pay is pay. It's not the same."

He added, "If the same thing happens this year, if I draw 900,000 people again, don't you think they'll be glad to give me another bonus?"

"If they didn't they'd be horse manure," Fidrych added. "And they're not horse manure."

Calvin's Mark Veenstra All-MIAA Fourth Time

HOLLAND, Mich. (AP) — Mark Veenstra of Calvin College, all-time Michigan Intercollegiate Athletic Association basketball scoring leader, this week joined four other players on the all-conference team.

It is the fourth consecutive year as an MIAA all-league selection for Veenstra, recently voted the conference's most valuable player for an unprecedented fourth time.

Joining the 6-foot-9 superstar on the honor team is Alma's sensational 6-2 guard Willie Dawkins. It is also Dawkins' fourth time as an all-conference first-team choice.

Also chosen were Paul Cryderman of Albion, a member of last year's team; David Dame of Kalamazoo and

Barry Capel of Calvin. Dame is a sophomore and the others are seniors.

One senior is on the second five, Jerry Kessnich of Kalamazoo. Juniors Dwight Maliepaard of Calvin and Jim Holwerda of Hope are on the second team also, along with sophomores Curtis Williams of Adrian and Dan Stolz of Alma.

Veenstra led Calvin to its fifth successive MIAA championship. He led the league in scoring with nearly a 26-point average. He was also tops in rebounding with a 14.5 average and free throw shooting with an 87 per cent mark.

Dawkins received "meritorious achievement" recognition from the coaches, who said: "It is really a shame that both (Dawkins and Veenstra) were

born in the same era because each contributed outstanding performances deserving of most valuable player recognition."

Veenstra rewrote Calvin record books. The former All-Stater from Hudsonville Unity Christian wound up with a career record 1,233 points in conference games and a four-year average of 25.7. For all games he scored 2,271 points as the Knights rolled to a 74-11 record and 43-5 performance in league games.

Calvin has been MIAA co-champion in basketball eight of the last nine seasons. No other school has dominated the sport as much since Kalamazoo won or shared 10 straight titles beginning in 1914.

In the seven years Ralph Honderd has been coach, Calvin has posted a 112-41 record.

Grand Valley Tops GLIAC Vote

DETROIT (AP) — Great Lakes Intercollegiate Athletic Conference basketball champion Grand Valley State placed two players on the all-league team and grabbed two additional honors as well.

Paul Peterman and Sid Bruinsma both made five-man team announced today. In addition, the league's nine coaches who voted for the team selected Peterman as the Player of the Year and Grand Valley's Tom Villenure as Coach of the Year.

Villenure took Grand Valley to a 18-0 GLIAC record and 27-2 overall mark. The squad won a berth in the National Association of Intercollegiate Athletics

tournament, and defeated Missouri State-Kansas City in the opening round Monday, 94-88.

Also chosen to the team were Ted Bee of Ferris State, Dale Brown of Saginaw Valley State and Tom Konopka of Lake Superior State.

Second team selections were: Ty Richardson of Wayne State, Tim Coletta of Ferris, Ray Papach of Hillsdale, Tom Izzo of Northern Michigan and Mark Klein of Saginaw Valley.

Peterman, a 6-foot-6 junior center from Muskegon, won the conference scoring title with a 21.6 average and was tops in field goals, hitting on 54 per cent of his shots.

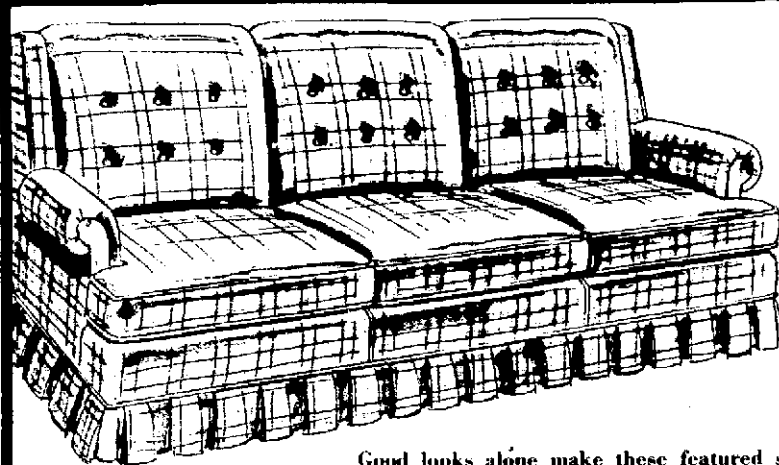

Both he and Bruinsma, a 6-7 forward from Holland, are repeat first-team selections. Bee was on the second team last year and Brown received honorable mention.

This is the second big award for Villenure, a former University of Detroit player. He was recently named NAIA District 23 Coach of the Year.

The NAIA rated Grand Valley seventh in its final Division II poll. In five years Villenure's teams at Grand Valley have posted a 109-33 record.

Thirteen players received GLIAC all-conference honorable mention.

Marcellus Champion Of SAC

LAWTON — Marcellus clinched the SAC title here Wednesday night, beating Lawton 65-51 in a makeup game.

The contest had been postponed during the January blizzard.

Seniors Steve Bradley and Bob Norton paced the winners with 14 and 13 points, respectively. Marcellus finished 11-1 in SAC play and 16-4 overall.

Despite losing, Lawton did have one bright spot. Forward John Lepley poured in 34 points to win the league scoring crown. Lepley hit on 17 of 28 from the floor and finished with a league average of 17.0 points per game.

Marcellus hit on 27 of 64 from the floor for 42 per cent. Lawton, which finished 4-8 in the league and 5-17 overall, meshed 24 of 61 for 39 per cent.

Hicks Tops MAC Stars

Drake Named To Second Team

COLUMBUS, Ohio (AP) — Northern Illinois scoring and rebounding star Matt Hicks was a unanimous All Mid-American Conference first team basketball selection for the second straight year, the conference announced Wednesday.

Joining the Northern Illinois senior on the first team were Ben Poquette of co-champion Central Michigan, Tommy Harris of Bowling Green, Archie Aldridge of co-champion Miami,

and Burrell McGhee of Kent State.

The players were selected by MAC coaches.

Second team choices were Chuck Goodyear of Miami and Tom Cutter of Western Michigan, both first team picks a year ago; Leonard Drake (Niles Brandywine) of Central Michigan; Toledo junior Ted Williams; and Steve Skaggs of Ohio University.

Hicks, a 6-foot-4, 192-pounder, led the conference in scoring and rebounding for the second consecutive year with averages of 25.3 and 12.9, respectively.

Harris, 6-4, 180 pounds, was the second leading scorer in the conference for the second straight season with a 23.1 average. The 6-5, 212-pound Aldridge was the leading scorer and rebounder for the MAC co-champions with 19.1 and 8.6

averages. Poquette, at 6-9 and 225 pounds, the biggest player on either team, was the second leading rebounder in the MAC, grabbing off an average 11.0 points for the Chippewas.

McGhee, a 6-7, 190-pound sophomore, was the only league newcomer on the first two teams. The transfer from Michigan, playing his first campaign with Kent State, averaged 19.8 points a game.

Texas-El Paso Seeking 4th Track Title In Row

DETROIT (AP) — Wilson Waigwa, who has run a 3:55.7 mile, leads a Texas-El Paso contingent that hopes to grab its fourth straight National Collegiate Athletic Association indoor track and field championship, Friday and Saturday at Cobo Arena.

Last year a record 57 teams scored points in the meet out of 112 universities entered. Indications are more teams may score points this time.

Other outstanding milers will compete besides Waigwa, including Niall O'Shaughnessy of Arkansas.

Olympic gold medalist Harvey Glance of Auburn tops the list of outstanding sprinters entered. NCAA champions Mark Belger of Villanova and Mark Enyeart, a U.S. Olympian from Utah State, lead a strong 880 field.

Among the other top athletes expected are pole vaulter Earl Bell of Arkansas State and Illinois long jumper Charlton Ehizuelen.

Terry Albritton, who was at Hawaii last year when he captured the shot put title, is now at Stanford. But he may not be able to defend his crown

because of a pulled leg muscle suffered last weekend in Toronto when he won the shot put in an international meet with the Soviets and Canadians.

Waigwa, a Kenyan, has won 10 individual championships in the Western Athletic Conference. Last month in the WAC indoor meet he won the mile and two-mile and anchored the winning medley team.

He was scheduled to run for Kenya in the Olympics last year at Montreal, but his team withdrew.

Preliminaries begin Friday morning. There are six finals in the evening. Most of the finals are scheduled for Saturday afternoon.

The University of Michigan, runnerup to Illinois for the Big Ten indoor title last weekend, is host of the meet.

KNICK COACH: Former New York Knicks' captain Willis Reed smiles at news conference Wednesday where it was announced he has signed a three-year contract as head coach of his old team, starting with the 1977-78 season. He will replace Red Holzman. (AP Wirephoto)

SKI REPORT

Although spring weather is arriving, a survey by the Automobile Club of Michigan Wednesday shows 35 state ski lodges north of a line from Muskegon to Saginaw still open.

South of that line, the auto club said, all lodges are closed.

The best conditions were found in the Upper Peninsula, with bases of 12 to 36 inches, and in West Michigan, where skiing was rated good to excellent. Snow bases in East Michigan ranged from three to 18 inches with fair to good conditions.

The following conditions were reported:

WEST MICHIGAN — Nub's Nob, near Harbor Springs, excellent, 36-inch base, open daily; Boyne Mt., near Boyne Falls, good, 38-to 46-inch base, open daily; Boyne Highlands, near Harbor Springs, very good, 18-to 42-inch base, open daily; Walloon Hills, near Walloon Lake, good, 36-inch base, open weekends; Thunder Mt., near Boyne Falls, good, 38-inch base, open weekends; Mt. McSoubie, near Charlevoix, fair, 15-inch base, closed Wednesdays and Fridays; Sugar Leaf, near Traverse City, excellent, 35-to 46-inch base, open daily; Shanty Creek, near Bellaire, excellent, 34-to 46-inch base, open daily; Muskegon, near Muskegon, good, 18-to 24-inch base, open weekends; Schuss Mt., near Mancelona, good to very good, 18-to 36-inch base, open daily; Mt. Mancelona, near Mancelona, good, 15-to 26-inch base, open daily; Traverse City Holiday, near Traverse City, excellent, 18-inch base, closed Tuesday; Crystal Mt., near Thompsonville, very good, 39-to 57-inch base, open daily; Missaukee Mt., near Lake City, fair, eight-to 18-inch base, open weekends only; Cobleskill, near Cadillac, good, 25-to 45-inch base, open daily; and Ward Hills, near Branch, good, six-to 12-inch base, closed Tuesdays and Fridays.

EAST MICHIGAN — Sylvan Knob, near Gaylord, excellent, 10-inch base, open daily; Michowee Slopes, near Gaylord, excellent, 16-to 18-inch base, open weekends; Cole Creek, near Comins, poor, three-inch base, open Fridays through Sundays; Mio Mt., near Mio, fair, 15-inch base, open Fridays through Sundays; Skyline, near Grayling, fair to good, eight-to 10-inch base, open daily; and Mt. Mt., near Farwell, poor, six-to eight-inch base, closed Tuesdays and Thursdays.

UPPER PENINSULA — Mont Ripley, near Houghton, excellent, 12-to 25-inch

Ramsay Keys Sabres' Win

BUFFALO (AP) — Buffalo's Craig Ramsay collected two goals and an assist, but says he'd just as soon forget Wednesday night's National Hockey League game against Detroit.

After Buffalo finished off the Red Wings, 6-3, Ramsay said, "We played a sloppy game and made a lot of mistakes tonight."

"It's not the kind of hockey you want to play heading into the tough part of the season," he said. "I just hope we can forget this one."

Horse Council Fights Disease

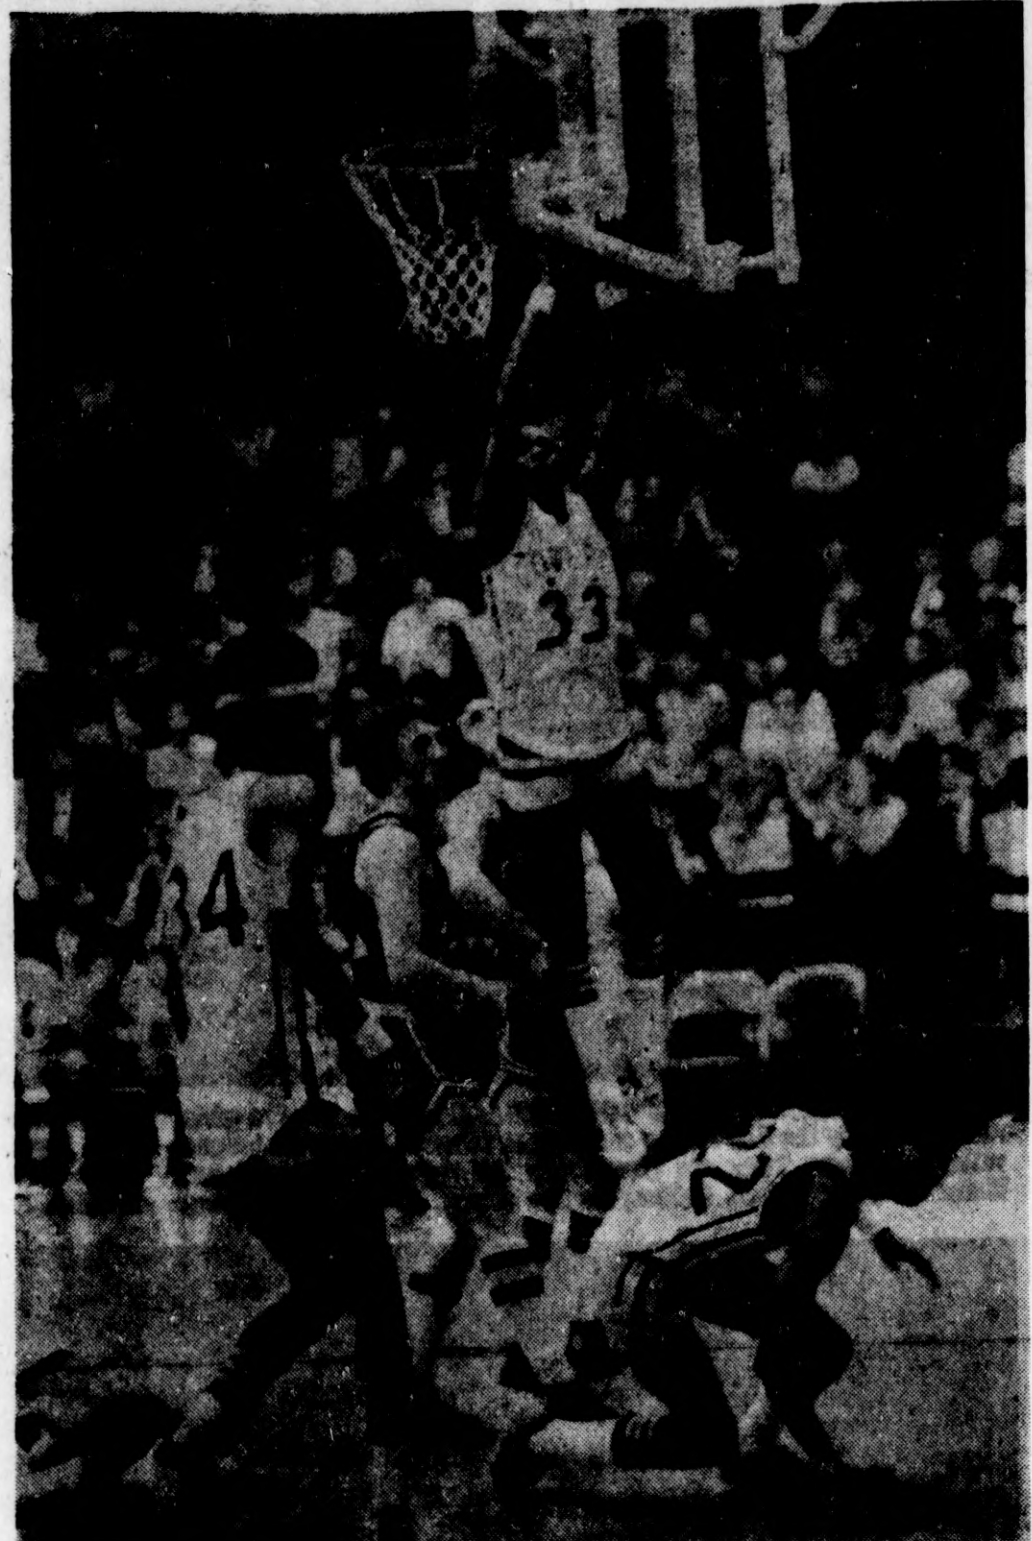

The Michigan Horse Council is sponsoring a fund raising dinner for Equine Infectious Anemia (Swamp Fever) research.

The dinner will be at 6 p.m. Thursday, March 24 — during Farmer's Week — in the Student Union Building at Michigan State University in East Lansing.

The price is \$10 per plate and all proceeds will be donated for EIA research. For more information contact Richard Dunn, 102 Anthony Hall, Michigan State University, East Lansing.

Gets NFL Job

FOXBORO, Mass. (AP) — Dick Walker, an Ohio State assistant under Coach Woody Hayes since 1969, is the new defensive backfield coach for the New England Patriots of the National Football League.

MAGGARD MESHERS: Jeff Maggard (33) of Covert goes up for a lay-up while Steve Hawkins hits the floor in action in the Class D regional at Sturgis Wednesday night. Looking at Hawkins is the Bulldogs' James DeBoe (34). Covert creamed Climax-Scotts 85-49. (Staff photo by Harry Smith)

TALKING PRICE?

The (Area Dodge Boys) at General Auto Sales, Inc. are talking your language.

"A size for every need. A price for every pocketbook."

DODGE D100 SWEPTSIDE
is the working pickup that's got it where it counts. With a maximum payload of up to 1975 pounds. And standard features like Electronic Ignition and front disc brakes.

DODGE TRADESMAN VAN
offers compact maneuverability and high carrying capacity in a choice of two wheelbases, three body lengths, a range of GVW's from 4600 to 8200 pounds, and your choice of a six-cylinder engine or one of four V8 engines.

DODGE SPORTSMAN WAGON
has gotten even better at carrying people and hauling cargo. With a choice of two wheelbases and three body lengths, including a big Maxiwagon that can be equipped to carry up to fifteen people comfortably.

DODGE RAMCHARGER
is available as a tough full-time four-wheel-drive model that will take you from city streets to the back roads and backcountry of Nature's playgrounds, without your having to lock or unlock wheel hubs.

HELPING FEED WORLD'S PEOPLE Great Lakes A Food Pipeline

By GEORGE VARGO

The American farmer long has been helping to feed the countries of the world, and the Great Lakes are playing an increasing role in the drama of shipping food products.

Potatoes from the midwest shipped from Great Lakes ports became a significant cargo in

Vargo Tells Of Shipping

George Vargo, 1489 Jennings, Benton township, is a retired sailor and historian of shipping on the Great Lakes. In this article he reports on a modern-day Great Lakes activity — overseas shipments of potatoes from the midwest last fall.

overseas trade last fall and accounted for a substantial portion of U.S. exports of this commodity.

The principal market was western Europe, where the drought last summer caused severe crop damage in some of the large producing areas. Shipments from the lakes began when in early September a vessel was loaded 6,900 short tons of potatoes in Duluth for the Netherlands. By the end of October, Great Lakes exports had exceeded 35,000 tons and for the two-month period accounted for 30 percent of the U.S. total. Additional scheduled exports

should brought the season total for about a dozen vessel loadings to over 60,000 tons of potatoes and nearly 1,800 tons of onions.

The first of about 300 truckloads of potatoes from the central Wisconsin area rolled into Green Bay and were transferred to the Africa Star, a ship of British registry. It was the first time in the Port of Green Bay's history that potatoes had been shipped overseas. The only food products exported in large quantities from Green Bay were grain products, canned goods and meat.

The dollar value of the September-October potato shipments from the lakes, based on U.S. export figures for this period, was about \$4.6 million and for the season should exceed \$8 million, with the value of onion shipments accounting for an additional one-third of a million dollars. While Duluth-Superior had been the principal port for potato shipments last fall, cargoes also were loaded at Kenosha and Green Bay, Wis., and at Port Huron in Michigan.

For the Twin Ports, the source of potatoes is primarily the farms of the Red River Valley of Minnesota and North Dakota, over 250 miles to the northwest in the vicinity of Grand Forks. The two Wisconsin ports on Lake Michigan have obtained some 12,000 tons of export potatoes from the central section of their state, the Steven's Point area. Port Huron's single spud cargo of about 5,300 tons was purchased

largely from farmers in the northeastern Lower Peninsula of Michigan.

The onions exported through Duluth Port Authority's terminal came by rail from the Pacific coast, principally Washington and Oregon, while Kenosha shipped 600 tons of Wisconsin-grown onions from the southeastern section of the state. Overseas destinations for the shiploads of fresh vegetables were chiefly Dutch and French ports, but several potato cargoes also were scheduled for Mediterranean countries — Algeria, Italy and Malta.

Michigan beans have been

shipped from Bay City as well as from Port Huron. For years soybeans have been shipped out of Toledo also. More cargoes have been gathered at Great Lake ports as newer and longer ships sail the lakes. Many ships are equipped with freezers and can haul fresh vegetables long distances.

None of the shipments originated at Western Michigan ports on Lake Michigan — a far cry from the 1880's, when St. Joseph was a leading stop for sailing ships and steamers.

Over 800 ships entered here annually and distributed many kegs of nails, shingles, posts,

paint products, glass and cattle to farms through out the area; and lumber which came here from the forests. Shipments of fruit went out by vessels and was brought to the docks in Chicago and Milwaukee where it was fresh the next morning. Those vessels made this region the "Gateway to Happy Land," the slogan of the Graham and Morton Steamship Company.

TO TOUR AFRICA

MOSCOW (AP) — President Nikolai V. Podgorny will begin a tour of Tanzania, Zambia and Mozambique about March 21, according to diplomatic sources.

POTATOES FOR EUROPE: The British freighter Africa Star takes on 3,500 tons of potatoes as part of food shipments to drought-stricken Europe last fall. It marked the first time a ship was in the Port of Green Bay to receive a cargo of potatoes for overseas.

State Girl Scouts Protest ERA Support

CHELSEA, Mich. (AP) — Girl Scout Troop 47 has resigned from the Girl Scouts of America because the national organization's board endorsed the Equal Rights Amendment.

Members of the troop in this small southeastern Michigan community charge the Girl Scout National Board is using 3,180,000 scouts as political pawns in its push for the amendment.

"They're using us. They are. There's no doubt about it," said Joyce Liebeck, an 18-year-old who belonged to the defunct troop.

"We had to read about it in the newspapers since they didn't have the decency to let the Scouts know ahead of time."

The scouts charge that the national board violated its own constitution by taking a "political action."

But in New York, the public relations director for the Girl Scouts disputed that.

"All the board did was make a public statement of their opinion," said John Knox. "At no time did they advocate political action or allot any money for their stand."

The Equal Rights Amendment, which needs ratification by three more states by 1979 to take effect, would ban discrimination based on sex. Knox added that the board has received a legal opinion saying it was within its rights in

making the endorsement. And, he said, although there was some early opposition to the move, he knows of no other troop which has reacted so strongly against it.

Mrs. Raymond Nusca, mother of one of the Troop 47 members and a former troop leader, says that's because of ignorance.

"Troop leaders and mothers haven't researched the ramifications of the whole thing," Mrs. Nusca insisted. "Our girls don't believe in sexism."

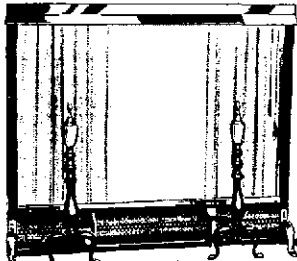

The troop has received no

reply to the letter of resignation it sent to the 66-member national board recently. But members say unless the board revokes its resolution in favor of the ERA, the troop will remain disbanded.

Mrs. Nusca conceded, "It looks like they're standing up against a whole country pretty much by themselves."

If Bonus Money Not Earned Fidrych May Make Less

LAKELAND, Fla. (AP) — Mark Fidrych was such a hit in his rookie season as a Detroit Tigers pitcher last year that fans clamored for Manager Ralph Houk to raise "The Bird's" pay.

He got the raise. But unless he also gets a few bonuses, Fidrych actually will be making less money than he did last season.

"That's true," the zany pitcher admitted this week, with a grin. "That's the beautiful part of the contract. It's such a

good contract, I took a cut in pay."

Fidrych made his spring debut Wednesday as the Tigers opened their exhibition season against Boston.

When Fidrych began drawing record crowds to Tiger games last year, a lot of fans griped that the curly-haired righthander had been duped when he signed for the minimum major league salary, \$16,000.

But during the course of his sensational first season, Fidrych got a retroactive raise to \$19,000. He also managed to pile up \$7,500 in bonus money under the conditions of his original contract, and an estimated \$34,500 more after having won 19 games and attracting more than 900,000 fans.

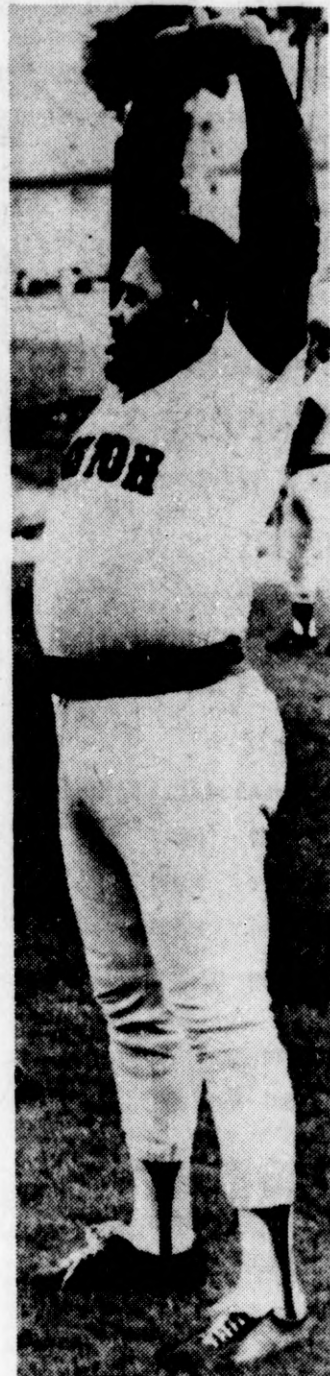

In all, Fidrych earned a total of \$60,000 last year.

But the Bird's current three-year contract will pay him an estimated \$55,000 a season.

"You can't count that bonus money as pay," said Fidrych, who wouldn't disclose specific details of the contract. "A bonus is a bonus; pay is pay. It's not the same."

He added, "If the same thing happens this year, if I draw 900,000 people again, don't you think they'll be glad to give me another bonus?"

"If they didn't they'd be horse manure," Fidrych added. "And they're not horse manure."

WORKING OFF EXCESS: Boston Red Sox' George Scott sports the fruits of a few too many banquets during exercises at spring training camp in Winter Haven, Fla. (AP Wirephoto)

Calvin's Mark Veenstra All-MIAA Fourth Time

HOLLAND, Mich. (AP) — Mark Veenstra of Calvin College, all-time Michigan Intercollegiate Athletic Association basketball scoring leader, this week joined four other players on the all-conference team.

It is the fourth consecutive year as an MIAA all-league selection for Veenstra, recently voted the conference's most valuable player for an unprecedented fourth time.

Joining the 6-foot-9 superstar on the honor team is Alma's sensational 6-2 guard Willie Dawkins. It is also Dawkins' fourth time as an all-conference first-team choice.

Also chosen were Paul Cryderman of Albion, a member of last year's team; David Dame of Kalamazoo and

Barry Capel of Calvin. Dame is a sophomore and the others are seniors.

One senior is on the second five, Jerry Kessnich of Kalamazoo. Juniors Dwight Maliepaard of Calvin and Jim Holwerda of Hope are on the second team also, along with sophomores Curtis Williams of Adrian and Dan Stolz of Alma.

Veenstra led Calvin to its fifth successive MIAA championship. He led the league in scoring with nearly a 26-point average. He was also tops in rebounding with a 14.5 average and free throw shooting with an 87 per cent mark.

Dawkins received "meritorious achievement" recognition from the coaches, who said: "It is really a shame that both (Dawkins and Veenstra) were

born in the same era because each contributed outstanding performances deserving of most valuable player recognition."

Veenstra rewrote Calvin record books. The former All-Stater from Hudsonville Unity Christian wound up with a career record 1,233 points in conference games and a four-year average of 25.7. For all games he scored 2,271 points as the Knights rolled to a 74-14 record and 43-5 performance in league games.

Calvin has been MIAA co-champion in basketball eight of the last nine seasons. No other school has dominated the sport as much since Kalamazoo won or shared 10 straight titles beginning in 1914.

In the seven years Ralph Honderd has been coach, Calvin has posted a 112-41 record.

Grand Valley Tops GLIAC Vote

DETROIT (AP) — Great Lakes Intercollegiate Athletic Conference basketball champion Grand Valley State placed two players on the all-league team and grabbed two additional honors as well.

Paul Peterman and Sid Bruinsma both made five-man team announced today. In addition, the league's nine coaches who voted for the team selected Peterman as the Player of the Year and Grand Valley's Tom Villemure as Coach of the Year.

Villemure took Grand Valley to a 16-0 GLIAC record and 27-2 overall mark. The squad won a berth in the National Association of Intercollegiate Athletics

tournament, and defeated Missouri State-Kansas City in the opening round Monday, 94-88.

Also chosen to the team were Ted Bee of Ferris State, Dale Brown of Saginaw Valley State and Tom Konopka of Lake Superior State.

Second team selections were: Ty Richardson of Wayne State, Tim Coletta of Ferris, Ray Papach of Hillsdale, Tom Izzo of Northern Michigan and Mark Klein of Saginaw Valley.

Peterman, a 6-foot-6 junior center from Muskegon, won the conference scoring title with a 21.6 average and was tops in field goals, hitting on 54 per cent of his shots.

Both he and Bruinsma, a 6-7 forward from Holland, are repeat first-team selections. Bee was on the second team last year and Brown received honorable mention.

This is the second big award for Villemure, a former University of Detroit player. He was recently named NAIA District 23 Coach of the Year.

The NAIA rated Grand Valley seventh in its final Division II poll. In five years Villemure's teams at Grand Valley have posted a 109-33 record.

Thirteen players received GLIAC all-conference honorable mention.

Marcellus Champion Of SAC

LAWTON — Marcellus clinched the SAC title here Wednesday night, beating Lawton 65-51 in a makeup game.

The contest had been postponed during the January blizzard.

Seniors Steve Bradley and Bob Norton paced the winners with 14 and 13 points, respectively. Marcellus finished 11-1 in SAC play and 16-4 overall.

Despite losing, Lawton did have one bright spot. Forward John Lepley poured in 34 points to win the league scoring crown.

Lepley hit on 17 of 28 from the floor and finished with a league average of 17.0 points per game.

Marcellus hit on 27 of 64 from the floor for 42 per cent. Lawton, which finished 4-8 in the league and 5-17 overall, meshed 24 of 61 for 39 per cent.

Marcellus (65)			Lawton (51)

PUBLIC MEETINGS LAW

Everybody Can Speak Up

LANSING, Mich. (AP) — Everybody will be able to speak up at public meetings under a law to take effect March 31. Atty. Gen. Frank Kelley says.

Kelley said the new "open meetings" law requires a public body to give anyone the right to speak. But, he said, it can "reasonably control" that freedom with time limits. Also, it can require the person to identify himself and give advance notice he wishes to speak.

Kelley issued a 34-page opinion on the new law, detailing its effect in specific instances. The measure passed the legislature last year.

Generally, the new law requires open meetings by public bodies. Notice and minutes of each meeting would have to be provided. Meetings could be closed only on specific occasions — to discipline an employee, for collective bargaining strategy sessions, to purchase property, and to discuss legal matters.

"The thrust of the act is that all discussion of public issues by public bodies must take place at meetings that are open to the public," Kelley said in his opinion.

Kelley noted the new act broadens current state law by including more public bodies, detailing the rights of the public, and providing enforcement and penalty provisions for agencies which break the law.

Ruling on specific questions, Kelley said:

- All persons will have the right to address a public meeting.
- All employment interviews conducted by the public body itself must be open, and interviews for the post of school superintendent must be open. But employment interviews conducted by the agency's staff can be closed.
- A motion to call a closed session under the permitted reasons must be approved by a two-thirds vote of all members of the body — not just those present.
- Using a conference phone call to hold a meeting is not permitted.
- A social event at which all members of a public body are present is not covered by the act, unless it is designed to avoid compliance with the law.

In other rulings, Kelley said the Michigan Environmental Review Board, which advises the governor on environmental matters, is not covered by the law.

And he said it does not apply to committees and subcommittees of public bodies which "are merely advisory or only capable of making recommendations" on public policy — unless the committee is made up of the entire public body.

Also exempt are citizen participation committees set up in local school districts to advise school boards on hiring.

FRANK KELLEY
Issues Opinion

Twin Cities Industries

On Trade Seminar List

Representatives of 17 Twin City area industries will be invited to attend a series of seminars this fall in Grand Rapids dealing with U.S.-Venezuelan trade, according to the World Affairs Council of Western Michigan.

The seminars will deal with increasing trade with the oil-rich, Latin American country, according to Marie Jay Cady, executive director of the council. She said the council, based in Grand Rapids, is a non-profit and non-partisan organization.

The Chamber of Commerce and the World Trade Club will conduct the seminars, she said.

Representatives from the following companies, which she said already have international markets, will be invited to the seminars:

- Advance Products, Aircraft Components, Cicero Scientific Glass, Fatco, Gast Manufacturing, Heald, Mac Engineering and Equipment, Michigan Fruit Canners, Quality Stamping, Rusback, Skidmore Operations, Teledyne/Peer, Thermocast International, Univex International, V-M, Well-McLain and Whirlpool.

Exact dates of the seminars will be announced later.

Lawmaker Asks For Firing

LANSING, Mich. (AP) — Dr. C. Dale Barrett, controversial superintendent of the Coldwater mental hospital, should be fired because of mismanagement, a state legislator said. State Rep. Charles Varnum of Manistique said Barrett has treated employees of the Coldwater State Home and Training School unfairly, creating a morale problem. Varnum urged Dr. Donald C. Smith, director of the state Department of Mental Health, to fire Barrett immediately.

HELPING FEED WORLD'S PEOPLE Great Lakes A Food Pipeline

By GEORGE VARGO

The American farmer long has been helping to feed the countries of the world, and the Great Lakes are playing an increasing role in the drama of shipping food products.

Potatoes from the Midwest shipped from Great Lakes ports became a significant cargo in

Vargo Tells Of Shipping

George Vargo, 1499, Jennings, a retired sailor and historian of shipping on the Great Lakes. In this article he reports on a modern-day Great Lakes activity — overseas shipments of potatoes from the Midwest last fall.

overseas trade last fall and accounted for a substantial portion of U.S. exports of this commodity.

The principal market was western Europe, where the drought last summer caused severe crop damage in some of the large producing areas. Shipments from the lakes began when in early September a vessel was loaded 6,900 short tons of potatoes in Duluth for the Netherlands. By the end of October, Great Lakes exports had exceeded 35,000 tons and for the two-month period accounted for 30 percent of the U.S. total. Additional scheduled exports

should brought the season total for about a dozen vessel loadings to over 60,000 tons of potatoes and nearly 1,800 tons of onions.

The first of about 300 truckloads of potatoes from the central Wisconsin area rolled into Green Bay and were transferred to the Africa Star, a ship of British registry. It was the first time in the Port of Green Bay's history that potatoes had been shipped overseas. The only food products exported in large quantities from Green Bay were grain products, canned goods and meat.

The dollar value of the September-October potato shipments from the lakes, based on U.S. export figures for this period, was about \$4.6 million and for the season should exceed \$8 million, with the value of onion shipments accounting for an additional one-third of a million dollars. While Duluth-Superior had been the principal port for potato shipments last fall, cargoes also were loaded at Kenosha and Green Bay, Wisc., and at Port Huron in Michigan.

For the Twin Ports, the source of potatoes is primarily the farms of the Red River Valley of Minnesota and North Dakota, over 250 miles to the northwest in the vicinity of Grand Forks. The two Wisconsin ports on Lake Michigan have obtained some 12,000 tons of export potatoes from the central section of their state, the Steven's Point area. Port Huron's single area cargo of about 5,500 tons was purchased

largely from farmers in the northeastern Lower Peninsula of Michigan.

The onions exported through Duluth Port Authority's terminal came by rail from the Pacific coast, principally Washington and Oregon, while Kenosha shipped 600 tons of Wisconsin-grown onions from the southeastern section of the state. Overseas destinations for the shiploads of fresh vegetables were chiefly Dutch and French ports, but several potato cargoes also were scheduled for Mediterranean countries — Algeria, Italy and Malta.

Michigan beans have been

shipped from Bay City as well as from Port Huron. For years soybeans have been shipped out of Toledo also. More cargoes have been gathered at Great Lakes ports as newer and longer ships sail the lakes. Many ships are equipped with freezers and can haul fresh vegetables long distances.

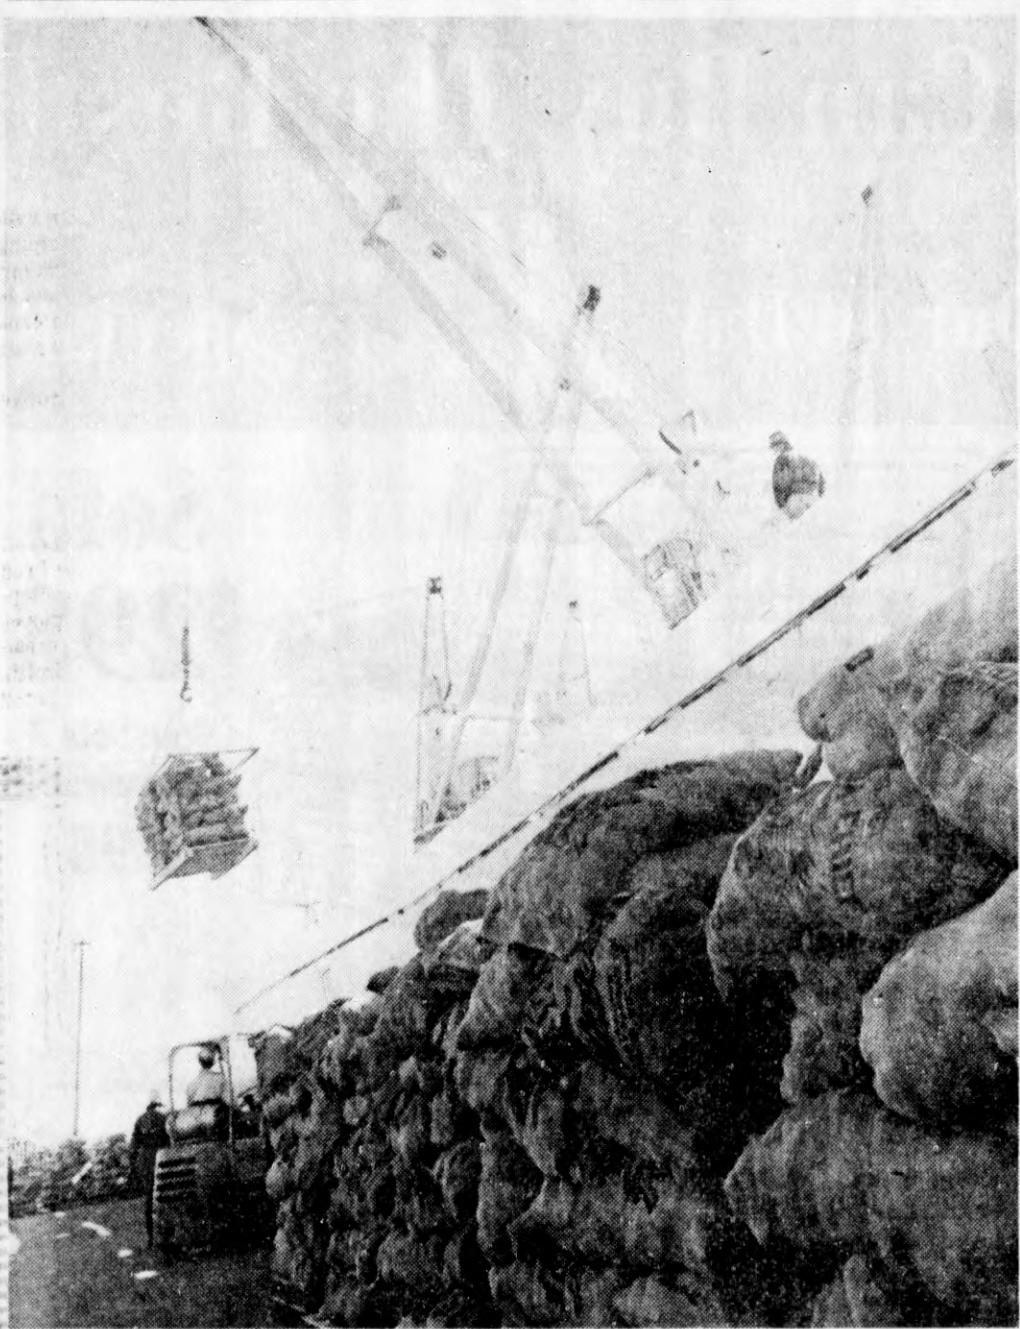

None of the shipments originated at Western Michigan ports on Lake Michigan — a far cry from the 1880's, when St. Joseph was a leading stop for sailing ships and steamers.

Over 800 ships entered here annually and distributed many kegs of nails, shingles, posts,

paint products, glass and cattle to farms through out the area and lumber which came here from the forests. Shipments of fruit went out by vessels and was brought to the docks in Chicago and Milwaukee where it was fresh the next morning. Those vessels made this region the "Gateway to Happy Land," the slogan of the Graham and Morton Steamship Company.

TO TOUR AFRICA

MOSCOW (AP) — President Nikolai V. Podgorny will begin a tour of Tanzania, Zambia and Mozambique about March 21, according to diplomatic sources.

POTATOES FOR EUROPE: The British freighter Africa Star takes on 3,500 tons of potatoes as part of food shipments to drought-stricken Europe last fall. It marked the first time a ship was in the Port of Green Bay to receive a cargo of potatoes for overseas.

State Girl Scouts Protest ERA Support

CHELSEA, Mich. (AP) — Girl Scout Troop 47 has resigned from the Girl Scouts of America because the national organization's board endorsed the Equal Rights Amendment.

Members of the troop in this small southeastern Michigan

community charge the Girl Scout National Board is using 3,160,000 scouts as political pawns in its push for the amendment.

"They're using us. They are. There's no doubt about it," said Joyce Liebeck, an 18-year-old who belonged to the defunct troop.

"We had to read about it in the newspapers since they didn't have the decency to let the Scouts know ahead of time." The scouts charge that the national board violated its own constitution by taking a "poli-

tical action." But in New York, the public relations director for the Girl Scouts disputed that.

"All the board did was make a public statement of their opinion," said John Knox. "At no time did they advocate political action or allot any money for their stand."

The Equal Rights Amendment, which needs ratification by three more states by 1979 to take effect, would ban discrimination based on sex.

Knox added that the board has received a legal opinion saying it was within its rights in

making the endorsement. And, he said, although there was some early opposition to the move, he knows of no other troop which has reacted so strongly against it.

Mrs. Raymond Nusca, mother of one of the Troop 47 members and a former troop leader, says that's because of ignorance.

"Troop leaders and mothers haven't researched the ramifications of the whole thing," Mrs. Nusca insisted. "Our girls don't believe in unisex."

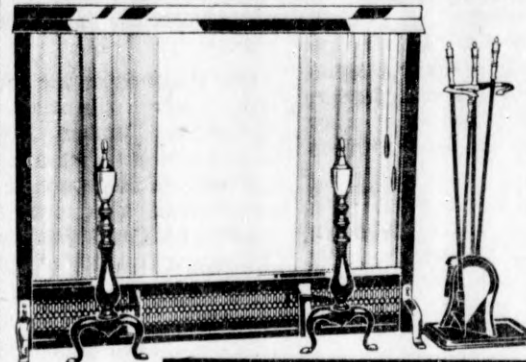

The troop has received no

reply to the letter of resignation it sent to the 65-member national board recently. But members say unless the board revokes its resolution in favor of the ERA, the troop will remain disbanded.

Mrs. Nusca conceded, "It looks like they're standing up against a whole country pretty much by themselves."

Five Candidates Seeking Cassopolis Council Seats

CASSOPOLIS — Five candidates seek three two-year seats on the Cassopolis village council in the village general election here Monday, March 14.

Republicans seeking the council seats are incumbents Mrs. Stella Casey and George Maddox plus newcomer Joseph Ritter. The Democrats are incumbent Joseph Broussard Jr., and newcomer Elbur "Vincent" Hawkins. The three top vote getters will be elected.

No side issues appear on the ballot.

Here's a breakdown on the candidates:

Maddox, 48, of 104 Water

street, is a salesman with Griffin Marine Distributors, South Bend. He and his wife, Laura, have four children.

Mrs. Casey, 55, of 434 North Broadway, seeks her second term as a councilman. A secretary for Clark Equipment company's Corporate Development center, Cassopolis, she and her husband, Leslie, have one grown son.

Ritter, 38, of 161 South Broadway, is co-owner of Abstract Office & Title Co., Cassopolis. He is single and making his first attempt at political office.

Broussard, 41, of 215 North Rowland, works for Wheelabra-

tor Frye, Mishawaka, Ind. He and his wife, Thelma, have five children.

Hawkins, 47, of 321 North Broadway, is a guidance counselor at Cassopolis high school. An unsuccessful candidate for Cass county 6th district commissioner last November, he and his wife, Shirley, have five children.

BARRY GOLDWATER JR.

Van Buren's GOP Speaker Big Name

SOUTH HAVEN — Congressman Barry M. Goldwater Jr., (R-California) is to be guest

BARRY GOLDWATER JR.
Van Buren speaker

speaker at the annual Lincoln Day banquet of the Van Buren county Republican party here.

The banquet is to be held Friday, March 25, at Fidelity's resort, Phoenix road, beginning with a social period at 6:30 p.m.

Goldwater, 38, is the representative from California's 20th House district in the San Fernando and Santa Clarita valley areas. He is the son of U.S. Sen. Barry Goldwater, Sr. (R-Ariz.)

Tickets for the banquet may be obtained from any elected county officer or other member of the county's GOP executive committee. Tickets are \$10 a person.

Additional information may be obtained by contacting banquet co-chairmen James Hale in South Haven and Nancy Thurns in Bangor, or Norman Rushing, Paw Paw.

Discrimination Appeal Denied

SAGINAW, Mich. (AP) — U.S. District Court Judge James Harvey has denied a Saginaw Public School system request that it be dismissed from Department of Health, Education and Welfare hearings on alleged discrimination in the system. In a 10-page ruling Harvey said the school district must exhaust remedies provided in the administrative hearing process before it resorts to federal court. HEW has cited the Saginaw district for alleged racial discrimination in assigning teachers and students, and for alleged inadequate bilingual education programs. The district receives more than \$5 million a year in federal funds.

Rape Bill Introduced

LANSING, Mich. (AP) — Persons convicted of first-degree rape would get mandatory two-year minimum prison sentences under a bill introduced by a state lawmaker. State Rep. Sal Rocca, D-Sterling Heights, said current law permits up to life imprisonment for first-degree rape, but sets no minimum sentence. That, he said, can result in lenient sentences despite the charge of violent or forceful rape. Rocca said Michigan's rape law, enacted in 1974, has encouraged the reporting of rapes and made convictions easier. But, he said, it still permits light sentences and needs a mandatory minimum sentence to be effective.

History

By ASSOCIATED PRESS
Today is Thursday, March 10, the 69th day of 1977. There are 296 days left in the year.

Today's highlight in history:
On this date in 1876, the first clear telephone call was made when Alexander Graham Bell summoned his assistant from another room in Bell's house in Boston, saying: "Come here, Watson. I want you."

On this date:
In 1785, Thomas Jefferson was named the U.S. minister to France, succeeding Benjamin Franklin.

In 1848, the U.S. Senate ratified a treaty ending the Mexican War.

In 1864, Ulysses Grant was named Commander in Chief of Union forces in the Civil War.

In 1941, President Franklin D. Roosevelt signed the Lend-lease Act, providing for transfer of military equipment to the Allies in World War II.

In 1945, U.S. bombers began their first incendiary raids on Japan, setting fire to a vast area of Tokyo.

In 1969, in Memphis, Tenn., James Earl Ray pleaded guilty to the assassination of the civil rights leader, Dr. Martin Luther King Jr.

Ten years ago: It was reported

that Joseph Stalin's daughter, Svetlana Stalin, had defected from the Soviet Union and was seeking asylum in a European country.

Five years ago: Premier Lon Nol of Cambodia seized complete power as head of state and nullified the country's nearly completed constitution.

One year ago: Former President Richard M. Nixon said that public disclosure in 1969 of the secret U.S. bombing of Cambodia had forced him to ground the planes and had cost countless American lives.

Today's birthday: Queen Elizabeth's fourth child, Prince Edward, is 13.

Thought for today: Revenge is always the weak pleasure of a little and narrow mind. — Juvenal, Roman lawyer and satirist, about 80 to 140 AD.

Having Great Time

LOS ANGELES (AP) — Groucho Marx may be in the hospital recuperating from hip surgery but the 86-year-old comedian is reported to be having a wonderful time, a family spokesman said. And some of the nurses at Cedars-Sinai Medical Center are joining in by wearing Groucho Marx T-shirts.

NEW DIRECTOR: James E. Russell, 38, has been named director of Cass county social services department replacing Margaret Murray who retired. Except for two years, Russell has been employed in state social services agency since 1966. He received bachelor's degree in 1965 and master's in 1969. As director, he will receive \$20,700 annual salary. He and his wife have three children and live near Schoolcraft.

PUBLIC MEETINGS LAW

Everybody Can Speak Up

LANSING, Mich. (AP) — Everybody will be able to speak up at public meetings under a law to take effect March 31, Atty. Gen. Frank Kelley says.

Kelley said the new "open meetings" law requires a public body to give anyone the right to speak. But, he said, it can "reasonably control" that freedom with time limits. Also, it can require the person to identify himself and give advance notice he wishes to speak.

Kelley issued a 34-page opinion on the new law, detailing its effect in specific instances. The measure passed the legislature last year.

Generally, the new law requires open meetings by public bodies. Notice and minutes of each meeting would

have to be provided. Meetings could be closed only on specific occasions — to discipline an employee, for collective bargaining strategy sessions, to purchase property, and to discuss legal matters.

"The thrust of the act is that all discussion of public issues by public bodies must take place at meetings that are open to the public," Kelley said in his opinion.

Kelley noted the new act broadens current state law by including more public bodies, detailing the rights of the public, and providing enforcement and penalty provisions for agencies which break the law.

Ruling on specific questions, Kelley said:

—All persons will have the right to address a public meeting.

—All employment interviews conducted by the public body itself must be open, and interviews for the post of school superintendent must be open. But employment interviews conducted by the agency's staff can be closed.

—A motion to call a closed session under the permitted reasons must be approved by a two-thirds vote of all members of the body — not just those present.

—Using a conference phone call to hold a meeting is not permitted.

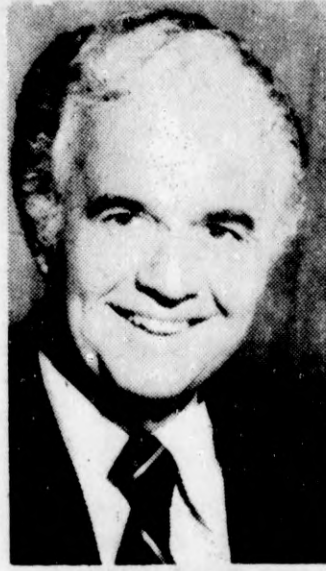

—A social event at which all members of a public body are

present is not covered by the act, unless it is designed to avoid compliance with the law.

In other rulings, Kelley said the Michigan Environmental Review Board, which advises the governor on environmental matters, is not covered by the law.

And he said it does not apply to committees and subcommittees of public bodies which "are merely advisory or only capable of making recommendations" on public policy — unless the committee is made up of the entire public body.

Also exempt are citizen par-

icipation committees set up in local school districts to advise school boards on hiring.

Twin Cities Industries On Trade Seminar List

Representatives of 17 Twin City area industries will be invited to attend a series of seminars this fall in Grand Rapids dealing with U.S.-Venezuelan trade, according to the World Affairs Council of Western Michigan.

The seminars will deal with increasing trade with the oil-rich, Latin American country, according to Marie Jay Cady, executive director of the council. She said the council, based in Grand Rapids, is a non-profit and non-partisan organization.

The Chamber of Commerce and the World Trade Club will conduct the seminars, she said.

Representatives from the following companies, which she said already have international markets, will be invited to the seminars:

Advance Products, Aircraft Components, Cicero Scientific Glass, Fatsco, Gast Manufacturing, Heald, Mac Engineering

and Equipment, Michigan Fruit Canners, Quality Stamping, Rosback, Skidmore Operations, Teledyne/Peer, Thermocast International, Univex International, V-M, Weil-McLain and Whirlpool.

Exact dates of the seminars will be announced later.

Lawmaker Asks For Firing

LANSING, Mich. (AP) — Dr. C. Dale Barrett, controversial superintendent of the Coldwater mental hospital, should be fired because of mismanagement, a state legislator said. State Rep. Charles Varnum of Manistique said Barrett has treated employees of the Coldwater State Home and Training School unfairly, creating a morale problem. Varnum urged Dr. Donald C. Smith, director of the state Department of Mental Health, to fire Barrett immediately.

Everyone Getting Involved In Arts

The arts — music, painting, dancing and drama — are the hottest thing to hit community life. All over America, people are getting involved with summer festivals and special centers where the attendance figures have doubled in the last 10 years.

The arts are even outmuscling sports now in popular appeal. This week, you'll visit some of these places, including a town where people have made the arts so public that even the garbage trucks are emblazoned with the design of a famous sculptor!

Best of all, you'll find out how you and your home town can get involved too.

Read it Saturday in Family Weekly magazine, a regular feature of The Herald-Palladium.

Soldiers In China's Army Double As Farm Workers

By JOHN BODERICK
Associated Press Writer
TOKYO (AP) — Though China is giving new emphasis to training and modernization of its 2½ million man army, the armed forces continue their old and controversial role as an agricultural work force.

Hsinhua News Agency, seen here recently, confirmed this in an article which disclosed that the army runs more than 1,000 farms and works roughly 666,000 acres of land.

In its early days, in the 1930s and 1940s, the Red army was a fighting force, a political instrument and a production corps. It raised much of the food it needed.

In the mid-1950s, however, a number of military chiefs, led by Defense Minister Peng Tehhuai, resisted then Chairman Mao Tse-tung's plan to involve it more deeply in the agricultural and industrial speed-up program which culminated in the unsuccessful Great Leap Forward.

The surviving veterans of the old days now are in power, following the overthrow of Mao's widow, Chiang Ching, and the party radicals who opposed them. They appear to have reached a compromise which will result in more training and modernization without abandoning the guerrilla-peasant image which made the army a unique fighting force.

The army farms emulate "the revolutionary spirit of self-reliance and hard struggle" of the model Tachai production brigade in the north China Province of Shansi, Hsinhua

said. It added that the 666,000 acres were reclaimed over the past 10 years from wasteland.

On a nationwide scale, "it has contributed an average of 20 million man-days a year to such jobs as farmland construction projects in wintertime and sowing or harvesting during the busy seasons of spring, summer and autumn," it said.

It also has been actively involved in relief, rescue and rehabilitation work in calamity-stricken areas such as Haicheng and Tangshan, hit by earthquakes, and Fukien

Province, which suffered seriously from typhoons.

All units, from the general headquarters on down, have been caught up in the Tachai spirit, Hsinhua continued. Following its example, they have "reclaimed lakesides, built water conservancy projects, treated alkaline soil and turned large tracts of barren land into fertile fields."

These successes were achieved, it said, despite the sabotage of "the gang of four" — Madame Mao and Politburo members Yao Wen-yun, Wang Hung-wen, and Chang Chunchiao. Under arrest since last October, they have been accused of virtually every sin in the Communist book, including a plot to overthrow the new party chairman, Hua Kuo-feng.

Baby Boom Predicted By U-M Economist

ANN ARBOR, Mich. (AP) — While other researchers say the U.S. population has reached a plateau, University of Michigan economist Ronald D. Lee predicts a 20-year baby boom may be on the horizon. Lee, who believes economic status and expectations have a lot to do with the birth rate, has a theory to explain the high rate of the 1950s and the drop of the 1970s. The current birth rate of 1.8 children per woman could reach three per woman by the year 2000, Lee predicts. The 1957 peak rate of children per woman was 3.7. Lee bases his theory on two premises. First, he says population determines economic status, because a large population intensifies competition for jobs and income. Second, Lee says, economic status is related to the fertility rate. Americans with a good financial status, he says, can support more children.

Five Candidates Seeking Cassopolis Council Seats

CASSOPOLIS — Five candidates seek three two-year seats on the Cassopolis village council in the village general election here Monday, March 14.

Republicans seeking the council seats are incumbents Mrs. Stella Casey and George Maddox plus newcomer Joseph Ritter. The Democrats are incumbent Joseph Broussard Jr., and newcomer Elbur "Vincent" Hawkins. The three top vote getters will be elected.

No side issues appear on the ballot.

Here's a breakdown on the candidates:

Maddox, 48, of 104 Water

street, is a salesman with Griffin Marine Distributors, South Bend. He and his wife, Laura, have four children.

Mrs. Casey, 55, of 434 North Broadway, seeks her second term as a councilman. A secretary for Clark Equipment company's Corporate Development center, Cassopolis, she and her husband, Leslie, have one grown son.

Ritter, 38, of 161 South Broadway, is co-owner of Abstract Office & Title Co., Cassopolis. He is single and making his first attempt at political office.

Broussard, 44, of 215 North Rowland, works for Wheelabra-

tor Frye, Mishawaka, Ind. He and his wife, Thelma, have five children.

Hawkins, 47, of 321 North Broadway, is a guidance counselor at Cassopolis high school. An unsuccessful candidate for Cass county 6th district commissioner last November, he and his wife, Shirley, have five children.

Today In History

By ASSOCIATED PRESS
Today is Thursday, March 10, the 69th day of 1977. There are 296 days left in the year.

Today's highlight in history: On this date in 1876, the first clear telephone call was made when Alexander Graham Bell summoned his assistant from another room in Bell's house in Boston, saying: "Come here, Watson. I want you."

On this date: In 1785, Thomas Jefferson was named the U.S. minister to France, succeeding Benjamin Franklin.

In 1848, the U.S. Senate ratified a treaty ending the Mexican War.

In 1864, Ulysses Grant was named Commander in Chief of Union forces in the Civil War.

In 1941, President Franklin D. Roosevelt signed the Lend-lease Act, providing for transfer of military equipment to the Allies in World War II.

In 1945, U.S. bombers began their first incendiary raids on Japan, setting fire to a vast area of Tokyo.

In 1969, in Memphis, Tenn., James Earl Ray pleaded guilty to the assassination of the civil rights leader, Dr. Martin Luther King Jr.

Ten years ago: It was reported

that Joseph Stalin's daughter, Svetlana Stalin, had defected from the Soviet Union and was seeking asylum in a European country.

Five years ago: Premier Lon Nol of Cambodia seized complete power as head of state and nullified the country's nearly completed constitution.

One year ago: Former President Richard M. Nixon said that public disclosure in 1969 of the secret U.S. bombing of Cambodia had forced him to ground the planes and had cost countless American lives.

Today's birthday: Queen Elizabeth's fourth child, Prince Edward, is 13.

Thought for today: Revenge is always the weak pleasure of a little and narrow mind. — Juvenal, Roman lawyer and satirist, about 60 to 140 AD.

Having Great Time

LOS ANGELES (AP) — Groucho Marx may be in the hospital recuperating from hip surgery but the 86-year-old comedian is reported to be having a wonderful time, a family spokesman said. And some of the nurses at Cedars-Sinai Medical Center are joining in by wearing Groucho Marx T-shirts.

NEW DIRECTOR: James E. Russell, 38, has been named director of Cass county social services department replacing Margaret Murray who retired. Except for two years, Russell has been employed in state social services agency since 1966. He received bachelor's degree in 1965 and master's in 1969. As director, he will receive \$20,700 annual salary. He and his wife have three children and live near Schoolcraft.

BARRY GOLDWATER JR.

Van Buren's GOP Speaker Big Name

SOUTH HAVEN — Congressman Barry M. Goldwater Jr., (R-California) is to be guest

BARRY GOLDWATER Jr.
Van Buren speaker

speaker at the annual Lincoln Day banquet of the Van Buren county Republican party here.

The banquet is to be held Friday, March 25, at Fidelman's resort, Phoenix road, beginning with a social period at 6:30 p.m.

Goldwater, 38, is the representative from California's 20th House district in the San Fernando and Santa Clarita valley areas. He is the son of U.S. Sen. Barry Goldwater, Sr. (R-Ariz.)

Tickets for the banquet may be obtained from any elected county officer or other member of the county's GOP executive committee. Tickets are \$10 a person.

Additional information may be obtained by contacting banquet co-chairmen James Hale in South Haven and Nancy Thoms in Bangor, or Norman Rushing, Paw Paw.

Discrimination Appeal Denied

SAGINAW, Mich. (AP) — U.S. District Court Judge James Harvey has denied a Saginaw Public School system request that it be dismissed from Department of Health, Education and Welfare hearings on alleged discrimination in the system. In a 10-page ruling Harvey said the school district must exhaust remedies provided in the administrative hearing process before it resorts to federal court. HEW has cited the Saginaw district for alleged racial discrimination in assigning teachers and students, and for alleged inadequate bilingual education programs. The district receives more than \$5 million a year in federal funds.

Rape Bill Introduced

LANSING, Mich. (AP) — Persons convicted of first-degree rape would get mandatory two-year minimum prison sentences under a bill introduced by a state lawmaker. State Rep. Sal Rocca, D-Sterling Heights, said current law permits up to life imprisonment for first-degree rape, but sets no minimum sentence. That, he said, can result in lenient sentences despite the charge of violent or forceful rape. Rocca said Michigan's rape law, enacted in 1974, has encouraged the reporting of rapes and made convictions easier. But, he said, it still permits light sentences and needs a mandatory minimum sentence to be effective.

"If there's a way the new tax law can save you money, we'll find it."

A brand-new reason why H&R Block should do your taxes.

The new 1976 tax law is full of changes. New credits...new deductions...new rules that affect you and every taxpayer. But Block people are ready to help save you money by taking every allowable deduction and credit.

FAMILY WEEKLY Everyone Getting Involved In Arts

The arts — music, painting, dancing and drama — are the hottest thing to hit community life. All over America, people are getting involved with summer festivals and special centers where the attendance figures have doubled in the last 10 years.

The arts are even outmuscling sports now in popular appeal. This week, you'll visit some of these places, including a town where people have made the arts so public that even the garbage trucks are emblazoned with the design of a famous sculptor!

Best of all, you'll find out how you and your home town can get involved too.

Read it Saturday in Family Weekly magazine, a regular feature of The Herald-Palladium.

Soldiers In China's Army Double As Farm Workers

By JOHN RODERICK
Associated Press Writer

TOKYO (AP) — Though China is giving more emphasis to training and modernization of its 2½ million man army, the armed forces continue their old and controversial role as an agricultural work force.

Hsinhua News Agency, seen here recently, confirmed this in an article which disclosed that the army runs more than 1,000 farms and works roughly 666,000 acres of land.

In its early days, in the 1930s and 1940s, the Red army was a fighting force, a political instrument and a production corps. It raised much of the food it needed.

In the mid-1950s, however, a number of military chiefs, led by Defense Minister Peng Tehhuai, resisted then Chairman Mao Tse-tung's plan to involve it more deeply in the agricultural and industrial speed-up program which culminated in the unsuccessful Great Leap Forward.

Peng, an army marshal, former chief of staff and early Communist hero, was cashiered and other officers demoted, but the debate over whether the army should be "Red" or "expert" sputtered on for years, claiming new victims in the military leadership.

The surviving veterans of the old days now are in power, following the overthrow of Mao's widow, Chiang Ching, and the party radicals who opposed them. They appear to have reached a compromise which will result in more training and modernization without abandoning the guerrilla-peasant image which made the army a unique fighting force.

The army farms emulate "the revolutionary spirit of self-reliance and hard struggle" of the model Tachai production brigade in the north China Province of Shansi, Hsinhua

said. It added that the 666,000 acres were reclaimed over the past 10 years from wasteland.

On a nationwide scale, "it has contributed an average of 20 million man-days a year to such jobs as farmland construction projects in wintertime and sowing or harvesting during the busy seasons of spring, summer and autumn," it said.

It also has been actively involved in relief, rescue and rehabilitation work in calamity-stricken areas such as Haicheng and Tangshan, hit by earthquakes, and Fukien

Province, which suffered seriously from typhoons.

All units, from the general headquarters on down, have been caught up in the Tachai spirit, Hsinhua continued. Following its example, they have "reclaimed lakesides, built water conservancy projects, treated alkaline soil and turned large tracts of barren land into fertile fields."

These successes were achieved, it said, despite the sabotage of "the gang of four" — Madame Mao and Politburo members Yao Wen-yun, Wang Hung-wen, and Chang Chun-chiao. Under arrest since last October, they have been accused of virtually every sin in the Communist book, including a plot to overthrow the new party chairman, Hua Kuo-feng.

Baby Boom Predicted By U-M Economist

ANN ARBOR, Mich. (AP) — While other researchers say the U.S. population has reached a plateau, University of Michigan economist Ronald D. Lee predicts a 20-year baby boom may be on the horizon. Lee, who believes economic status and expectations have a lot to do with the birth rate, has a theory to explain the high rate of the 1950s and the drop of the 1970s. The current birth rate of 1.8 children per woman could reach three per woman by the year 2000, Lee predicts. The 1957 peak rate of children per woman was 3.7. Lee bases his theory on two premises. First, he says population determines economic status, because a large population intensifies competition for jobs and income. Second, Lee says, economic status is related to the fertility rate. Americans with a good financial status, he says, can support more children.

NEWS OF MARKETS

Stocks Continue Decline

NEW YORK (AP) — The stock market declined again today as government figures confirmed Wall Street's fears of a two-digit rise in the wholesale price index last month.

The Dow Jones average of 30 industrial stocks slipped nearly 2 points in early trading, and losers outnumbered gainers by about a 4-3 margin among New York Stock Exchange-listed issues.

As the market opened, the Labor Department reported that the wholesale price index rose 0.9 per cent in February after seasonal adjustment, for the equivalent of a 10.8 per cent annual rate.

The data reflected the effects of bad weather on agricultural product prices.

Stocks traded actively included Citicorp, down 1/4 at 28 3/4; General Motors, off 1/4 at 70 1/2; Sterling Drug, 1/4 lower at 15 1/4; and American Telephone & Telegraph, down 1/4 at 62 1/2.

On Wednesday the Dow Jones industrial average fell 9.14 to 942.00, in its biggest drop since it gave up 9.64 points on Jan. 20. Losers outnumbered gainers by about a 9-4 margin on the NYSE.

Big Bond volume reached 19.68 billion shares, up from 19.52 million on Tuesday.

The NYSE's composite index lost 41 to 84.42.

On the American Stock Exchange, the market value index was off .04 to 111.38.

Dowagiac Worker Injured

DOWAGIAC — A milling company worker was injured Wednesday morning when his leg was trapped in a grain auger at the Mennel Milling company plant on Spaulding street here.

Francis Proctor, 54, route 4, Sink road, Dowagiac, was reported in fairly good condition today at Pawating hospital, Niles.

Dowagiac firemen who were called to the scene said Proctor's right leg was "badly mangled" and it required some 20 minutes to free him. Dr. S.M. Zaman was called to the scene and accompanied Proctor to the hospital. Firemen said Proctor was shoveling grain when he was caught in the rotating auger.

Waterliet Hospital

ADMISSIONS

Banker Indicted

PIGEON, Mich. (AP) — A former vice president of the Thubbs National Bank and Trust Co. in Pigeon faces arraignment on a federal charge of misappropriating \$30,000.

J.E. Friedline of Pigeon, a former vice president and trust officer at the bank, was indicted Tuesday by a federal grand jury in Bay City. He is charged with asking a widow to loan him \$30,000 from her account.

NILES COMPANY

National-Standard Names 2 Officers

NILES — The board of directors of National-Standard company has elected R.J. VanSteele as secretary and general counsel, and Edward W. Beckman as assistant treasurer, according to N-S President George Hussey Jr.

Before joining the company in 1976, VanSteele was a member of the general counsel's staff at Federal-Mogul corporation, Southfield, Mich. VanSteele received both his undergraduate degree and law degree from the University of Detroit. His memberships include the state Bar Association of Michigan and Indiana, and American Bar Association. Locally, he is a director of the Niles area Chamber of Commerce. From 1966 to 1972, VanSteele was a part-time instructor in law and labor relations courses at two universities.

Beckman joined National-Standard as an accountant in 1964 after nine years in a similar position at Studebaker Corp., South Bend. He was previously employed by Simplicity Pattern Co., Niles, and Standard Oil (Ind.), South Bend. In 1972 he became manager of insurance for National-Standard, a position he held until his recent promotion. Following military service during World War II, Beckman graduated from Valparaiso university in 1950.

National-Standard is a diversified manufacturer of wire products, other metal products and specialized machinery. The firm operates 22 domestic and

eight foreign facilities, and reported sales volume of \$222 million in 1976.

EDWARD W. BECKMAN

Extradition Hearing Demanded By Wolf

William H. Wolf, 18, demanded an extradition hearing when arraigned in Berrien District court yesterday on a fugitive warrant charging him with murder in the death of his mother three years ago in Texas.

Wolf is being sought by Texas

authorities in the stabbing death of Mrs. Bonnie Gustafson Wolf, 35. Her body was found in her home near El Paso April 15, 1974. She was a former St. Joseph resident.

Judge Ronald J. Taylor scheduled an extradition hearing for April 4. He said the hearing could be postponed if a governor's warrant from Texas is not received by then.

Wolf was returned to jail in lieu of \$50,000 bond.

Wolf is the adopted son of Mrs. Wolf. She was the daughter of Mr. and Mrs. Kenneth Gustafson, St. Joseph.

Wolf's address was listed as 238 Mt. Curve, St. Joseph. That is the residence of Mr. and Mrs. Gustafson.

Grand Jury May Probe Auto Giant

DETROIT (AP) — A federal grand jury reportedly will be convened in Detroit next month to participate in an investigation of possible criminal tax fraud by General Motors Corp., a Detroit radio station said today.

Station WJR, quoting unnamed sources, said top officials of the giant automaker likely would be subpoenaed when the grand jury begins its probe.

GM, the world's largest automaker, confirmed three weeks ago that it was under investigation by the Justice Department and Internal Revenue Service, however the company would not provide any details.

A GM spokesman today declined to comment on the WJR report, saying the company would stand on an earlier statement that "when the investigation is completed the government will conclude that General Motors has not done anything wrong."

The U.S. Attorney's office in Detroit also had no comment on the report.

It previously has been reported that federal officials suspect GM of intentionally understating its income and taxes over the past several years by writing off nearly \$500 million worth of parts and equipment that either did not exist or had been written off before.

WJR also said the Justice Department recently sent a strongly worded letter to GM's top management, warning them against obstruction of justice in connection with the probe.

Just a few days before word of the investigation surfaced, GM reported it earned a record \$2.9 billion in 1976. The company said it also paid a record \$2.37 billion in federal, foreign and other income taxes for the year.

Tax Rebate Proposal In Senate Now

WASHINGTON (AP) — The \$30-per-person rebate for most Americans and lower taxes for many, having been accepted by the House, have now gone to the Senate.

Likely to hit opposition there, however, is another provision of the administration tax package, this one affecting businessmen.

The House designed a tax break for businesses that hire new workers this year and next but scrapped an optional 2 per cent increase in the investment tax credit.

Sen. Russell Long, the Louisiana Democrat who chairs the Finance Committee, has suggested restoring that option.

Allegan Hospital

ADMISSIONS
ALLEGAN — Patients admitted to Allegan General hospital during the past 24 hours include:

Allegan — Yvonne Diskin; Herman Eckert; James Smith. Gobles — Sharon Rainey. Kalamazoo — Carol Sherwood.

BIRTH
Oshtemo — A boy was born at 7:04 p.m. Wednesday to Mr. and Mrs. Richard Guarnani.

Showers Tonight, Friday

By ASSOCIATED PRESS
Southernwestern Lower Michigan: Tonight, increasing cloudiness. Chance of rain late tonight. Low in the mid 40s. Friday, mostly cloudy with rain likely. High near 60. Winds, southeasterly around 10 mph tonight increasing to 10 to 20 mph Friday. Probability of rain 30 per cent tonight, 60 per cent Friday.

EXTENDED OUTLOOK
Saturday through Monday: chance of showers each day. Warm Saturday. Turning cooler Sunday and Monday. Highs ranging from the 60s Saturday to the mid 40s and lower 50s on Sunday and Monday. Lows from the 40s Saturday and Sunday to the 20s and lower 30s Monday.

WEATHER PICTURE
The highest temperature in Michigan Wednesday was 66 in Detroit. The lowest was 22 in Sault Ste. Marie.

The highest temperature one year ago in Detroit was 42. The low was 27.

The highest temperature for this date in Detroit since 1872 was 70 in 1925. The lowest was 4 in 1877.

The sun sets today at 6:34 p.m., rises Friday at 6:53 a.m. and sets Friday at 6:35 p.m. The moon set today at 9:52 a.m., rises Friday at 12:38 a.m. and sets Friday at 10:42 a.m.

Trooper Is Bruised At Crash Site

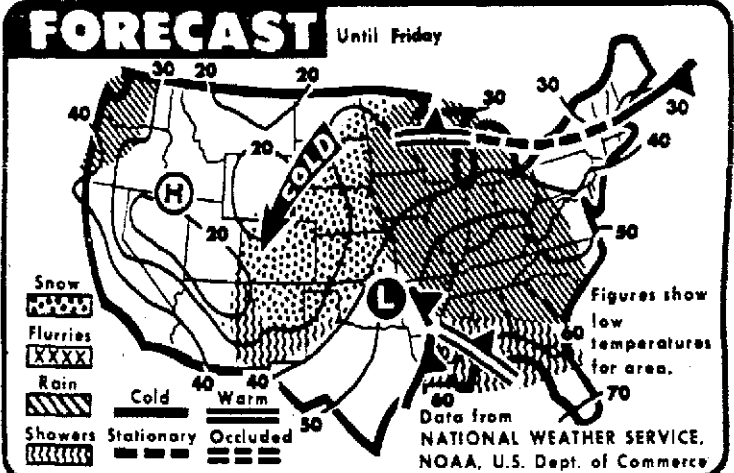

State Trooper Charles Longenbarger sustained a bruised knee Wednesday when his police station wagon was struck by a car while Longenbarger was investigating another accident. The police vehicle was halted and the trooper was seated in it.

Benton township police said the oscillating light on the station wagon was flashing when it was struck by an auto driven by Michael R. Wysong, 24, of Harrison, Mich., on I-94 near I-196 about 5:30 p.m. Township police said Wysong was ticketed for failure to stop in an assured clear distance.

The police station wagon was heavily damaged. Longenbarger was not hospitalized at the time but told the Benton Harbor post he would be examined this morning. The property damage accident he was policing involved a car and pickup truck at the entrance to I-196.

In another accident, state police of the Benton Harbor post reported Sherry J. Smith, 16, of 917 Pearl street, St. Joseph, and Kim Fischer, 15, of 3544 Washington avenue, St. Joseph, were treated for bumps and bruises at Memorial hospital, St. Joseph, after a car they were in rolled over in the median on I-94.

Troopers said Miss Smith was ticketed for traveling too fast for conditions. The accident occurred south of Livingston road, Lake township.

TODAY'S WEATHER MAP: Rain is forecast Thursday for much of eastern and central portions of nation, ranging from Georgia north to Great Lakes region. Showers are predicted for Gulf Coast states as well as a portion of the Southwest. Rain is also expected for the Pacific Northwest states. Snow is expected for much of the Midwest. (AP Wirephoto Map)

PEANUT OIL FOR FUEL?

U.S. Naval Academy Unveils Car Engine

By TOM STUCKEY
Associated Press Writer

ANNAPOLIS, Md. (AP) — The U.S. Naval Academy has developed an automobile engine that cuts fuel consumption, reduces pollution, makes cars lighter — and runs on peanut oil in an emergency.

It's "not just a laboratory gimmick," said Dr. Andrew Pouring at a news conference Wednesday at the academy. He said only minor design changes would be needed to convert the standard piston engine currently in use.

However, Naval Academy officials said it was up to the auto industry to decide whether the engine — called NAHBE for Naval Academy Heat Balanced Engine and pronounced "knobby" — can be successfully mass-produced.

Pouring said if Detroit does become interested, it will take

five to 10 years to get a new engine into production.

Pouring explained the new engine as "a fundamentally new means of combustion."

Only two modifications to a standard engine are required for conversion, the researchers say: A mushroom-shaped piece atop each piston and an auxiliary valve to the air intake system.

As explained by Pouring, doubling the piston chamber mixes air with the fuel, doubling the length of the combustion time and making combustion "more complete."

He said that a test of the engine — in a 10-year-old jeep rescued from the scrap heap at nearby Ft. Meade — turned in a 40 per cent reduction in fuel while idling and a 10 per cent saving at highway speeds.

In addition, he said, such engines can weigh less because peak pressures produced during the new type of combustion are only about half the levels reached by standard engines.

And Pouring said the engine burns almost any kind of fuel, including lower grades of gasoline than can be used in today's cars.

Pouring said the engine even ran on peanut oil during one test, leading researchers to consider naming it the "Jimmy" after the academy's best-known graduate, President Carter.

Memorial Hospital

ADMISSIONS
Benton Harbor — Mrs. Floyd J. Bell, 2088 E. Empire, Lot 143; Scotty R. Clemons, 983 Enders; John Hartwig, 168 Elvorn drive; Charles A. Knipschild, 621 W. Napier; Mrs. Larry L. McCauley, 389 East Felton, Apt. 1; Michael W. Milnickel, 777 E. Napier, Apt. J-2; Ruth L. Seaman, 245 Clar-delle.
Baroda — Mrs. Lyle A. Martin, route 1, Box 70.

Hartford — A boy, weighing 8 pounds, was born to Mr. and Mrs. Danny E. Michael, route 1, Box 208-A, Wednesday at 8:15 p.m.

Chase Named Chairman Of Profits Board

WASHINGTON (AP) — President Carter has named Goodwin Chase, 65, to chair the agency charged with recovering excessive profits from defense contractors.

During his four years on the Renegotiation Board, the former Tacoma, Wash., banker frequently dissented from board decisions he said costed taxpayers hundreds of millions of dollars.

Youth Club Organized By DANK

The DANK (German-American) club in Sodus township recently organized a new youth club, according to Elta Krajewski, organization chairman.

Officers elected to the FC DANK (Fun Club Dank) are Traute Buzenius, president; Josef Bauman Jr., vice president; Linda Neumeier, secretary, and Elise Bauman, treasurer. Board members are Rudy Neumeier, Melaney Neumeier, Paul Makay, Sylvia Pfeiffer, Albert Pallas and Dagmar Werner.

Purpose of the club is to promote awareness of Germanic heritage and recreational activities.

The DANK club is at 2651 Pipestone road.

Teachers' Retirement Is Topic

Norval Hansen, director of Michigan Public School Employees Retirement system, will speak on retirement benefits next Monday at Lakeshore high school auditorium.

Announcement was made by Mary Frances Tucker, publicity chairman of Delta Kappa Gamma teachers' honorary society, a co-sponsor of the event.

The meeting, sponsored by Delta Kappa Gamma, International Teachers' honorary society, Berrien Intermediate school district and Lakeshore public schools, will begin at 7:30 p.m.

The state teachers' retirement system is for all school employees and both teachers and non-teaching employees are invited to attend the meeting.

Berrien General

ADMISSIONS
BERRIEN CENTER — Patients admitted to Berrien General hospital during the past 24 hours include:
Benton Harbor — Carl Morritz, Harbor Towers.
St. Joseph — Roscoe Krieger, 331 Upton drive.
Berrien Springs — Kenneth Burton, Beechwood Apt.; Mrs. Leota Stone, 307 E. Washington.
Buchanan — Mrs. Ora Johnson, 315 E. Jordan.
Dowagiac — Mrs. Alice Heyn, 225-A California road.

South Haven Hospital

SOUTH HAVEN — Patients admitted to South Haven Community hospital yesterday included Mrs. Patricia Gass, Mrs. Laura Gray, Mrs. Annette Hackney, Mrs. Viola Quinby, William Spratt, Mrs. Larry Tripp, Mrs. Emil Westling, South Haven; Mrs. Jennie Kotelenski, Mrs. John Neynum, Miss Cathy Parker, Harry Waugh, Bangor; Mrs. Willie Tillman, Lawrence.

BIRTHS
A boy weighing 7 pounds, 14 ounces, was born to Mr. and Mrs. Kenneth Bard of South Haven at 6:50 a.m., Tuesday.

A girl weighing 8 pounds, 5 ounces, was born to Mr. and Mrs. Charles Ha

YOU HAVE A GREAT WAY OF SHOWING IT!

WHAT DO YOU EXPECT FROM ME? YOU WERE MY WIFE WHEN I WALKED INTO THAT PRISON FOUR YEARS AGO! YOU NEVER CAME TO SEE ME, NEVER WROTE ME ONE NOTE!

I HAD A FOUR-YEAR-OLD DAUGHTER TO RAISE! I WAS NOT ABOUT TO LET THE WHOLE WORLD KNOW THAT HER FATHER WAS IN THE STATE PENITENTIARY!

NOR LET ANYONE KNOW THAT YOU PUT ME THERE!

I KNOW IT'S WRONG TO RUN AWAY...

BUT WHO WANTS TO GO TO JAIL? BESIDES BITING ONE TREE ISN'T GOING TO DESTROY THE ENVIRONMENT...

NO ONE'S GOING TO MISS ME ANYWAY... I NEVER DO ANYTHING RIGHT...

IF LIFE WERE A CAMERA, I'D HAVE THE LENS CAP ON

NEWS OF MARKETS

Stocks Continue Decline

NEW YORK (AP) — The stock market declined again today as government figures confirmed Wall Street's fears of a two-digit rise in the wholesale price index last month.

The Dow Jones average of 30 industrial stocks slipped nearly 2 points in early trading, and losers outnumbered gainers by about a 4-3 margin among New York Stock Exchange-listed issues.

As the market opened, the Labor Department reported that the wholesale price index rose 0.9 per cent in February after seasonal adjustment, for the equivalent of a 10.8 per cent annual rate.

The data reflected the effects of bad weather on agricultural product prices.

Stocks traded actively included Citicorp, down 1/4 at 28 3/4; General Motors, off 1/8 at 70 1/2; Sterling Drug, 1/4 lower at 15 1/4; and American Telephone & Telegraph, down 1/4 at 62 1/2.

On Wednesday the Dow Jones industrial average fell 9.14 to 942.00, in its biggest drop since it gave up 9.64 points on Jan. 20. Losers outnumbered gainers by about a 9-4 margin on the NYSE.

Big Board volume reached 19.68 million shares, up from 19.52 million on Tuesday.

The NYSE's composite index lost 41 to 54.42.

On the American Stock Exchange, the market value index was off .04 to 111.38.

Dowagiac Worker Injured

DOWAGIAC — A milling company worker was injured Wednesday morning when his leg was trapped in a grain auger at the Mennel Milling company plant on Spaulding street here.

Francis Proctor, 54, route 4, Sink road, Dowagiac, was reported in fairly good condition today at Pawating hospital, Niles.

Dowagiac firemen who were called to the scene said Proctor's right leg was "badly mangled" and it required some 20 minutes to free him. Dr. S.M. Zaman was called to the scene and accompanied Proctor to the hospital. Firemen said Proctor was shoveling grain when he was caught in the rotating auger.

Banker Indicted

PIGEON, Mich. (AP) — A former vice president of the Thumb National Bank and Trust Co. in Pigeon faces arraignment on a federal charge of misappropriating \$60,000.

J.E. Friedline of Pigeon, a former vice president and trust officer at the bank, was indicted Tuesday by a federal grand jury in Bay City. He is charged with asking a widow to loan him \$60,000 from her account.

NILES COMPANY

National-Standard Names 2 Officers

NILES — The board of directors of National-Standard company has elected R.J. VanSteele as secretary and general counsel, and Edward W. Beckman as assistant treasurer, according to N-S President George Hussey Jr.

eight foreign facilities, and reported sales volume of \$222 million in 1976.

R.J. VANSTEELE

EDWARD W. BECKMAN

Before joining the company in 1976, VanSteele was a member of the general counsel's staff at Federal-Mogul corporation, Southfield, Mich.

VanSteele received both his undergraduate degree and law degree from the University of Detroit. His memberships include the state Bar Association of Michigan and Indiana, and American Bar Association. Locally, he is a director of the Niles area Chamber of Commerce. From 1966 to 1972, VanSteele was a part-time instructor in law and labor relations courses at two universities.

Beckman joined National-Standard as an accountant in 1964 after nine years in a similar position at Studebaker Corp., South Bend. He was previously employed by Simplicity Pattern Co., Niles, and Standard Oil (Ind.), South Bend. In 1972 he became manager of insurance for National-Standard, a position he held until his recent promotion. Following military service during World War II, Beckman graduated from Valparaiso university in 1950.

National-Standard is a diversified manufacturer of wire products, other metal products and specialized machinery. The firm operates 22 domestic and

Extradition Hearing Demanded By Wolf

William H. Wolf, 18, demanded an extradition hearing when arraigned in Berrien District court yesterday on a fugitive warrant charging him with murder in the death of his mother three years ago in Texas.

Wolf is being sought by Texas

authorities in the stabbing death of Mrs. Bonnie Gustafson Wolf, 35. Her body was found in her home near El Paso April 15, 1974. She was a former St. Joseph resident.

Judge Ronald J. Taylor scheduled an extradition hearing for April 4. He said the hearing could be postponed if a governor's warrant from Texas is not received by then.

Wolf was returned to jail in lieu of \$50,000 bond.

Wolf is the adopted son of Mrs. Wolf. She was the daughter of Mr. and Mrs. Kenneth Gustafson, St. Joseph.

Wolf's address was listed as 238 Mt. Curve, St. Joseph. That is the residence of Mr. and Mrs. Gustafson.

Grand Jury May Probe Auto Giant

DETROIT (AP) — A federal grand jury reportedly will be convened in Detroit next month to participate in an investigation of possible criminal tax fraud by General Motors Corp., a Detroit radio station said today.

Station WJR, quoting unnamed sources, said top officials of the giant automaker likely would be subpoenaed when the grand jury begins its probe.

GM, the world's largest automaker, confirmed three weeks ago that it was under investigation by the Justice Department and Internal Revenue Service, however the company would not provide any details.

A GM spokesman today declined to comment on the WJR report, saying the company would stand on an earlier statement that "when the investigation is completed the government will conclude that General Motors has not done anything wrong."

The U.S. Attorney's office in Detroit also had no comment on the report.

It previously has been reported that federal officials suspect GM of intentionally understating its income and taxes over the past several years by writing off nearly \$500 million worth of parts and equipment that either did not exist or had been written off before.

WJR also said the Justice Department recently sent a strongly worded letter to GM's top management, warning them against obstruction of justice in connection with the probe.

Just a few days before word of the investigation surfaced, GM reported it earned a record \$2.9 billion in 1976. The company said it also paid a record \$2.57 billion in federal, foreign and other income taxes for the year.

Tax Rebate Proposal In Senate Now

WASHINGTON (AP) — The \$50-per-person rebate for most Americans and lower taxes for many, having been accepted by the House, have now gone to the Senate.

Likely to hit opposition there, however, is another provision of the administration tax package, this one affecting businesses.

The House designed a tax break for businesses that hire new workers this year and next but scrapped an optional 2 per cent increase in the investment tax credit.

Sen. Russell Long, the Louisiana Democrat who chairs the Finance Committee, has suggested restoring that option.

Trooper Is Bruised At Crash Site

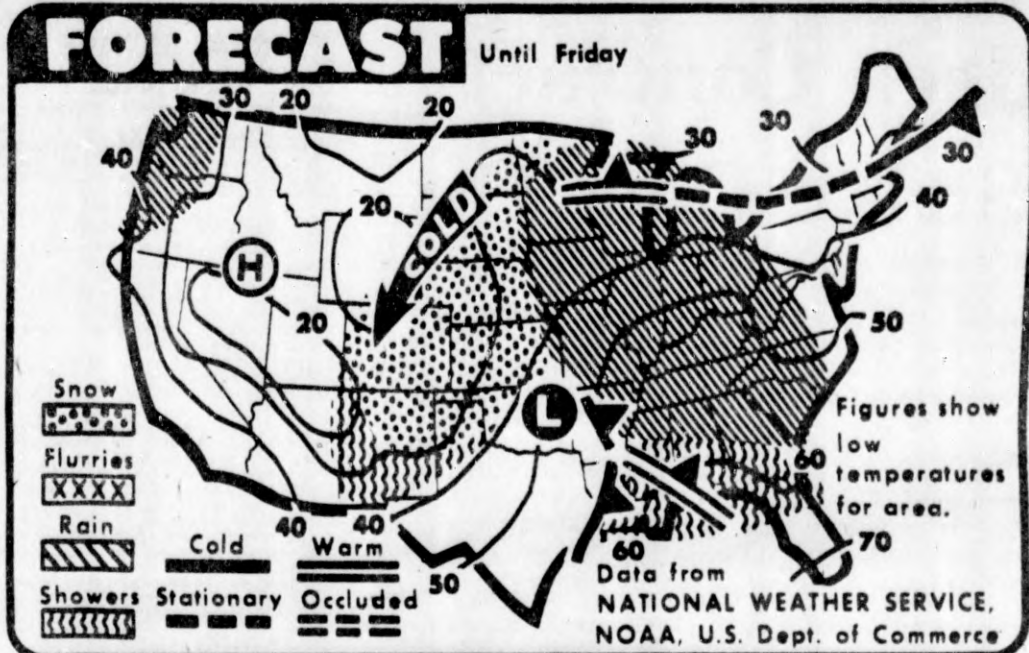

State Trooper Charles Longenberger sustained a bruised knee Wednesday when his police station wagon was struck by a car while Longenberger was investigating another accident. The police vehicle was halted and the trooper was seated in it.

Benton township police said the oscillating light on the station wagon was flashing when it was struck by an auto driven by Michael R. Wysong, 24, of Harrison, Mich., on I-96 near I-196 about 5:30 p.m. Township police said Wysong was ticketed for failure to stop in an assured clear distance.

The police station wagon was heavily damaged. Longenberger was not hospitalized at the time but told the Benton Harbor post he would be examined this morning. The property damage accident he was policing involved a car and pickup truck at the entrance to I-196.

In another accident, state police of the Benton Harbor post reported Sherry J. Smith, 16, of 917 Pearl street, St. Joseph, and Kim Fischer, 15, of 3544 Washington avenue, St. Joseph, were treated for bumps and bruises at Memorial hospital, St. Joseph, after a car they were in rolled over in the median on I-94.

Troopers said Miss Smith was ticketed for traveling too fast for conditions. The accident occurred south of Livingston road, Lake township.

TODAY'S WEATHER MAP: Rain is forecast Thursday for much of eastern and central portions of nation, ranging from Georgia north to Great Lakes region. Showers are predicted for Gulf Coast states as well as a portion of the Southwest. Rain is also expected for the Pacific Northwest states. Snow is expected for much of the Midwest. (AP Wirephoto Map)

PEANUT OIL FOR FUEL?

U.S. Naval Academy Organized Unveils Car Engine By DANK

By TOM STUCKEY

Associated Press Writer

ANNAPOLIS, Md. (AP) — The U.S. Naval Academy has developed an automobile engine that cuts fuel consumption, reduces pollution, makes cars lighter — and runs on peanut oil in an emergency.

It's "not just a laboratory gimmick," said Dr. Andrew Pouring at a news conference Wednesday at the academy. He said only minor design changes would be needed to convert the standard piston engine currently in use.

However, Naval Academy officials said it was up to the auto industry to decide whether the engine — called NAHBE for Naval Academy Heat Balanced Engine and pronounced "knobby" — can be successfully mass-produced.

Pouring said if Detroit does become interested, it will take

five to 10 years to get a new engine into production.

Pouring explained the new engine as "a fundamentally new means of combustion."

Only two modifications to a standard engine are required for conversion, the researchers say: A mushroom-shaped piece atop each piston and an auxiliary valve to the air intake system.

As explained by Pouring, doubling the piston chamber mixes air with the fuel, doubling the length of the combustion time and making combustion "more complete."

He said that a test of the engine — in a 10-year-old jeep rescued from the scrap heap at nearby Ft. Meade — turned in a 40 per cent reduction in fuel while idling and a 10 per cent saving at highway speeds.

In addition, he said, such engines can weigh less because peak pressures produced during the new type of combustion are only about half the levels reached by standard engines.

And Pouring said the engine burns almost any kind of fuel, including lower grades of gasoline than can be used in today's cars.

Pouring said the engine even ran on peanut oil during one test, leading researchers to consider naming it the "Jimmy" after the academy's best-known graduate, President Carter.

Jeep Contract Strike Goes On

By ASSOCIATED PRESS
American Motors Corp. officials say there are no immediate plans to reopen contract negotiations with a striking United Auto Workers local at the firm's Toledo Jeep plant.

"We negotiated a contract in good faith.... The whole matter rests in the union's hands," a company spokesman said Wednesday.

The 4,600-member UAW Local 12 rejected the proposed pact by a 130-vote margin on Monday. The old contract, which expired Jan. 31, had been extended on a day-to-day basis before the local struck Tuesday.

Union officials could not be reached for comment, but union members apparently were dissatisfied with the three-year wage package which provided for a 41-cent increase in the first year.

Meanwhile, UAW strikes at Chrysler Corp. and General Motors Corp. plants continued Wednesday.

And last-minute bargaining sessions between the UAW and officials at GM's Janesville, Wis. assembly plant reportedly were stalled by disagreements over grievance procedures, job assignments, department

transfers and safety regulations.

Some 6,500 members of UAW Local 95 have pledged to walk out at midnight Friday unless a settlement is reached.

Some 450 workers at the Chrysler's Chelsea, Mich., test facilities remained out over local issues. A Chrysler spokesman said talks were continuing at Chelsea, and also at Detroit's Lynch Road plant.

The Lynch Road facility, which faces a Monday morning strike deadline, manufactures Plymouth Furries and Dodge Monacos.

Bargaining sessions also continued in the strike at five Detroit Diesel Allison plants in the Indianapolis area. Some 8,200 workers were striking there over local issues.

IN BUCHANAN IS FAST BECOMING GRAND PRIX AND FIREBIRD HEADQUARTERS?

GRAND PRIX

FOR THOSE WHO WANT SOMETHING SPECIAL, SOMETHING OUT OF THE ORDINARY. YOU'LL FIND IT IN THE GRAND PRIX OR FIREBIRD AT KENNEDY MOTORS IN BUCHANAN WHERE YOU ALWAYS SAVE! SAVE! SAVE!

HI, I'M PATSY, OUR PRICES ARE SO LOW WE CAN'T PUT THEM IN THE PAPER. COME IN TODAY AND MY UNCLE WILL SHOW YOU JUST HOW MUCH YOU CAN SAVE.

ETHEL: Seeing a lot of Hugh

ANN-MARGARET: No to 'The Fan Club'

IN PUBLIC AND PRIVATELY Ethel Seeing Hugh More

Q: I know they say it's nothing serious, but I notice Ethel Kennedy and New York's Gov. Hugh Carey are still seen together in public. Have you any inside word? — P.B., Boston

A: What we have is this: Besides their public appearances together, Ethel and the Governor have also been seen each other more privately. They've attended several small, intimate parties recently at the home of Steve Smith, Ethel's brother-in-law. More than that, we don't know.

Q: Why doesn't Queen Elizabeth find a way to gag Prince Philip? He's always shooting his mouth off with those right-wing statements that must embarrass her and infuriate the leaders of England's Labor government. — T.S., Raleigh, N.C.

A: Her Highness and Prince Philip have an understanding in these matters. She will not censor him. A source close to the Royal Family says the Queen abhors the thought of her husband being imprisoned like a bird in a Royal cage. As for Labor politicians outraged by his recent anti-welfare state blasts — well, that's just too bad.

Q: I loved Christina Raines in "The Sentinel." Can you tell me something about her? — H.F., Boise, Idaho

A: Christina is a 23-year-old former model who is a top candidate for a buildup as the next big female star. She's been offered a number of important

obscenity. And recently, Judge Galbreath wired Flynn telling him not to lose heart and offered his services as the publisher's lawyer. Puzzled and buzzing are Galbreath's fellow attorneys, not to mention other members of the Tennessee Court of Appeals. Galbreath is a regular reader of "Hustler" who says he sees nothing wrong with the contents.

Q: Does former President Nixon stay in contact with any of his former associates in Washington? — P.C., Brooklyn

A: Nixon has very few friends in the capital anymore. However, Nixon phones the few he has quite frequently. Called most often, we hear, is a former speechwriter who is now a newspaper columnist.

Q: Whatever happened to the plans to make a film version of Irving Wallace's "The Fan Club"? Wasn't it a hot property at one time? — P.S., Lake Charles, La.

A: The book is too hot. Actresses like Valerie Perrine, Raquel Welch and Ann-Margret have rejected playing a sex star who is kidnapped and then tormented and raped.

Q: Are Ingrid Bergman and

director Ingmar Bergman related by any chance? — D.M., Los Angeles

A: No, they're not related. Bergman is a common name in Sweden, like Jones in the U.S. They have met casually but this summer they'll get to know each other much better. Ingmar has signed Ingrid to play Liv Ullmann's mother in his next movie.

Q: It baffles me that the lovely, gently-raised Princess Caroline of Monaco favors all those jet-set-type boy friends. What's this fast-paced life doing to her? — G.G., Dayton, Ohio

A: Caroline's life style is doing nothing for her looks, for one thing. The svelte, smiling

CHRISTINA: Candidate for stardom

teenager is giving way to an often morose, overweight young woman. But it's not all that easy being a princess, our friends who know about these things tell us. And let's hope Caroline will just grow out of it.

Robin Adams Sloan welcomes questions from readers. While Sloan cannot provide individual answers, questions of general interest will be used in the column. Write to Robin Adams Sloan, care of this newspaper.

PEOPLE

By Robin Adams Sloan

rules since her appearance in "Nashville" — the film in which she played Keith Carradine's girl friend. She and Keith, by the way, have been constant companions for two years.

Q: What's this about a judge who admires Larry Flynt, the publisher of the sex magazine "Hustler"? — J.M., Atlanta

A: That's Judge Charles Galbreath of Tennessee's Criminal Court of Appeals. Last fall he wrote an admiring note to Flynt, who was recently sent to jail for "pandering

North Dakota Program

Bartenders, Beauticians Offer Mental Health Aid

By GORDON HANSON
Associated Press Writer
FARGO, N.D. (AP) — Got a problem? Don't know where to turn? See a Fargo bartender or hairdresser. They may offer you more than booze and beauty and tell you where you can get help.

Some area bartenders and beauticians — daily recipients of woe and worry from troubled customers — are being groomed to help patrons find ways to deal with life's challenges.

Workshops for barkeeps and beauticians are being held because they "are in unique positions to promote mental health and prevent mental illness," says Lois Quam, publicity director for the Cass County Mental Health Association, a workshop cosponsor.

"Patrons have found that bartenders are willing listeners who don't make damning judgments when they hear of a person's problems," she says.

Seventy beauty college students recently completed a workshop, called "Shampoo, Set and Sympathy," to help guide women who don't know where to turn with their troubles.

"What we're trying to do is train them to be good listeners, and to recognize people in trouble and inform them as to where mental health resources are available" in such problem areas as family, job and alcoholism, says Mrs. Quam.

"This is for anybody with problems. Workshops consist in part of role playing so that participants might learn how to react to a client who, for example, suddenly cries because of a heavy burden, she says.

Mrs. Quam says workshops also stress that troubled people are usually reluctant to seek professional help because they feel it carries a stigma, but will readily confide in a bartender or beautician.

Dr. Will Wells, director of the alcohol program at the Southeast Mental Health and Retardation Center, a cosponsor of the workshops, says drinkers

with problems often unload on the bartender, giving the barkeep an opening to respond with helpful suggestions about professional help.

Sooner or later, most everyone wants to talk to the bartender, and familiarity with him breeds some degree of comfort, says Dr. Wells. "With comfort comes openness."

But whether a troubled drinker will respond to the bartender's advice isn't known, Wells says. "We encourage

bartenders to call us and tell if he's making a referral."

Bar owner Kenneth Habinger, 44, Casselton, is one of the workshop speakers.

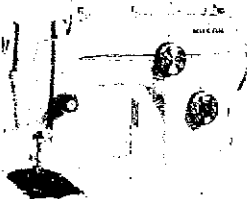

"I'm sure almost every bartender on occasion has had a chance to help somebody out when they have a tough situation to face," says Habinger. "The main thing to remember is that a bartender is not a psychiatrist. He should just try to refer customers to the proper people who will help them."

'Blues' Hearing In April

LANSING, Mich. (AP) — A public hearing here April 15 will air testimony on proposed state rules to trim the cost of Blue Cross-Blue Shield hospitalization coverage. The rules would direct the Blues and hospitals using the insurance plan to reduce the number of beds that remain empty. They also call for reductions in incorrect and false billing, and unnecessary surgery, laboratory and X-ray procedures.

IN DEMAND: Lou Gossett, normally a busy actor in Hollywood, says his appearance in TV special "Roots" has stepped up his schedule 1,000 per cent. Gossett can trace his roots back to late 1700s and finds that it has given him a new outlook on his own life. He's even picked up the Jr. on his name that he dropped many years ago. (AP Wirephoto)

ETHEL: Seeing a lot of Hugh

ANN-MARGARET: No to 'The Fan Club'

IN PUBLIC AND PRIVATELY Ethel Seeing Hugh More

Q: I know they say it's nothing serious, but I notice Ethel Kennedy and New York's Gov. Hugh Carey are still seen together in public. Have you any inside word? — P.B., Boston

A: What we have is this: Besides their public appearances together, Ethel and the Governor have also been seeing each other more privately. They've attended several small, intimate parties recently at the home of Steve Smith, Ethel's brother-in-law. More than that, we don't know.

Q: Why doesn't Queen Elizabeth find a way to gag Prince Philip? He's always shooting his mouth off with those right-wing statements that must embarrass her and infuriate the leaders of England's Labor government. — T.S., Raleigh, N.C.

A: Her Highness and Prince Philip have an understanding in these matters. She will not censor him. A source close to the Royal Family says the Queen abhors the thought of her husband being imprisoned like a bird in a Royal cage. As for Labor politicians outraged by his recent anti-welfare state blasts — well, that's just too bad.

Q: I loved Christina Raines in "The Sentinel." Can you tell me something about her? — H.F., Boise, Idaho

A: Christina is a 23-year-old former model who is a top candidate for a buildup as the next big female star. She's been offered a number of important

roles since her appearance in "Nashville" — the film in which she played Keith Carradine's girl friend. She and Keith, by the way, have been constant companions for two years.

PEOPLE By Robin Adams Sloan

Q: What's this about a judge who admires Larry Flynt, the publisher of the sex magazine "Hustler"? — J.M., Atlanta

A: That's Judge Charles Galbreath of Tennessee's Criminal Court of Appeals. Last fall he wrote an admiring note to Flynt, who was recently sentenced to jail for "pandering

obscenity." And recently, Judge Galbreath wired Flynt telling him not to lose heart and offered his services as the publisher's lawyer. Puzzled and buzzing are Galbreath's fellow attorneys, not to mention other members of the Tennessee Court of Appeals. Galbreath is a regular reader of "Hustler" who says he sees nothing wrong with the contents.

Q: Does former President Nixon stay in contact with any of his former associates in Washington? — F.C., Brooklyn

A: Nixon has very few friends in the capital anymore. However, Nixon phones the few he has quite frequently. Called most often, we hear, is a former speechwriter who is now a newspaper columnist.

Q: Whatever happened to the plans to make a film version of Irving Wallace's "The Fan Club"? Wasn't it a hot property at one time? — P.S., Lake Charles, La.

A: The book is too hot. Actresses like Valerie Perrine, Raquel Welch and Ann-Margret have rejected playing a sex star who is kidnapped and then tormented and raped.

Q: Are Ingrid Bergman and director Ingmar Bergman related by any chance? — D.M., Los Angeles

A: No, they're not related. Bergman is a common name in Sweden, like Jones in the U.S. They have met casually but this summer they'll get to know each other much better. Ingmar has signed Ingrid to play Liv Ullmann's mother in his next movie.

Q: It baffles me that the lovely, gently-raised Princess Caroline of Monaco favors all those jet-set-type boy friends. What's this fast-paced life doing to her? — G.G., Dayton, Ohio

A: Caroline's life style is doing nothing for her looks, for one thing. The svelte, smiling

CHRISTINA: Candidate for stardom

teenager is giving way to an often morose, overweight young woman. But it's not all that easy being a princess, our friends who know about these things tell us. And let's hope Caroline will just grow out of it.

Bartenders, Beauticians Offer Mental Health Aid

By GORDON HANSON
Associated Press Writer

FARGO, N.D. (AP) — Got a problem? Don't know where to turn? See a Fargo bartender or hairdresser. They may offer you more than booze and beauty and tell you where you can get help.

Some area bartenders and beauticians — daily recipients of woe and worry from troubled customers — are being groomed to help patrons find ways to deal with life's challenges.

Workshops for barkeeps and beauticians are being held because they "are in unique professions to promote mental health and prevent mental illness," says Lois Quam, publicity director for the Cass County Mental Health Association, a workshop cosponsor.

"Patrons have found that bartenders are willing listeners who don't make damning judgments when they hear of a person's problems," she says.

Seventy beauty college students recently completed a workshop, called "Shampoo, Set and Sympathy," to help guide women who don't know where to turn with their troubles.

"What we're trying to do is train them to be good listeners, and to recognize people in trouble and inform them as to where mental health resources are available" in such problem areas as family, job and alcoholism, says Mrs. Quam. "This is for anybody with problems."

Workshops consist in part of role playing so that participants might learn how to react to a client who, for example, suddenly cries because of a heavy burden, she says.

Mrs. Quam says workshops also stress that troubled people are usually reluctant to seek professional help because they feel it carries a stigma, but will readily confide in a bartender or beautician.

Dr. Will Wells, director of the alcohol program at the Southeast Mental Health and Retardation Center, a cosponsor of the workshops, says drinkers

with problems often unload on the bartender, giving the barkeep an opening to respond with helpful suggestions about professional help.

Sooner or later, most everyone wants to talk to the bartender, and familiarity with him breeds some degree of comfort, says Dr. Wells. "With comfort comes openness."

But whether a troubled drinker will respond to the bartender's advice isn't known, Wells says. "We encourage

bartenders to call us and tell if he's making a referral."

Bar owner Kenneth Habinger, 44, Casselton, is one of the workshop speakers.

"I'm sure almost every bartender on occasion has had a chance to help somebody out when they have a tough situation to face," says Habinger. "The main thing to remember is that a bartender is not a psychiatrist. He should just try to refer customers to the proper people who will help them."

'Blues' Hearing In April

LANSING, Mich. (AP) — A public hearing here April 18 will air testimony on proposed state rules to trim the cost of Blue Cross-Blue Shield hospitalization coverage. The rules would direct the Blues and hospitals using the insurance plan to reduce the number of beds that remain empty. They also call for reductions in incorrect and false billing, and unnecessary surgery, laboratory and X-ray procedures.

IN DEMAND: Lou Gossett, normally a busy actor in Hollywood, says his appearance in TV special "Roots" has stepped up his schedule 1,000 per cent. Gossett can trace his roots back to late 1700s and finds that it has given him a new outlook on his own life. He's even picked up the Jr. on his name that he dropped many years ago. (AP Wirephoto)
